BY-LAW NO. 2, 1907, OF TOWNSHIP OF WARWICK.

A By-law to provide for drainage work in the Township of Warwick in the County of Lambton, and for borrowing on the credit of the Municipality the sum of \$614.40 for completing the same. Provisionally adopted the 11th day of February, 1907.

Whereas, Robert Wilson, one of the parties interested and assessed for the construction of the Leach Local Drain, has petitioned the Council of the said Township of Warwick to have the said Leach Drain repaired.

And, whereas thereupon the said Council has procured an examination to be made by C. A. Jones being a person competent for such purpose, of the said drain and the means suggested for said repair of said drain and of other lands and roads liable to assessment under the Municipal Drainage Act, and has also procured plans, specifications and estimates of the drainage work to be made by the said C. A. Jones, and an assessment to be made by him of the lands and roads to be benefited by such repair of the said Leach Drain and of other lands and roads liable for contribution thereto, stating as nearly as he can the proportion of benefit, outlet liability and injurious liability, which in his opinion will be derived or incurred in consequence of such drainage work by every road and lot, or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the road and lots or parts of lots hereinafter in that behalf, specially set forth and described and the report of the said C. A. Jones in respect thereof and of the said drainage work being as follows:

Petrolia, October 29th, 1906.
To the Municipal Council, Township of Warwick.
Gentlemen:—In compliance with instructions received from your Honorable Body I have made an examination of the Leach Drain lots 5 to 11 inclusive, on section 5, S.E.R. of your Township and I recommend its being repaired as it is considerably filled in since its last repair.

I would also recommend improving the lower portion across the easterly 1/2 of lot 5 and extending it a short distance into the drain on the northerly side of the Grand Trunk Railway right of way. The improvement referred to across the easterly 1/2 of lot 5 would consist of deepening it considerably across this lot more than in the last repair as the improved outlet on the G. T. Ry. will now permit of this.

The culverts on the 6.7 sideroad and 9.10 sideroad are very much out of repair and in need of replacing with new ones the cost of which I have included in my estimate of the cost of the proposed work.

I have stated and levelled the drain out in stations of 2 chains or 8 rods each commencing with station 0 at the head of the proposed work, which is at the line between the west 1/2 and east 1/2 of lot 11 and station 106 at its outlet into the drain on the G. T. Ry. property making a total length of 784 ft. Each stake is figured the distance it is in chains from stake 0 at its head.

I have also prepared plan, profile specification of work, estimate of cost and schedule of assessment on the lands and roads affected, all of which I herewith submit.

Following is my estimate of cost of the proposed work:
Accounting at \$0.40, 160 rods at 50c per rod \$ 80.00
" " 40 to 132 rods at 50c " " 20.00
" " 132 to 160 rods at 50c " " 60.00
" " 160 to 190 rods at 50c " " 120.00
Building new culvert on 9.10 sideroad..... 30.00
" " " " " " " " " " 6.7 " " 30.00
Publishing by law and registering same..... 9.00
Township Clerk's fees..... 7.00
Letting and inspecting work..... 20.00
Survey, plans, estimates and reports..... 37.50
Assistance on survey..... 4.50
Total estimated cost of work..... \$614.40

SPECIFICATION OF WORK.
The drain is to be dug to the depths and dimensions shown and figured on the accompanying profile and levelled out in stations of 2 chains or 8 rods each, the bottom an even grade between stations.

Where a fence is constructed along one side of the drain, the earth is all to be cast to the side opposite the fence and where no fence exists along the side of the drain, the earth is to be cast about equally on both sides.

4th. For paying the sum of \$86.90 the amount assessed against the said roads of the Municipality and for covering interest thereon for 5 years at the rate of 4 per centum per annum, a special rate on the dollar sufficient to produce the required yearly amount thereof shall over and above all other rates be levied and collected, (in the same manner and at the same time as other taxes are collected) upon and from the whole rateable property in the said Township of Warwick in each year for 5 years after the final passing of this By-law during which the said debentures have to run.

5th. This By-law shall be published once in every week for four consecutive weeks in the village of Watford, and shall come into force upon and after the final passing thereof, and may be cited as the Leach Local Drain By-law.

