

WHAT IS GOING ON TO-DAY IN THE WORLD OF SPORT.

Gossip and Comment

This has been a good year for pugilism, wrestling and foot racing. Over \$30,000,000 have been offered in prizes in various parts of the world.

Have you joined the Federation yet?

If Edward Payson Weston succeeds in reaching California on foot he will have demonstrated one thing at least, and that is that some old gentlemen have stranger notions than others.

From the Toronto Telegram: All this talk about a union between the Federation and the C. A. A. U. is pure nonsense. How can two amateur bodies unite who have different ideas on what constitutes an amateur? That is the difference between the bodies. If it had not arisen there would have been no Federation. If it has faded away said Federation can just fold its tent and steal away into the bushes.

But the Federation is said to be simply another name for the M. A. A. A., and as long as the latter continues to run a professional lacrosse team it cannot conform to C. A. A. U. principles. At the present writing there is every evidence that the M. A. A. A. will continue to run its lacrosse team. That being the case, the Federation will retain its identity—and that's all it ever did have—for at least another season.

The following baseball expert, prepared by a New York expert, may be of help to Brantford and Hamilton scribers:

LESSON I.

In estimating the crowd at a ball game, the following figures are to be taken:

500—A loyal few, undismayed by the unpropitious weather.

1,200—Only the regulars were on hand.

2,000—A good crowd.

5,000—A big crowd of cheering fans.

10,000—An immense crowd, filling the grandstand and bleachers.

20,000—All New York.

31,852—The whole world seemed to be there.

Never mention the sun by any other name than "Old Sol," rain is always "Pluvius." It is not only most humorous, but it lends an air of cultivation and acquaintance with the classics to one's story.

New York Sun: A resident of Sydney, Australia, who has just arrived in town, and who saw the Burns-Johnson fight, says the smart sportsman who worked a neat trick before the mill by which they cleaned up a lot of sure money. They engaged a big negro who looked something like Johnson to go about Sydney at night drinking and carousing in leading saloons until the report became known that Burns had been defeated on condition to fight. In this way they made the odds on Burns go up until they were ready to plunk down their coin on the black fighter, who they knew was in splendid condition.

This Australian also says that an effort to fix Johnson for \$3,000, was well known, and that Burns was aware of the fact that the negro intended to fight on the level, worried himself into such a nervous condition that he was bordering on collapse when he entered the ring. In Australia Johnson is regarded as a world beater, an opinion that is not generally held by sporting men in this country.

It is beginning to dawn upon the minds of sporting men that Frank Gotch is the physical wonder of the age, says a writer in the St. Paul Dispatch. The country has been dazzled by Gotch's unexpected snap against Yussif Mahmood, the Turk, and has overlooked the fact that this match proves the Iowa farmer to be the greatest man who ever stepped upon a mat. There is no man left anywhere near in his class. Gotch is greater than anybody he ever was. Wise cool-headed critics thought Yussif might throw Gotch. Yussif is no dud. He had beaten the best men in America, and came undefeated up to the great champion. And Gotch surprised everybody by winning in a few minutes. Simply because he is a better man than anybody guessed. Gotch has improved tremendously. He is better than he was when he wrestled the Russian Lion. Right now he is at the top of his form and power.

And there is no man living who can give him a hard bout. So he will have to go back to the farm, being that he has never been a popular hero. But he is the best type of American and a credit to his country. His like is not apt to be seen in many years.

Gotch and Hahmout drew \$38,000. Think of that! But Nelson must turn green with envy when he reads these returns. No other wrestling match in history ever drew such a house as that.

During the season the Times will be glad to receive the scores of amateur games. Send in promptly and accurately.

WHITEWASH FOR RYAN

Rev. Father Stanton Makes Explanation. Officials For Canadian Marathon Derby.

Yesterday's Games in the Big Leagues.

Ottawa, April 28.—It is stated on good authority that there is a move on foot to have Jack Ryan, the famous football player, reinstated again by the Canadian Amateur Athletic Union. Ryan lost his good standing with the Canadian Amateur Athletic Union, the Interprovincial Football Union and the Canadian Amateur Athletic Union through going to Cobalt this winter and playing with and against professional hockeyists in the Temiskaming Hockey League.

