

**"THIS IS THE
ROOFING THAT
NEEDS NO PAINTING"**

Frequently the cost of painting a roofing amounts to almost enough to buy a new Amatite Roof.

AMATITE means more to the man who needs a roofing than just merely something to put on the top of a building.

It means a thoroughly satisfactory and reliable roof covering, without future expense for painting—because the real mineral surface makes painting unnecessary.

**W. MAX AITKEN IS
AN IMPERIALIST**

And May Resign His Seat in Great Britain and Stand
For a Montreal Constituency in an Attempt
to Defeat Reciprocity

Montreal, April 1.—W. Max Aitken, member of the British parliament for Ashton-Under-Lyne, greeting a number of Lancashire friends at a meeting here last evening, created a mild sensation by hinting that he might give up his seat in Lancashire and come to Montreal to solicit the suffrage of his supporters in order to create a strong imperial sentiment. He characterized the reciprocity proposals as a bribe on the part of the Americans. "I am confident," he said, "that every man who has lived in Great Britain, and now has a vote, would give it so that their money would be repelled, showing that we will not be bought with American dollars." The battle of Empire," concluded Mr. Aitken, "will not be fought in Britain immediately, but in Canada, and it is time to put party aside and stand for imperial union."

Montreal Get-Rich-Quick Exponent
Confesses He Is Charles
Robinson.

Pittsburg, March 28.—Charles D. Sheldon, investment broker, arrested here yesterday because he suddenly left for Montreal Canada, last October owing customers upwards of \$2,000,000, was remanded to jail today pending the arrival of a Canadian officer, now en route.

Today brought additional developments concerning Sheldon's get rich quick operations. Following the news that he had operated in Scranton, came the information that Sheldon is Charles Robinson, former clerk of the courts of Brockton (Mass.), from which he disappeared years ago with almost \$200,000. Confronted with the evidence, Sheldon admitted it was true.

**FOUR YEAR OLD CHILD
DESERTED IN SACKVILLE**

Sackville, April 2.—A little girl about 4 years old was found Saturday morning on the doorstep of Mr. John Snowdon's residence, not far from the Intercolonial Railway station. The child had evidently been deserted by its heartless mother.

The news of the finding of the child and of the mystery surrounding the event, has caused a genuine sensation in town. Such events are very rare in Sackville, and hence unusual interest has been aroused. To desert a babe would seem to be cruel enough, but to forsake a child several years old, would seem to be very much worse.

The child was found about 7 o'clock by Mr. Snowdon. When found the child was half perished with the cold, its legs and arms being swollen and its body partially numb. Its little body is covered with bruises. On its left arm there are several discolored places, while its back gives abundant evidence of ill treatment.

It is suspected that the child belongs to a couple who left Baie Verte Saturday with their three children, and got off at Sackville, but whether they went to Nova Scotia or the States seems to be a mystery.

\$300,000 EXTRA FOR I. R. C. MEN

Ottawa, March 29.—In Parliament today Hon. Mr. Graham stated that recent adjustment of salaries had increased the pay roll by \$300,000 a year. The road, he said, was spending about \$360,000 on betterments. Questioned by Dr. Daniel and Mr. Standfield on the acquisition of the branch lines, Mr. Graham said that later in the session he would make an announcement on the subject. The engineers of the department had reported on the acquisition of existing railways and in addition as to the advisability of constructing new lines.

**SPEED OF AUTOS
LIMITED**

Children of The Poor May Be Taken
From School and Put to Work
at Age of 14.

Fredericton, April 3.—In the Legislature tonight, it was finally agreed to amend the automobile bill so as to provide a limit of twenty miles an hour in the country, fifteen in villages and eight in towns and cities, adopting at the same time the idea prevailing in the Massachusetts motor law that speed in excess of the limit be regarded as prima facie evidence of carelessness. The tax clause was finally amended so as to provide a tax ranging from \$5 to \$25 for machines rated at from 20 to 50 horse power. Machines of less than 20 horse power will pay the \$5 tax. The tax will go into the provincial treasury.

Hon. Mr. Hazen introduced a bill to amend the act respecting compulsory attendance at school. The bill is along the line of legislation in force in Maine and is to provide that children between fourteen and sixteen years of age who have certificates of having a preliminary education, will not come under the provisions of the act when it is shown to be necessary that they be employed for the livelihood of their family.
