A gigantic comet outclassing in size and brilliancy all those seen in modern times, is speeding toward the sun at the rate of 1,134,246 miles a day, according to the astronomer Rev. Martin S. Brennan. The comet will be a thing of glory in the northwest sky next spring, according to Fr. Brennan, and probably will remain visible for three months. It will be at its best in June. The comet which is known officially as Comet B, was first reported by Prof. Max Wolf at Heidelberg.

It has come to the knowledge of Hon. T. W. Crothers, minister of labor, that certain wholesale bakers in different parts of the country have refused to sell bread to certain retailers because they would not keep the price up. He has notified these bakers that retailers must be allowed to sell at whatever prices they choose and that this action taken by wholesalers to keep up the prices constitutes a criminal offense under the cost of living legislation.

BEAVER FLOUR

is because the flour is always the same. It is milled from blended wheat, Ontario fall wheat, strengthened with western spring wheat. Being blended in exact proportions, Beaver Flour is always the same in strength and quality; and always gives the same results, no matter what or when you bake.

It will be a change for the better when you change from western wheat flour to Beaver Flour, milled from blended wheat.

VEGETABLES CAN WRITE WHEN THEY ARE EXCITED

Since the price of meat has risen, people have paid increased attention to vegetables. But how many realize what truly wonderful things vegetables are?

Did you know for instance, that vegetables can write.

An Indian scientist, who has made a very close study of vegetables, has invented an elaborate instrument, through which vegetables record their emotions in visible marks and dots. Says Pearson's London Weekly, As in the ordinary course of event, it would take too long to wait for the emotions to occur—for vegetables do not pass through such rapid emotions as human beings—the scientist induces the emotion, "reading" subsequently the vegetables' remarks upon the subject.

He excites the vegetable and its excitement is plainly shown by the manner in which it writes its dots. He bombards it with potassium cyanide. The "pen" writes nothing. He makes it drunk by administering intoxicating vapors. Lo and behold the dots are as straggling as a paper's footstep!

Finally, he kills the vegetable by heat. The dots descend as the temperature rises. At 140 degrees Fahrenheit the dots bound suddenly upward. This is the final spasm—the vegetable is dead.

Astonishing as this may appear, it is less astonishing when we realize what a fine line divides the animal and vegetable kingdoms. Six people out of every dozen will call a sponge vegetable. But it is an animal—just!—Exchange.

THE ONLY WAY TO CURE RHEUMATISM

Must Be Treated Through the Blood and the Poisonous Acid Driven Out.

The twinges and tortures of rheumatism are not due to cold, damp weather as so many people suppose. Rheumatism comes from poisonous acid in the blood. This is a medical truth that every rheumatic sufferer should realize. There is only one way to cure rheumatism—it must be treated through the blood. All the liniments and rubbings and so-called electrical treatment in the world will not cure rheumatism and the sufferer who tries them is not only wasting money, but is allowing the trouble to become more firmly rooted in the system and harder to cure when the proper remedy is tried. Dr. Williams' Pink Pills have had remarkable success in curing rheumatism because they go right to the root of the trouble in the blood, driving out the poisonous acid, releasing the stiffened joints, clearing away the torturing pains, and giving the victim renewed health and ease. Mr. Vincent Brown, Havre Boucher, N. S., says: "For two years I was an almost constant sufferer from rheumatism the trouble being so bad at times that I could scarcely get about. The trouble seemed to bring with it anæmia, and altogether I was in a very bad condition. I used doctor's medicine for almost a year without relief. Then on the advice of a friend I decided to try Dr. Williams' Pink Pills. I think I took altogether about a dozen doses, with the result that I am again enjoying perfect health. You can get these pills through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CANADIAN DESERTERS PARDONED

Duke of Devonshire Extends Amnesty to Deserters and Men Absent Without Leave

Ottawa, Nov. 27—His Excellency, the Duke of Devonshire, as an act of grace on assuming his post in Canada has signed an order-in-council which gives freedom of all soldiers of the Canadian Expeditionary force who are now deserters or who are absent without leave. In order to benefit by this act of clemency deserters or absentees must surrender themselves to the officer commanding the unit to which they belong or to the district officer commanding any military district in Canada not later than December 15.

It is probable that the majority of soldiers absent without leave did not when absenting themselves, appreciate the seriousness of their offense. It is known that many are now desirous of returning to their units and will be glad of the opportunity to do so.

The amnesty is also extended to soldiers under sentence of imprisonment or detention for desertion or absence without leave. Such men will be handed over to the officer commanding the military district in which they are. It will be the duty of this officer to return them to their own or attach them to some other unit of the Canadian forces for service.

PAINS AFTER EATING ARE SIGNS OF INDIGESTION.

Indigestion—the complete or partial failure of the digestive processes—frequently throws out of gear the whole machinery of the body. You can't enjoy the vigour and vitality of good health unless your stomach, liver and bowels do their work regularly and efficiently.

MOTHER SEIGEL'S SYRUP

As a digestive tonic and stomachic remedy, Mother Seigel's Syrup is esteemed in tens of thousands of homes, wherever the English language is spoken. If you suffer much or little from disorders of the stomach, liver or bowels, try the effect of taking 15 to 30 drops of the famous remedy in water, after meals, for a few days and note its beneficial effects.

THE FARM HOME

A time will come when enlightened farmers will realize that the farm household is the source of all energy, enterprise and intelligence that makes farming a success and life on the farm possible. It is the idealistic farmer's wife that makes the farm home; altogether too often she makes it a real home in spite of her husband rather than as a result of his co-operation with her. He to do shame be it said, too often has by far a greater appreciation for hogs, cattle, grain and hay and their proper housing and care than the equipment and environments that make practicable the proper rearing of his own children. Yet he will complain that the young people will not stay on the farm.—American Lumberman.

The tea and sale held in the Chatham Grammar school, King Albert's Birthday, raised \$210. The pupils of St. Michael's Academy raised \$157.16. The total raised by all Chatham schools is \$466.48. This includes \$87 raised by the Wellington St School.

LEAD AND SILVER
ON MIRAMICHI
What are believed to be valuable deposits of silver and lead have been discovered at Winding Hill, near the southwest Miramichi River in the parish of Stanley by William H. Griffin, the well known guide, of Cross Creek. Samples of the ore have been taken out and experts who have examined them are much enthused over the outlook. Winding Hill is a large hardwood ridge located about midway between Taxis River and the Southwest Miramichi. Mr. Griffin discovered the ore while on a hunting trip. Mr. Patriquin, who was formerly connected with the an-iron mines at Lake George, has been at Winding Hill for some days, making a search under a license issued by the provincial government. It now transpires that the visit of Mr. N. A. Timmins, the Montreal mining magnate, to New Brunswick last week was in connection with the find at Winding Hill. Mr. Timmins visited the locality and saw samples of the ore. He was greatly pleased with it and promised to assist in the work of development. Several Fredericton capitalists have already become interested in the property.