Ryan is prepared to swear that he did not receive any money for his services as a hockeyist while at Cobalt. He was steadily employed in a mining office there, drawing his cheque for working, not for playing hockey. Within the past few days one or two of Ryan's friends have taken over the office of the Ottawa Football Club say that they are not working in the matter, but that something is being done in a positive fact.

It is hinted that the Canadian Amateur Athletic Union will be asked to give the athlete another coat of whitemash, and that the paddlers will insist on Ryan being accepted, together with the others, when affiliation with the governing body is consummated.

WESTON REACHES ST. LOUIS. St. Louis, April 29.—Edward Payson Weston, with 1,561 miles of his New York to San Francisco walk behind him, strode into the Missouri Athletic Club yesterday, nine hours after he had left Alton, Ill., about 30 miles distant.

DERBY OFFICIALS. Toronto, April 29.—The list of officials for the Canadian Marathon Derby has been drawn up and published. The country's greatest race next Saturday at Hanlan's Point are as follows:

Referee—Alfred Shrubbs. Starter—Thomas Fitzgerald. Tim O'Rourke, Walter G. Little (Montreal). Timers—Jas. D. Bailey, Lou Scholes, Joseph Doane, and Al. Proctor. Examining Doctor—Dr. M. M. Crawford.

Scorers—E. W. Summerhayes, Alex. Fraser, Elwood A. Hughes, W. C. R. Harris, Wm. Long, Herb. Dale, Ernest Bonnick, Clarence Payne, J. B. Hay, Ernest Cook, Wm. Stee, D. W. Heaslip, Wm. S. Walker, Andrews, J. B. Fleisher, and Bert Darlington.

The runners will put in their finishing touches to-day before starting in the big race, and all of them are arriving in the city. D. Ed Bennett, the veteran, is expected to-day from Cleveland, and Fred Simpson, second word yesterday that he would arrive to-night. Forbes and Graham, the two Montreal men, will start from the city to-day evening, and are expected to-morrow morning. Peter John, the Indian dark horse, came over from California last night, and Tom Coley is also in Toronto. The latter did his training near Merriton, and his manager prophesies that he will spring a surprise on those who fear he is not the speedy man he is used to be.

The race will start at 3, rain or shine.

FOUR BOBBY KERR MEET. It is likely that the University of Ottawa will send a track team to the Bobby Kerr benefit track meet at Hamilton on May 15. The collegians have the Olympic champion's promise to appear at Ottawa on Victoria Day, and will likely reciprocate by sending Nick Bawly, Charlie Kinsella and Mike Smith. All three are sprinters, and have been showing fine form in their spring workouts. With a trio of this kind competing in the open sprints against such men as Dent, Woodstock, Hitchin, Kyle, of Toronto, White and the rest of the Hamilton sprinters, these events should prove unusually interesting, especially as Bobby Kerr will not be a competitor in the open events.

Arthur Holden, of Beamsville, has entered the five mile event, while a couple of good men are expected from St. George. Eddie Cotter, the old Burlington runner, now with the Toronto West End Y. M. C. A., is another entry in the five mile run.

Building permits issued so far this month at Toronto total about \$2,000,000.

The West Toronto High School will have to be enlarged.

ROUGH RIDERS

Will Organize at Once For the Rugby Season.

The Ottawa Rough Riders intend making a desperate effort to land the Rugby championship next fall, and the annual meeting of the club will be held four months earlier than usual—it will be held to-morrow night. The following is from the Ottawa Free Press:

While it is a long range guess, Ottawa should be the one best bet for the "Big Four" championship this season. At the present writing the following of last year's men will be missing—Jack Ryan, declared ineligible for playing hockey in the Temiskaming League; Hal Kennedy ineligible, played hockey in Temiskaming League, Bay Amherst, fruit farming in British Columbia.

