RAIN COAT.

We make to order the well-known Shower Coats worn. Perfect in every particular. This illustration represents one of the styles. Order one and save \$5.

## TWO MEN SHOT AT THE SOO

One of the Victims Dead—Other May Die.

Woman Mistaken for Deer—Dog Fires His Master's Gun.

Sault Ste. Marie, Mich., Oct. 21.—What may prove a double murder occurred in the Canadian Soo yesterday morning, when "Doc" Griffin, unknown, was shot dead, and Peter Reagan, employed at the steel plant, was shot in the hip.

The two men went into a blind pig in "Little Italy," the Italian settlement, and there got into conversation with a young woman. An Italian took exception to the attentions paid the woman, and drew a revolver and began shooting. Reagan and Griffin got outside the door, when both fell. Griffin expired immediately. Reagan is now in a hospital.

The murderer, and officers are now searching for him.

## TWO SHOOTING ACCIDENTS.

Dauphin, Man., Oct. 20.—A shooting accident occurred at Fishing River, twenty miles north of Dauphin, on Friday evening last, by which a Galician woman named Stefania was shot in the head and killed with a rifle ball in mistake for a man.

The unfortunate woman leaves a family of children. A coroner's inquest was held and the coroner acquitted the shooting being found accidental.

Leduc, N. W. T., Oct. 20.—Carl Bowman, a farmer, living sixteen miles from here, was standing with a loaded gun in his hand, when his dog struck the trigger with his paw, and the charge went through his hand and part into his left cheek. Death from blood-poisoning is feared.

## Remarkable Recovery From Nervous Collapse

A Methodist Minister Tells How He Was Rescued From a Helpless Condition by Dr. Chase's Nerve Food.

That Dr. Chase's Nerve Food possesses unusual control over the nerves and rekindles nervous energy when all other means fail is well illustrated in the case described below. Mr. Brown was forced to give up his ministerial work, and so far exhausted that for a time he was positively helpless. Doctors were consulted and many remedies were resorted to, in vain. Every effort to build up the system seemed in vain, and it is little wonder that the sufferer was losing hope of recovery, when he began to use Dr. Chase's Nerve Food.

Rev. T. Brown, Methodist minister, of Omemee, and late of Bethany, Ont., writes: "A year ago last November I was overtaken with nervous exhaustion. For six months I did no work, and during that time I had to be waited on, not being able to help myself. Nervous collapse was complete, and though was in the physician's hands for months, I did not seem to improve. At any little exertion my strength would leave me, and I would tremble with nervousness.

"From the first I used a great many nerve remedies, but they seemed to have no effect in my case. I had almost lost hope of recovery, when I heard of Dr. Chase's Nerve Food, and began to use it. As my system became stronger I began to do a little work, and have gradually increased in nerve force and vigor, until now I am about as my normal condition again. I consider Dr. Chase's Nerve Food the best medicine I ever used. Not only has it proven its wonderful restorative powers in my own case, but in several others where I have recommended it."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50. At all dealers, or Edmonson, Bates & Co., Toronto.

A Berlin takes on the average 120 street car rides a year. FREED AND EASY expectoration immediately relieves and cures the cough and lungs from viscous phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickel's Anti-Consumptive Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant; adults like it because it relieves and cures the disease.

## GENERAL BOOTH

The Veteran Salvation Army Leader in Montreal—Hale and Hearty.

Montreal, Oct. 20.—General Booth, founder and commander of the Salvation Army throughout the world, who is here, walked the entire length of the Windsor street station at a swinging gait, side by side with his daughter, showing no signs of decrepitude.

General Booth had in his party: Major Cox, his private secretary; Brigadier Pugmire, of Toronto; Colonel Jacobs, chief secretary for Canada; Col. Lawley, Staff Officer Page, the official correspondent for the Army publications; Adjutant Welsh, Adjutant Griffiths and Staff Officer Harry Morris, both of Toronto, who supervise the musical portion of the meetings.

The general's present tour was undertaken primarily to participate in the celebration of the twentieth anniversary of the founding of the army in Canada. But, aside from assisting in this event at Toronto, the general is at the outset of an extremely arduous campaign. Having already visited New York, Halifax and St. John, N. B., he will, after the meetings here, visit various points in Ontario, the Eastern and Middle States and Manitoba, consuming a couple of months.

General Booth expressed himself as delighted with the progress the Army is making in every part of the world. Already it has been introduced into 47 countries, and its membership now totals considerably over half a million. Especially has the general been encouraged by the rescue work. In England a very large percentage of fallen women after a probation of three years are permanently reclaimed.

When the general spoke upon this point in Halifax, both the lieutenant-governor and mayor bore testimony to the admirable results attained by the Army along similar lines in Nova Scotia.

## PURITY SHOCKED

The W.C.T.U. Objects to Nude Female Form on Billboards.

