At the last meeting of Camp-
bellton Lodge the new master was

among the brethren at the progress
the lodge is making and much
thanks is due the Bachelors for their
worthy efforts to assist the lodge
materially.

TWO NEW BANKS FOR RESTIGOUCHE CO.

Would Look as if Back to the
East Movement Was Tak-
ing Hold.

Since the advent of the Bank of
Commerce opening a branch in
Campbellton persistent rumors have
been heard that two other banks
would follow suit, and open up
either in Campbellton or Dalhousie.
It now transpires that the Bank of
Nova Scotia will open a branch in
Dalhousie, premises having been se-
cured and the contract for renovat-
ing the building given to D. A.
Stewart of Campbellton.

We are also informed on good
authority that the Bank of Montreal
will open a branch here very short-
ly, which is thought to be a direct
result of the late change in the
management of the divergent sections
of the Intercolonial.

If these things be true it shows
an assured future for our town as
financial institutions do not as a
rule take hold in places which they
do not consider winning proposi-
tions.

CANADA'S NAVAL EMERGENCY GIFT

Three Super-Dreadnoughts to
Cost 35 Million
Dollars.

BRITISH BUILT

In the House of Commons yester-
day the Government introduced
their emergency naval policy. The
main proposals are:

That Canada shall contribute
three battleships to the Imperial
Navy, at a cost of thirty-five million
dollars, for Canadian participation
in the defence of the Empire. That
these ships would be at the disposal
of His Majesty the King for the
common defence of the Empire, to
be maintained and controlled as
part of the Royal Navy. That they
had the assurance of the Imperial
Government that if at any time in
the future it should be the will of
the Canadian people to establish a
Canadian unit of the British navy,
these vessels can be recalled by the
Canadian Government to form part
of that navy, in which case they
would be maintained by Canada
and not by Great Britain.

In the meantime, Canadians will
be given special opportunities to
serve as officers on board these
ships; and that this policy was
meant only to deal with the emer-
gency revealed in the statement
from the Admiralty, which was pre-
sented to the House.

Mr. Borden declared that the
Imperial Navy must once more as-
sert its supremacy along the Pacific
and Atlantic seaboard of Canada;
but that is not its general supremacy
which constitutes the chief safeguard
of the Overseas Dominions. Then
he launched his definite scheme for
aiding the Imperial Government to
obtain a fleet which would be equal
to the requirement of the emergen-
cy.

"In presenting our proposals," he
said, "it will be borne in mind that
we are not undertaking or begin-
ning a system of regular and period-
ical contributions. I agree with the
resolution of this House in 1900
that the payment of such contribu-
tions would not be the most satis-
factory solution of the question of
defence.

"Upon the information which I
have disclosed to the House the
situation is in my opinion suffi-
ciently grave to demand immediate
action. We have asked His Maj-
esty's Government in what form tem-
porary and immediate aid can best
be given by Canada at this juncture.
The answer has been unhesitating
and unequivocal. Let me again
quote it:

"We have no hesitation in an-
swering after a prolonged considera-
tion of all the circumstances that it
is desirable that such aid should in-
clude the provision of a certain
number of the largest and strongest
ships of war which science can
build or money can buy."

Upon inquiry as to the cost of
such a battleship we are informed
by the Admiralty that it is approx-
imately two millions three hundred
and fifty thousand pounds, including
armament and first outfit of ordnan-
ce stores and ammunition. The
total cost of three such battleships
when launched will be the most
powerful in the world, would be ap-
proximately thirty five million dol-
lars, and we ask the people of Can-
ada, through their Parliament, to
grant that sum to His Majesty the
King of Great Britain and Ireland
and of the Overseas Dominions in
order to increase the effective naval
forces of the Empire to safeguard our
shores and our seaboard commerce,
and to make secure the common
heritage of all who owe allegiance
to the King.

Three ships will be at the dispo-
sal of His Majesty the King for the
common defence of the Empire.
They will be maintained and control-
led as part of the Royal Navy, and
we have the assurance that if at any
time in the future it should be the
will of the Canadian people to es-
tablish a Canadian unit of the Brit-
ish Navy these vessels can be re-
called by the Canadian Government
to form part of the navy, in which
case, of course, they would be main-
tained by Canada and not by Great
Britain. In that event there would
necessarily be considerable notice and
indeed Canada would not desire
or suggest the sudden withdrawal of

ORGAN RECITAL IN CAMPBELLTON

A Musical Treat is Heard in
St. Andrew's Presbyterian
Church

GOOD PROGRAM

On Tuesday evening under the
auspices of St. Andrew's Club,
an enjoyable organ recital was given
in St. Andrew's Presbyterian
Church by D. Arnold Fox, St. John.

The various numbers were listen-
ed to with rapt attention, the audi-
ence receiving a musical treat, well
above the average.

Mr. Fox is a player of high ex-
cellence, his masterly handling of
the organ showing marked ability.
He was supported by Mrs. Walter
J. Miller of Charlott, who sang "The
Rosary" and "Absent" with her
well known charm and the choir of
St. Andrew's Church who rendered
the anthem "Behold how good and
joyful" by Clark Whitfield accom-
panied by the organist of the
church Mr. John G. MacColl.

The program is as follows:

1. Processional March, Queen of
Sisters

PIANO CONTEST NEARING THE END

The Graphic Piano contest has
only one week more to run the vote
closing on Saturday the 14th inst. at
8 p. m. Now that the weather is
good a great finish is expected the
rivalry doing very keen between the
contestants.

Miss Hamilton of Point La Neve is
now leading, and we look for quite an
exciting time next week.

In order that contestants may take
advantage of every minute of the con-
test time votes mailed and postmarked
Saturday, Dec. 14th will be counted.
This will give all an equal chance.

The standing up to Thursday night
was:

Miss Ella Hamilton,	31,500
Point La Neve	
Miss Lydia Grenier,	26,750
New Carlisle	
Miss Juliet Cyr,	19,500
Ruisseau LeBlanc	
Miss Ruth Donnelly,	9,625
Jaquet River	
Miss Alice Robertson,	2,000
New Richmond	

so powerful a contingent from any
important theatre in which the na-
val forces of the Empire might be
exposed to severe and sudden attack.
In the meantime, I am assured that
special arrangements will be made
to give Canadians the opportunity
of serving as officers on these ships.

These ships will be built under
Admiralty supervision in the United
Kingdom for the reason that at
present there are no adequate facil-
ities for constructing them in Can-
ada. The plant required for the
construction of a Dreadnought
battleship is enormous and it would
be impossible at present to main-
tain shipbuilding in this country on
such a scale. In any case only the
hull could be built in Canada be-
cause the machinery, the armour
and the guns would necessarily be
constructed or manufactured in the
United Kingdom. The additional
cost of construction in Canada
would be about twelve million dol-
lars for the three and it would be
impossible to estimate the delay.
No one is more eager than myself
for the development of shipbuilding
industries in Canada but we cannot
on any business or economic consid-
erations begin with the construction
of Dreadnoughts, and especial-
ly we could not do so when these
ships are urgently required with-
in two or three years at the outside
for rendering aid upon which may
depend the Empire's future exist-
ence.