The reinforcements, however, will more than offset the absentees. It is expected Horace Merrill will come out and if he does will play one of the middle wings. Reg. Gaisford looks likely for an outside wing. He has football brains and when he played against Tigers in Hamilton when Jack Ryan was barred out of the game, acquitted himself well. Frank McGee is slated for quarter. Some one remarked McGee was ineligible on account of playing hockey, but that impression is erroneous, as he was not only never suspended but did not play after professional hockey came into vogue. The following men will in all likelihood be available this year:

Backs—Williams, Murray, Kennedy, McCann, Powell.

Quarter—McGee.

Wings—Kilt, Church, Stronach, Gaisford, Vaughan, Disney and Merrill.

Scrummages—George Kennedy, Phillips, Ferguson and Sheriff.

MAPLE LEAFS WON.

Baltimore Beaten Yesterday by Score of 4 to 3.

At Baltimore—Toronto finished the Baltimore series yesterday with two games to its credit after Baltimore had made as many hits, but could not produce them all times when they were needed. The close score of 4 to 3 became a Toronto victory because Stanley, who started to twirl for the Birds, had a line of goods just to the liking of Toronto, and they jumped on him at once. Before the smoke of battle had cleared away the batting order had been nearly expended and two runs had been scored. Dessau then went into the game to help his comrades recover lost ground, but he was not much of an improvement on Stanley, and two more runs were tallied. Score:

R: H: E.
Baltimore 3 9 2
Toronto 4 8 1

Batteries—Dessau, Stanley and Ryers; McGinley and Mitchell.

At Jersey City—Jersey City 2, 7, 1; Buffalo 6, 8, 1.

New York, April 29.—Announcement was made here yesterday that it will be possible hereafter for baseball enthusiasts en route between New York and Chicago on the Twentieth Century Limited, Lake Shore Limited and Wolverine trains of the New York Central lines to keep in close touch with the results of the games of the American and National Leagues. Beginning at once, baseball bulletins will be posted in the buffet, smoking and library cars.

Winsted, Conn., April 29.—The balloon North Adams, which ascended from North Adams at 2:27 a. m., passed over this place at 6:20 a. m., moving in a from the highlands around Winsted at 7:35, at that time being southerly direction. It was visible at Platt Hills, and then moving in a southeasterly direction toward Canton and Hartford.

The Bonar Seaver Club would be pleased to hear of any football club wishing to play a game on May 24, any time in the afternoon. Also from the Davenport baseball club for same date. Address the Secretary, 289 Westmoreland avenue, Toronto.

It may be necessary before another baseball season has started to enact a law making it compulsory for umpires to expel from the field players "caught" using profane language in their conversations with each other. It is natural for athletes in the heat of battle to engage in warm arguments with each other and to "kid" back and forth. This is part of the game. The umpire hears the "repartee" and sometimes laughs at a particularly witty retort. Moreover, the dialogue sometimes is amusing to "fans" who happen to be near enough to the playing field to hear it. But when two evenly matched clubs meet, clubs which are fighting for the same position in the race of clubs between which a bitter rivalry exists, there is a tendency on the part of the opposing players to employ profane appellations in their conversations back and forth, and often these conversations are not carried on in whispers. The objectionable words are most often heard between innings, when a player or several players on one side walk past the bench occupied by the members of the opposing team. It is general throughout the baseball world, and the sooner it is stopped the better for the game. If it were possible to make the players talk in whispers, little harm would be done, except to themselves. But it is not, and as long as profanity is allowed, so long will it reach and offend the public ear. The umpire usually punishes by expulsion a player applying to him a vile epithet. Why not instruct him to inflict the same punishment on a player insulting his fellows on the field?

On a first starts for second, but is headed off by the catcher's throw and is finally run down between the bases, several players having handled the ball, seem to be manfully getting the play out. In the tabulated score should each man that handled the ball be credited with an assist or would the catcher be given the assist and second baseman the put out?

The second baseman should be given the out and every other player who handled the ball in the play an assist.