Portland, Me., Oct. 21.—Mrs. Emile D. Martin, in submitting her report as superintendent of the department for the promotion of public literature and art at the W. C. T. U. convention here yesterday, asked for the adoption of a resolution passed by the New York County W. C. T. U., as follows:

"Resolved, that the innocence of youth, the purity of middle age and the sanctity of old age are alike shocked and degraded by illustrations of the female figure unclothed upon billboards and in other public places, and we use every proper means by which we can awaken public sentiment, by appeals to city or state authorities, and by legal means if need be, to have such pictures removed from public places and to have them removed from the public mind."

Mrs. Martin also urged the adoption of Helen Gould's resolution "to regulate the midway dances at St. Louis World's Fair," which she said had been adopted by the women managers.

## Mrs. Grant Ill.

Washington, Oct. 21.—Mrs. Julia Dent Grant, widow of the late President Grant, has arrived in Washington, accompanied by her daughter, Mrs. Nellie Grant Sartoris, and their servants. Mrs. Grant is in a very feeble condition. She will be 77 years old in February.

## His Last Shot.

St. Paul, Minn., Oct. 21.—James Younger, one of the famous Younger brothers, co-workers with Jesse James, committed suicide on Sunday by shooting. Younger was recently paroled from the Stillwater Penitentiary, where he had been serving a term for participation in the Northfield Bank raid in 1876.

## Canadian Ticket Agents.

Washington, D. C., Oct. 21.—The nineteenth annual convention of the Canadian Ticket Agents' Association opened here yesterday. About 100 members were present. Chas. Lee, general passenger agent of the Lehigh Valley Railroad, made an address. The question of organizing an assessment fraternal society among the members was discussed, and a committee was appointed to draft a constitution and bylaws.

sold—West Nisour, 175, at 1140; Chat—The fact that most diseases arise from an impure or low condition of the blood, is fully proven by Hood's Sarsaparilla. It

## A TRAGEDY IN BUFFALO

The Victim a Former Canadian Woman.

Murderer Shoots Himself and May Not Recover.

Buffalo, Oct. 21.—The body of Mrs. C. V. Morton was found in a flat at No. 145 Eagle street late Saturday afternoon. On the floor near it was George J. Willing, suffering from several bullet wounds in the head. He may die. Mrs. Morton had been shot in the head, and apparently died several hours before her body was discovered. Willing had shot the woman and then attempted to commit suicide.

Four weeks ago Mrs. C. V. Morton, accompanied by her 17-year-old daughter Florence, engaged a flat on the third floor of No. 145 Eagle street. With Mrs. Morton was George J. Willing, a molasses. Mrs. Morton told the neighbors he was her husband. Later, she admitted he was not. Florence, the daughter, had been with a vaudeville troupe touring Pennsylvania and Western New York.

Mrs. Morton's maiden name was Elizabeth Hunkin. She spent her early years of her life in Galt, Ont., and her parents are living there now. Besides, she is survived by two sisters, a brother, Walter, who lives in Galt, Ont., this city, and brothers in Galt and Preston, Ont. Previous to 1895, she was known as Lizzie Miles, having married a man at that time. The year she married Thomas Alexander Gormely, of Pickering, Ont. Her daughter, Florence, is a child by a former marriage. Florence is 17 years old. During the girl's recent theatrical trip in Pennsylvania she several times drew on her mother for funds, and telegrams asking money were sent to this city from Detroit, Mich. His brother, H. L. Willing, is a clothing merchant in that city. He has other relatives there. Willing has lived in Buffalo off and on for the last six years. He is unmarried and 38 years old.

So far as could be learned, Willing had known Mrs. Morton about six weeks. He made her acquaintance while she was living in a rooming-house on Clinton street, and it was at his suggestion the two moved to the flat at No. 145 Eagle street. Willing came to this city from Detroit, Mich. His brother, H. L. Willing, is a clothing merchant in that city. He has other relatives there. Willing has lived in Buffalo off and on for the last six years. He is unmarried and 38 years old.

## SAVED AT LAST

Mrs. A. Waddell, of Hamilton, Has a Trying Experience, But Comes Safely Through It, Thanks to Those Sovereign Remedies, Dodd's Dyspepsia Tablets.

Have you ever felt that dull heavy headache and heartburn, that terrible gnawing at the stomach? If you have, you will easily understand why some people declare that life is not worth living.

Have you ever sat down to breakfast in the morning with a furry taste in your mouth that made eating a task if not an utter impossibility? If you have, or if you have had even a mild try of any of these experiences, you will know how to sympathize with those who suffer with that most distressing of all diseases, Chronic Dyspepsia.

Mrs. A. Waddell, 84 Simcoe street, Hamilton, was one of these. For four years she struggled to get rid of it and struggled in vain, and then she tried Dodd's Dyspepsia Tablets, and now— but let her tell the story herself:

"I had been troubled for four years with heavy Headaches and Heartburn," says Mrs. Waddell. "I had doctored with the best doctors, but they failed to help me. One day I got a box of Dodd's Dyspepsia Tablets and commenced taking them. They soon gave me relief, and now I am altogether cured."

"Now my Headache is gone. I have no more trouble with that terrible Heartburn, and I can eat a good breakfast in the morning and thoroughly enjoy it too. And Dodd's Dyspepsia Tablets did all this for me."

