REID NEWFOUNDLAND COMPANY.

The Hylo Lamp

You often pay for 16 candle power when one candle power is really all you need. You often endure a BRIGHT LIGHT when a SOFT LIGHT would be more suitable and pleasant.

The Hylo Lamp

Gives you the light you want. It is the first and only successful turn down ELECTRIC LAMP.

It is just as reasonable and necessary to modulate ELECTRIC light as it is to regulate the brightness of OIL light, GAS light, or SUN light.

SPECTACLE and EYEGLSS

Fitting is not perfect unless the frames or mountings are properly adjusted, and that requires the expert hand. The beneficial effect of a correct glass may be upset by an ill fitting frame. It has been my special work for over twenty years to correct troubles emanating from eyestrain, and placing the proper lenses in the most suitable and becoming frame or mountings. All my work is guaranteed.

If You Can Afford to use the BEST buy **Robin Hood Flour**

"The Flour that is different." If you do you will find that the cost of ROBIN HOOD is smallest after all. The bigger loaf is one difference. Easier assimilations of the bread is another difference. The sweeter flavor is a third difference. There are other points of difference. Any one of them worth the extra cost.
