

## WORK ON WALL IS FINISHED.

Aldermen and Parks Board Will Make Inspection.

Dr. Roberts Doubts if East End Grocer Has Smallpox.

Labor People Refuse to Talk About the Inspection.

The contract for the work at the re-ventilation wall on the Bay front improvement is now completed and the public are invited to see this substantial engineering work. The James street cars go right to the foot of Catharine street, or it is a nice walk from the centre of the city. At an early date the Government engineer will visit the city and the aldermen and Parks Board will be invited to inspect the work that has been done in the course of construction the past twenty months. Already some prominent engineers from the United States who have examined the steel and cement structure, pronounce it the best work of this particular kind on the continent of America.

The deputation from the Trades and Labor Council which inspected the filtering basins yesterday, refused to-day to express any opinion until their report was made to the Council at its meeting, one week from next Friday night. William Henry, Walter Holow and N. W. Thompson comprised the deputation. The morning was spent looking the ground over and in the afternoon both the north and south basins were raked. The members say they were afforded every opportunity for making a thorough inspection.

The Board of Works has decided to fix up King William street, between Wellington and Victoria avenue at a cost of about \$200. This block has been in very bad shape for a long time and the stone used will be taken from the city jail yard.

The Board of City Hospital Governors will meet on Tuesday afternoon.

E. S. Dewey was granted a permit this morning for a brick house on Lotridge street, north of Barton, to cost \$1,500.

An east end grocer who, Dr. Roberts, the Medical Health Officer believes, is suffering from chickenpox, had a narrow escape last night from being hustled off to the smallpox hospital in the west end. The Health Department was notified last night that the man had smallpox. Two physicians had seen him and pronounced him a victim of the disease. Dr. Roberts made arrangements to have the patient conveyed to the isolation hospital, but first decided to make an examination himself. He is not at all satisfied that the man is a victim of the disease, and refused to send him. In the meantime all necessary precautionary measures have been taken.

Building permits were issued to-day to Robert Dyer for a frame house on Chatham street, between Locke and Garth, to cost \$1,400, and to S. Howard for alterations to store, 77 York street, for Spicuzza & Sanzone, to cost \$700.

The County Judge has fixed Monday, Dec. 9, as the day for hearing appeals against the decisions of the Court of Revision. The session will be held in the City Council chamber.

The health report for the week shows three cases of chickenpox, four of diphtheria, two of scarlet fever and one each of mumps and typhoid fever.

Ald. Gardner is acting Mayor to-day.

## YOUNG AND FOOLISH

"Kidlets" of 70 Air Their Trouble in Police Court.

Albert E. Davis, of Stoney Creek, was in the Police Court this morning charged with being disorderly and using indecent language to Mrs. Sarah Hartwell. Through S. D. Bigger he pleaded not guilty. The offence, according to the complaint, consisted of the defendant making an improper proposal to her on the street on Wednesday afternoon. The defendant denied this, and said that he did not remember much about Wednesday afternoon, as he was rather under the influence of drink. The Magistrate fined him \$5 and costs.

Thomas Crate, seventy years of age, was charged by his wife, who is not far behind him in age, with assaulting her. Crate said he had struck his wife accidentally while she was trying to make him get out of bed in the morning. The Magistrate said that as they were "young and foolish" he would allow it to pass this time, but told them not to do it any more.

Two weeks in jail was handed down to Milner for stealing the half dozen lock from the Brooks Sanford Co., on Thursday.

Ed. J. Kelly asked to be sent down to recuperate, and was obliged with ten days.

## VISITED DETROIT.

Westinghouse Salesmen Enjoy a Pleasant Outing.

Detroit, Mich., Nov. 23.—Sixteen fine looking young men, salesmen for the Canadian Westinghouse Company, visited Detroit yesterday, as a part of their annual outing, in which business and pleasure were combined. They represented all parts of Canada, and had been meeting at headquarters at Hamilton. After several days spent in convention, they came on to Windsor, and took a trip over the Windsor, Essex & Lake Shore Electric line, the first single-phase system built in Canada, constructed by the Westinghouse Company, and said to be the finest piece of construction in the Dominion. The same company built the Windsor Electric line, the first to be built in Canada. The visitors then crossed over to Detroit, and put up at the Pontchartrain. After a trip around Detroit they left for Hamilton last night.

"Why do you say that May is a heroine?" "Don't you know? She's just dying for a man."—Detroit Free Press.

## TO PROMOTE LAW AND ORDER.

"SOCIAL QUESTION UNION" WAS ORGANIZED LAST EVENING.

No Names Will Be Given Out Except That of Chairman of Advisory Committee, Detective Huckle.

The organization of another society to further the objects of the Citizen's League and promote law and order in Hamilton, has been completed, but those connected with it refuse to give out names. Officers were elected last night. The organization will be known as the Social Question Union. Its objects, as given out, are to obtain evidence and information regarding houses of ill-fame, the ownership of property used for immoral purposes; the illegal sale of liquor in such houses; the failure of the police to do their duty in regard to all such places; also the obtaining of information regarding gambling and the use of hotels as rendezvous of objectionable character. Especial attention will be paid to the pool rooms.