From the Scrap Heap

New York, April 30.—Promoter Goffroth, it is understood, has arranged a 45-round battle between Jim Driscoll and Abe Attell for the featherweight championship of the world, to be decided at Colma on Thanksgiving Day. It is said the men will fight for 50 per cent of the gate receipts, which may reach the \$10,000 mark.

Langford will sail for England in a few days with a big reputation. When he arrives on the other side he will be hailed as the man who made Johnson and Kaufman sidestep him. He will show for a while in the music halls, and will then train for about two weeks for his twenty-round mill with Ian Hague, the new English heavyweight champion, scheduled for May 24, before the National Sporting Club of London.

Chicago, Ill., April 28.—Frenzied activity was the order among gentry of the pugilistic persuasion yesterday, when word was flashed from Springfield that the House committee of the Legislature had reported the Walsh boxing bill favorably and recommended that it pass. In case it does, the mill game will once more hold sway in this city.

New York, April 29.—Sam Langford, the heavyweight fighter, sails to-day on the Deutschland for London, where he will fight Ian Hague for the heavyweight championship of England. On the same steamer goes Jimmy Walsh, the local man put the Canadian down in 42½ minutes, using a double-back halst and face lock, and again in 21½ minutes, with a half-nelson and face lock.

Conkle was outweighed ten pounds, but he gave Gehring a terrific battle. The match was pulled off before a good crowd in Gray's Armory. It was for the middleweight title. W. E. Kelly, formerly of Buffalo, was referee.

The Child Millionaire.
Mme. Melba, at a dinner in New York, told a story of a little millionaire.

"He stopped at a New York hotel with his tutor and governess," she said, "and one night the two guardians went to the opera, leaving him alone in his apartment with his toys.

"About 9 o'clock his bell rang furiously. He didn't understand it the telephone, and one of the assistant managers hurried to his suite and knocked.

"Did you ring, sir?" he asked.

"Yes," said the little fellow. "Please send some one to hear me say my prayers."

FOR THE AMATEURS.

You may be good at stooping. You may be good at scooping. You may be good at spearing them when they are going out. And without the slightest trouble you may mix up in a double. But it gets you very little if you're not there with the clout.

We can overlook an error in the man who is a terror to the opposing pitcher when it comes to the tie score.

No matter what you hand 'em, Come they singly or in tandem, As long as you can equal them and get no more.

You may reach out and take it. With the gloved hand or the naked. You may mix 'em on the sign board when a rail is coming through. You may nail the man who laces. The swat! you fill the bases, But it isn't what you do to them, but what they do to you.

You may shine on the defensive. But the "shine" on the offensive is the bloke that sets the figures in the place they don't belong.

You may be full of pepper. You may be a high stepper, But you have to smite that pellet if you'd please the throng.

A meeting of the Church Baseball League will be held in F. H. Skerrett's store, King street east, to-morrow evening at 7:30. A full attendance is requested, as several applications are being presented for consideration.—Chas. E. De Cue, secretary.

CONKLE BEATEN.

Henry Gehring, a 165-Pounder, Won Last Night's Bout.

Cleveland, O., April 29.—By defeating Charles Conkle, Canadian, in two straight falls here last night, Henry Gehring, of this city, became undisputed champion of the world in the middleweight class. The local man put the Canadian down in 42½ minutes, using a double-back halst and face lock, and again in 21½ minutes, with a half-nelson and face lock.

Conkle was outweighed ten pounds, but he gave Gehring a terrific battle. The match was pulled off before a good crowd in Gray's Armory. It was for the middleweight title. W. E. Kelly, formerly of Buffalo, was referee.

Third of Fighting Sullivans Changes (Twin) to (Triplet)

Dan (Triplet) Sullivan.

Boston Exchange.—For years every one able to distinguish a fighting glove from a pillow has known of the Twin Sullivans, Jack and Mike, who have met the best in the light, middle and heavyweight divisions.

