

CANADA SECOND IN WHEAT PRODUCTION

Canada is now the second wheat producing country in the world according to 1921 statistics. We produce about half as much wheat as the United States, but, they, it must be remembered, have ten inhabitants to our one. Russia, at one time an important factor in the fundamental industry, has apparently fallen by the wayside, for she does not appear in the 1921 list. The C. N. R. has carried this season September 1st to November 13th, 41,320 cars or approximately nine and three quarter million bushels. For the similar period in 1920, the number of cars handled was 21,858.

If the 55,000 employees of the C. N. R. were domiciled in one spot, instead of being spread from one end of the country to the other, they would constitute a city larger than Hamilton, Calgary or Halifax. For it must be remembered that it is not only the people who actually work for the C. N. R. that are sustained by it, but their wives and families. This tremendous body of workers are actuated by one motive, to make the C. N. R. the most successful publicly owned enterprise in the world, to run it as purely a business enterprise, divorced entirely from politics.

CAPTURING A NEW MARKET

Canada's flour is the standard of the world. This is pretty generally admitted. The writer knows one citizen of the United States who, on every visit he makes to Canada, carries home, under strict instructions from his wife, a number of loaves of bread, she claiming that no bread obtainable in the United States can approach that made from Canadian flour. As an instance of the increasing popularity of Canadian flour, it is interesting to note that Dr. A. H. Stafford, born in Winnipeg but for some time past domiciled in Jamaica, recently said that until the steamships "Canadian Forester" and "Canadian Government Merchant Marine Services" came into Kingston last spring, every pound of flour used on the island came from the United States. Now it all comes from Canada. This very valuable market for Canadian products has been captured by three ways, Dr. Stafford affirms: First, the fact that Canada had ships to deliver it there; Second, the quality of the flour itself; and Third, the fact that the people of Jamaica desire closer commercial and social relations with the people of Canada.

Catarrhal Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on thus reducing the inflammation and restoring normal conditions.

WORTHY ATTENTION

Ottawa, Nov. 18—The members of the crews of the Canadian registered merchant vessels, who lost their lives at sea during the war as a result of enemy action, are to be commemorated by monuments erected by the Imperial War Graves Commission at Halifax and Vancouver.

In order to secure a complete list the naval department is communicating with the owners of all Canadian ships lost during the war. The department reports that replies so far have been satisfactory, but that there are a number of companies who have lost ships who have since gone out of existence.

The naval department will be pleased to receive any information from officials of companies who have not been communicated with.

SOME CANADIAN AUTHORS OF TO-DAY

If any evidence were required of the growing interest in Canadian literature, one need only point to the remarkable progress of the Canadian Authors' Association, which already numbers over seven hundred members, although it was organized only eight months ago. Canada ranks exceptionally high in the world of poetry, with names such as Bliss Carman to her credit. In the world of fiction Arthur Stringer, Ralph Connor, L. M. Montgomery, Basil King, Bertrand Sinclair, Isabel Eccles-Mackay, Madge Macbeth, and Frank L. Packard, are only a few of an army of popular novelists. Life on the prairie has been admirably depicted by Janey Canuck (Judge Emily Murphy), Nellie McClung, Robert Stead, and Sergeant Ralph Kendall with his stories of the North-West Mounted Police. The chief object of the Canadian Authors' Association is to create a wider interest among Canadians themselves in their own literature. It has an official organ called the "Canadian Bookman." It has helped to organize Canadian Authors' Week for the third week in November, in which libraries and bookstores will make special displays of Canadian books, and it has conducted a vigorous campaign for the improvement of Copyright laws in Canada.