The identity of the members of the organization will not be disclosed. Each member will have certain work for which he is especially fitted, assigned to him and all will be done for or by the Union will be voluntary.

While being distinct in every way from the Citizens' League and working independently and upon lines of its own, there will be the kindest relation between the two organizations and in all practical the information obtained by the Union will be given to the Citizens' League for its use.

The present plan is for the Union to obtain the information and leave it to the League to make use of it.

An advisory committee has been formed for the Union, with Detective Huckle as chairman. No other names will be disclosed, and any person desiring to communicate any information to the Union can direct the same to Detective Huckle, 475 King street east.

## SHEFFIELD CASE LIKE SUICIDE.

TRAMP CUT HIS THROAT, BUT DID NOT DIE.

Is Now in Berlin Hospital—Daring Attempt at Robbery at Cainsville—Robbers Frightened Away.

On Wednesday last a tramp was seen crossing a swamp near Sheffield. On Thursday morning people who were around a barn used by Mr. Henry Griffin, noticed a tall man muffled up in a long, dark overcoat, emerge from the building and move quietly away as if anxious to escape observation. The incident was suspicious, and directly the man was out of sight an examination was made. Inside the barn a razor, a pool of blood, and several blood-stained footmarks were found. The tracks led from the building to a creek a short distance away. Here there were also blood marks. A necktie cut in two and covered with blood was lying near and the ground was spotted.

Soon afterwards Henry Witham, a boy residing at Sheffield, while driving to work, overtook a young man who had the appearance of a tramp, and who was hobnobbing along supporting himself with a broomstick. The stranger had several bruises in the village and begged at several houses. Witham gave the man a lift in his wagon and listened to a hard-luck story, in which the man said he was anxious to reach some place where he could get money. He then offered the boy a new silver watch for seventy-five cents. The offer was promptly accepted. On arrival at Galt, the stranger boarded a car for Berlin.

On Wednesday afternoon Dr. Fischer the neighbors concluded that the mysterious stranger was either a fugitive from justice, or had been shot or stabbed in a brawl. Chief Twiss of Dundas, was notified, and took possession of the razor and necktie. The man stated that his home was in Berlin, but that he had not been in the place for twelve years. Chief Twiss opened communication with Berlin, and from that town an explanation of the affair was obtained.

On Wednesday afternoon Dr. Fischer was called to attend a man named Galt, who had arrived that morning from Galt. He had a handkerchief round his neck, which, he said, was sore. The medical man on examination found that the neck had been cut with a razor or other instrument entirely through the skin and just above the windpipe. He had the man taken to the hospital, and he and Dr. Webb sewed up the gap. The wounded man did not say much about the affair, but from appearances the conclusion was drawn that it was a case of attempted suicide.

In the barn at Sheffield a large pile of hay was found, saturated with blood. The man must have lost a great amount, accounting for his weak condition.

## CASE AT CAINSVILLE.

On Friday morning a well-known horse owner residing near Cainsville was aroused about 3 o'clock by noises in his barn. Getting up and going to the barn, he discovered three men piling up every available piece of horse paraphernalia, including whips, blankets, harness, robes and whips, preparatory to making a big haul of the stuff. The men, on finding the owner present at the ceremony, handled him roughly. He was put down and out by a vigorous kick in the stomach, and the marauders beat a hasty retreat. Absolutely no identity of the men could be established. Most of the stuff was recovered, however. One of the marauders was a tall, clean-shaven fellow, wearing a tweed suit and soft felt hat. The others were short in stature. County Constable Fred. Kerr has been given the case to work on.

## FACTORY BURNED.

Cayuga, Ont., Nov. 23.—At Kohler about 2 o'clock this morning the cheese and butter factory and contents were burned. Nothing was saved. The factory is owned by A. E. Brennan, of Brandon, Manitoba. The cause of the fire is unknown. The factory has been making butter. Loss about \$1,500; partly insured.

## For Sunday Breakfast.

Persons who are fond of mackerel can get from us delicious fat mackerel, tender, juicy ones, much better than they are in the habit of getting. Also strip codfish, the white, tender, fine flavored kind. It comes to us in fifty-pound boxes. We'll send it to you in any quantity.—Bain & Adams, 89, 91 King street east.

MONDAY, NOV. 25th, 1907

## OBITUARY.

Death of Mr. A. T. Filgiano This Morning.

There passed away at an early hour this morning, at his late residence, A. T. Filgiano, the eldest son of the late Dr. Filgiano. Deceased was 58 years of age. The funeral will take place on Tuesday morning, from his late residence, 43 Wellington street south, to St. Patrick's Church, thence to Holy Sepulchre Cemetery.

The remains of Andrew F. Barton arrived at the G. T. R. Station at 1.30 this afternoon, and the funeral took place from there. Rev. Mr. Fennell conducted the services.