Sheriff Davidson's two daughters prevented a jail delivery at Pt. Huron, Friday night. When they came home, after making an evening call, they heard shouting sounds in the cell block. Investigation by the guards proved that John Matthews, accused burglar, and William Pellette, accused highwayman, with a record for escapes, were industriously shaking away at a window, and nearly had the iron bars out. They will occupy another cell for a while. Infants too young to take medicine may be cured of croup, whooping cough and colds by using Vapo-Cresolene—they breathe it.

each side, at least 3 feet clear of the edge of the drain in all cases and evenly spread so as not to be more than 9 inches in depth nor 30 feet in width. In the extension from st. 100 to 106 the entire line of the drain is to be 6 feet from the line of stakes and any turns or bends therein to be made with a gradual curve.

All brush drains or runways entering this main drain at its left perfectly clear of any excavated earth.

Any cross fences required to be removed by the contractor in the performance of the work shall be replaced by him immediately after the completion of the drain opposite such fences.

The depth figured in black are the drain and are to govern in preference to those in red which are approximately the amount of deepening of the present drain, and should any error appear in the figured depth at any stake, the grade is to be made to conform with that shown on the profile.

Build two new culverts or bridges, one on the 6.7 sideroad and one on the 9.10 sideroad, the former to be 3 feet wide in the clear and 30 feet long, and the latter 5 feet wide in the clear and 30 feet long. The posts for culverts to be at least 9 inches diameter placed at 3 feet centres and sunk at least 2 1/2 feet below the bottom of the drain, to be backed the full depth of the drain with 2 inch elm or hemlock plank and the stringers covered with 3 inch pine plank.

All the work to be done to the entire satisfaction of the Commissioner in charge of the work.

I have the honor to remain,
Your obedient servant,
C. A. JONES, O.L.S. & C.E.

And whereas the said Council are of opinion that the repairing of the said Leach Drain is desirable.

Therefore the said Municipal Council of the said Township of Warwick, pursuant to the provisions of the Municipal Drainage Act enacts as follows:

1. That the said Council do hereby authorize the assessment and estimates are hereby adopted and the drainage work as therein indicated and set forth shall be done and constructed in accordance therewith.

2. The Reeve of the said Municipality may borrow on the credit of the Corporation of the said Township of Warwick the sum of six Hundred and Fourteen Dollars and Forty Cents, being the sum necessary for the work and may issue debentures of the Corporation to that amount in sums of not less than \$50.00 each at any payable within five years from the date thereof with interest at the rate of 4 per centum per annum that is to say in five equal annual payments, such debentures to be payable at the Treasurer's office of Warwick, and to have attached to them coupons for the payment of interest.

3. For payment of the said sum of \$614.40 the amount charged against the said lands and roads liable, apart from roads belonging to or controlled by the Municipality and for covering late interest on for five years at the rate of 4 per centum per annum, the following total special rates over and above all other rates shall be assessed, levied and collected (in the same manner and at the same time as other taxes are levied and collected) upon and from the undermentioned lots and parts of lots, and the amount of the said total special rates and interest on the said sum of \$614.40 shall be divided into 5 equal parts and one such part shall be assessed, levied and collected as aforesaid, in each year for 5 years, after the final passing of this By-law, during which the said debentures have to run.

NOTICE.
I, Nathaniel Herbert, Clerk of the Township of Warwick, in the County of Lambton, do hereby certify the foregoing to be a true copy of a By-law provisionally adopted by the Council of the said Township of Warwick on the 11th day of February, and a Court of Revision will be held on the same at one o'clock p.m., on Monday, the 18th day of March, in Town Hall, Warwick Village.

And take notice that anyone intending to apply to have the said By-law or any part thereof quashed must not later than ten days after the final passing thereof serve notice in writing upon the Reeve and the Clerk of the Municipality of his intention to make application for that purpose to the High Court at Toronto during the six weeks next ensuing the final passing of the By-law.

NATHANIEL HERBERT, Clerk.

Mrs. Legalle, of Strathroy, fell on the sidewalk and broke her arm.

THE CARE OF THE WOMAN.

Headache increased on reading or sewing is one of the most common reflex symptoms of eye-strain.