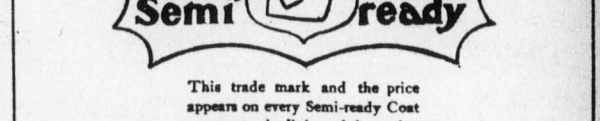

Now the famed name of (Twin) must disappear to give way to (Triplet), for there's another Sullivan in the field. Dan, a younger brother, is about to seek fame, glory and cash by following the footsteps of his brothers.

Dan (Triplet) Sullivan has been a success as an amateur. He won the 125-pound national championship at the Boston Athletic Club, and has de-

GOOD JUMPERS FOR WOODBINE MEETING.

Toronto, April 29.—Many of the lepers are now at the track, while others will come at the close of Pimlico. The Garth string will include several first-class jumpers, while Fred Fox will bring the old reliable Manzano from Windsor next week. Trainer Flippen will bring a string of steeplechasers from Baltimore to the end of next week. The horses owned by Charles J. Murray, of Cayuga, will arrive the end of the week. In this lot there is J. G. C. Calorahatchie and three green jumpers. This spring has been wintered at Cayuga, and looks to be fit and ready. Murray will enter J. G. C. in the Street Railway Steeplechase.

After an absence of two years from Toronto, William (Red) Walker will race here this spring. His horses are now at the track and look well after their hard campaign at the coast. The lot will do them a lot of good. The following are the horses in the Walker string: Gemmel, Centre Shot, Stanley Fay, Steel, Belvedere, Oregon, Osirine, Alex, Henry O., Wurzburg, Duke of Orleans, Earl Rogers, Varieties.

The two-year-old, Coming Forward, owned by G. W. Cook, of Montreal, was breezed a half mile yesterday morning in 34 seconds. This colt is a half-brother to Advance Guard, being by the Comsumer, out of Nellie Van, is owned by Arthur Brunner, of London, and trained by Tim Gleason, was sent a mile at a two minute clip yesterday.

Redmore was given a light gallop yesterday morning in preparation for a work-out to-day. This horse is greatly improved in the past couple of weeks.

Many of the jumpers were schooled through the field on the Kingston road. Willie Wilson had Exeise, Pagan Bay and Expansionist out. John Gray had the two horses owned by Allan Case, Steve Lane and Marksmen, over the jumpus. This pair look fit and ready.

The 2-year-old Star Wave, owned by the Doane Bros, was breezed three-

eighties yesterday afternoon. This is one of the best-looking 2-year-olds at the track. He is by Star Shoot out of the good mare Cold Wave. He was brought to Canada with the lot purchased last fall by the Doanes, but held out by them in the sales.

KING'S HORSE WON.
Newmarket, April 29.—The 2,000 guinea stakes for entire colts and fillies foaled in 1906, was run here yesterday and was won by King Edward's Minnor. The Duke of Portland's Phaeton was second, and W. Raphael's Louviers third. Eleven horses ran.

The victory of King Edward's horse in the first "classic" of the present season was immensely popular, although most of the public money was on the hitherto unbeaten Bayardo, the favorite, however, never was dangerous. Louviers made the most of the running, but coming out of the dip Minnor drew away and won easily. Two lengths and a half separated the second and third horses. Bayardo was fourth. The betting was 4 to 1 on Minnor, 33 to 1 on Phaeton, and 100 to 1 on Louviers, and 15 to 8 on Bayardo.

The Widdrahams Plate of 200 sovereigns, distance four furlongs, was won by Vale. Flying Seal was second and Destination third. Among the ten starters was Mr. Whitney's Littoral.

The Heath Hightweight Handicap of ten sovereigns each, with 200 sovereigns added, for three-year-olds and upward, distance five furlongs, was won by H. P. Whitney's Sixty II. Sea Queen was second and Jovial third. There were ten starters.

The Bretby Handicap of 300 sovereigns, for three-year-olds and upward, distance six furlongs, was won by Padington. Promontory was second, and H. P. Whitney's Dinna Ken II. was third. Fifteen horses ran.

COLT ENTRY WON.
Baltimore, April 29.—Smiling skies brought out a large crowd at Pimlico yesterday. The track was in good condition, despite showers last night. The Pimlico Spring Handicap, the feature