The funeral of Wilfrid Frank, infant son of Mr. and Mrs. Walter Potter, took place yesterday afternoon, and was largely attended. Rev. Mr. Ely conducted the services and the pall-bearers were Charlie and Willie Hoth, George Day and George Brewster. There were many beautiful floral tributes.

The funeral of Mrs. Catherine Shea took place from her late residence, 430 John street north, this morning to St. Lawrence Church. Rev. Mr. Brady said mass and officiated at the grave.

Word was received here this morning of the death of Mrs. Booth, mother of William Booth, of the Spectator staff, at an early hour on Friday morning, at her late residence in Thorold. Mrs. Booth had been a patient sufferer for many months, and death came as a happy release. The funeral will take place on Monday afternoon, in Thorold.

Mona Mines, the eldest daughter of Mr. Samuel Mines, of the Mountain Brow, passed away at midnight, after several months' illness. She was 19 years of age. She formerly resided on Ferguson avenue north. The funeral will take place on Monday afternoon at 2.30, and interment will be in Hamilton Cemetery.

## ADDRESS TO CZAR.

The Douma Expresses its Feelings of Gratitude to Him.

St. Petersburg, Nov. 23.—The text of the address of the Lower House of Parliament to Emperor Nicholas is as follows:

"Most Gracious Sir:—Your Imperial Majesty has deigned to greet the members of the third Douma and to invoke the Almighty's blessing on the legislative work before us. We, therefore, take the liberty to express personally to your Imperial Majesty our feelings of gratitude to the supreme head of Russia, and our thanks for the right of popular representation granted to Russia and secured by the fundamental laws of the Empire. Have confidence in us, sire. We wish to devote all our ability, knowledge and experience to strengthening the reforms of government, which is given new life by the imperial will in the manifesto of October 30, 1905; to pacify the fatherland, to assure respect for the laws, to develop popular education, to promote the general welfare, to be a buttress for the greatness and power of indivisible Russia, and to thereby justify the confidence reposed in us by his Majesty and the fatherland."

## Colliers as Scouts.

This year's army manoeuvres in Italy are signalled by the introduction of the dog as an element in tactics. A small group of scouting and messenger dogs are attached by way of experiment to the first army corps, and if the results are deemed sufficiently good, dogs are likely to be largely used by the Intelligence Department. It is worth noting, too, that the dogs selected as pioneers in this work are Scottish collies.

## Our Exchanges

What George Says. (Toronto News.)

Mr. George Lynch-Staunton says that law-ymers make money out of nothing. Why? Can't they get used to speaking the truth?

Needs Clubbing. (Guelph Herald.)

Seeing that Hamilton has always claimed to have originated the mountain, probably it has the notion that it started the Canadian (Club) idea.

## Toronto Open Cars.

Meanwhile, late as the season is, according to Mr. Fleming's announcement, the open cars will remain in the city in the winter. Unfortunately people cannot well avoid riding in them, however reluctant they may be to do so, for quite often they have no choice in the matter.

## The York Loan.

The York Loan case will go to the Privy Council. This has been the result of the decision of the Exchequer Chamber in the case of the York Loan Association v. the City of York.

## Barker Malicious Ross.

Mr. Barker, M. P., speaking in Hamilton of the West Elgin disclosures, said: "Bole went to the West Indies in the interest of the Hon. G. W. Ross' insurance company."

Mr. Barker by stating a half-truth, sought to cast a slur on Hon. G. W. Ross. He must have known, because the fact has been repeated, that Bole was at the time in failing health, and has since died, went to the West Indies, and was the president of the Manufacturers' Life Association, and before Mr. Ross had any connection therewith.

Mr. Barker said on all responsible, because Mr. Bole, who was only a local agent, received his appointment from Mr. Young, the general agent for the company in the West Indies, without the knowledge of the head office.

Mr. Barker said the fact is that Bole is not to be complimented on the manner in which he distorted them for the purpose of having a dig at a political opponent.

## Money Tied Up.

Money is as difficult to obtain as ever, and consequently it is called very scarce. Complaints are made that the money is tied up.

The growth comes chiefly from speculators, who, however, are not confined to the stock and grain exchanges, but include those people whose business has been greatly extended by their own means, but by large borrowings. The question is often heard: "Where has become of the money?" Well, the fact is that there is more money in the country, and more in circulation than at any previous time in Canadian history. But it must be remembered that while the Government treasury and the banks have more money, the people have less. The money is tied up in the hands of speculators, who are not allowed to circulate it.

London—Despite much that is being said in other places about trade depression there is no lack of business in London. The business is active and the shipping trade with the Orient continues to show steady increase.

Quebec—Trade conditions are fairly satisfactory. The demand for groceries and provisions keeps up.

Hamilton—General business continues to hold a satisfactory tone. Wholesalers report that good orders are coming in and the outlook for the holiday trade continues bright.