It is a well-known fact that no muscle in the body can endure continuous contraction except for a very short time. Yet all near work requires the contraction of the ciliary muscle, say for from eight to twelve hours daily. The result is eye-strain.

Persons whose work necessitates much ocular labor should vary their duties with intervals of rest. In continued reading or sewing, it is well to desist at short intervals and fix the gaze on some distant object and close the lids repeatedly.

The habit of wearing veils is responsible for some deterioration of vision, particularly if they are very thick or dotted. The best veil for the eyes is one with a single large mesh either without dots, or the dots so far apart that none shall come over the eye.—Anna M. Galbraith, M. D., in the March Delineator.

Womanly Troubles.

SHOULD NOT BE ALLOWED TO UNDERMINE HEALTH.

It is impossible to go into details on this subject but the experience of many a poor woman who is crippled for life, just because she didn't use a good remedy in time, should be a warning to others.

When the first stages of womanhood appear in a young girl, a great deal depends in getting her over this critical stage, so that in years to come she will not develop green sickness or consumption.

When she complains of flushed face, headache bearing down feelings, give her a course of Ferrozone which will carry her past the crisis.

In the adult woman if any irregularities occur, Ferrozone will be found a remedy of remarkable potency and power.

Ferrozone is the ideal regulator and causes all organs of the body to perform their work properly.

It purifies the blood, tones up the nerves and vital energies. The stomach is strengthened and digestive and assimilative processes are improved by the good work of Ferrozone. It regulates the bowels, cures constipation and piles, and replaces disease and decay by health and strength.

There is nothing better for the complexion than Ferrozone. It removes the dark circles from under the eyes, removes and cures all manner of skin eruptions, gives brightness and brilliancy to the eyes, a rosy tint to the cheeks, whitens the teeth and develops a well rounded, plump and handsome form.

Ferrozone is the ladies' favorite, and should find a place in every household. It is prepared in the form of a chocolate coated tablet, convenient and pleasant to take. Price per box, 50c or three boxes for \$1.25 Sold by all druggists.

London's Huge Appetite.

London, Feb. 19.—The secretary of the public health committee say that the total amount of breadstuffs that reach London yearly is between 2,500,000 and 3,000,000 tons, of which rather more than two-thirds arrives by water, and less than one-third by rail. Three-fifths of the whole quantity is consumed by the Londoners, the remainder merely passing through in the course of transit elsewhere.

The shipments include 1,000,000 tons of meat, fish, milk, butter, eggs, lard, etc., 500,000 tons of fruits and vegetables, including sugar and preserved fruits, and 1,400,000 tons of grain and flour. It is pointed out in the committee's report that the system of inspection is inefficient, and that oleomargarine is largely sold as butter.

STATE OF OHIO, CITY OF TOLEDO, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1896.

A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally, acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

Dunnville Gazette: John Blake, formerly of Petrolia, who was arrested here last week on a charge of bigamy, was tried by Police Magistrate Brown on Saturday last. Crown Attorney Murphy of Cayuga, prosecuted, and Robt. Bradford appeared for the prisoner, who pleaded guilty to the charge. He was remanded for sentence until Monday next, and is spending the intervening time in Cayuga jail.

A SMALL PILL, BUT POWERFUL.—They that judge of the powers of a pill by its size, would consider Parmelee's Vegetable Pills to be lacking. It is a little wonder among pills. What it lacks in size it makes up in potency. The remedies which it carries are put up in these small doses, because they are so powerful that only small doses are required. The full strength of the extracts is secured in this form and do their work thoroughly.

ITCH, Mange, Prairie Scratches and every form of contagious Itch on human or animal cured in 30 minutes by Wolford's Sanitary Lotion. It never fails. Sold by T. B. Taylor & Sons.

Messrs. D. Milne, Thos. Doherty, Thos. H. Cook and D. Barr, of Sarnia, who were at Detroit last week interviewing capitalists with a view to the locating an iron smelter here, have arrived home. They were well pleased with the result of their

visit and data and other information required by the parties interested, will be forwarded them as early as possible.

Worms derange the whole system. Mother Graves' Worm Extremator deranges worms and gives rest to the sufferer. It only costs 25 cents to try it and be convinced.

Roy German, a Thetford baker, has started business in Amherstburg.