"What Dodd's Dyspepsia Tablets did for me they have done for many others, and they will do for others. That is why I publish my experience."

Lifebuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

## NEW INDUSTRY IN CANADA

Distilling of Spirits From By-Product of Sugar Beet Factories.

Toronto, Oct. 21.—The General Distilling Company, Limited, with a capital of \$200,000, has been recently formed for distilling spirits from the by-product of the beet sugar factories now being opened throughout Canada. The incorporators are Goodenham & Worts, Toronto, and the Walkers, of Walkerville, Ont. Building operations have already been commenced on property adjoining the Goodenham & Worts distillery in Toronto.

The industry is essentially a new one in Canada, and owes its establishment solely to the beet sugar industry, in the manufacture of which a by-product similar to molasses is accumulated. This syrup will be shipped in tank cars to the new distillery, and there distilled into alcohol for mechanical and art purposes only.

The Grocers of This North American Continent Who Sell Various Brands of Cereal Foods, Use

**MALT BREAKFAST FOOD**

In Their Homes.

Howard K. James, of San Francisco, Secretary of the California Retail Grocers' and Merchants' Association, writes as follows about delicious and healthful Malt Breakfast Food: "The truest things in the advertisement of Malt Breakfast Food are that 'the manufacturers start the goods, and quality does the rest.'"

"Little children who tire of everything in the cereal line will take up this food and cling to it with no desire for a change, much longer than they will any other food."

"It is a fact that my own youngest, who has passed by everything I have been able to find in the market, after a few days has put the seal of his approval on Malt Breakfast Food, and the extent of insisting upon having it three times per day, and this condition has existed now for over six weeks, during which several weeks ago, was arranged by without his having it for breakfast, lunch and supper."

Malt Breakfast Food is the most satisfactory thing on the market today for weak or tired stomachs, and for that faded feeling that occasionally is ours at breakfast time."

**Alleged Murderers in Court.** New York, Oct. 20.—Wm. Hooper Young, who is charged with the murder of Mrs. Anna Pulitzer in his father's apartments in West Fifty-eighth street, several weeks ago, was arraigned before Judge Cowing today to plead. Young's counsel told the court he had had no preliminary examination and had had no opportunity to inspect the indictment, and therefore he needed time to ascertain what, if any motion he would make to the court. Adjournment was taken until Wednesday.

The jury in the trial of Roland B. Molloux, charged with the murder of Mrs. Katherine J. Adams, was completed today. Assistant District Attorney Osborne this afternoon made his opening address for the state. The talking of evidence was begun at the close of Mr. Osborne's address.

**A True Nerve Tonic.** will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can't be fed on medicine. They can, however, be restored and strengthened by assimilated food. The Molloux case is a good example from its action over the digestive and assimilative processes. When you take Molloux's Food, it is purified, strengthened and grows rich and red. Then you grow vigorous, healthy and beautiful. Or help me because you have no strength to do it. No tonic for the brain, blood or nerves compares with Molloux's Food. Get it from your druggist or from E. C. Kingston, Ont.

Italy has attracted an unusually large number of Americans this year. Hagyard's Yellow Oil is good for man or beast. Relieves pain, reduces swelling, allays inflammation, cures cuts, burns, bruises, sprains, stiff joints, etc.

The number of consumptives in Germany is estimated at over 225,000.

**WORMS CAUSE** feverishness, moaning and restlessness during sleep. Mother Graves' Worm Expeller is pleasant, safe and effective. If your druggist has none in stock, get him to procure it for you.

## RADICAL PROPOSITIONS

Laid Before the French Chamber of Deputies.

To Separate Church and State and Suppress Vatican Embassy.

Paris, Oct. 21.—At the opening of business in the Chamber of Deputies yesterday, Ernest Roche (Nationalist) introduced a bill providing for the separation of church and state, the abolition of the budget of public worship and the suppression of the French embassy at the Vatican. The bill was presented as a challenge to the government to carry out the radical programme, M. Roche declaring that the question had figured long enough in the Radical platform, and that if the

Meals cooked on a "Famous Active" are always on time.

Because our specially constructed "Famous" dampers regulate the fire to a certainty, and a cook knows just the time required for the fire to reach the heat necessary for cooking any particular dish.

Then, to absolutely exclude guessing, a "Famous" thermometer is fitted to the oven-door of every

"Famous Active" Range.

This thermometer registers the exact heat of the oven, and can be fully relied upon—we guarantee them.

The "Famous Active" will cook more with less fuel than any other range made.

DONALD McLEAN, Agent, 436 Richmond Street, London.

struggle against the congregation was sincere the government ought to carry out the separation of church and state.

The deputy demanded that the Chamber declare urgency for the measure, but Premier Combs refused to accept the motion, saying the bill was only intended to embarrass the government.

Henri Brisson declared that he and his Radical friends would also oppose urgency for the same reason.

The Chamber rejected the urgency motion by 225 to 170 votes, but ordered an early discussion of a counter proposition referring all bills dealing with the separation of church and state to a special committee, which M. Laisant (Nationalist) said meant "a funeral for the bill."
