Alvin Maidment bought from J. W. Bryce a brood sow for the handsome sum of twenty-five dollars, which the former thought was a little too dear, but one week later she gave birth to seventeen pigs, which he sold for twenty-one dollars, thus leaving himself the old pig for four dollars. Alvin is not always asleep when making a deal.

Death came with startling suddenness into the home of Mr. and Mrs. John Anderson of Watford township on Sunday last and took from them their only child, Marie, a sweet little girl of twelve years. She had only been sick a few days, death being due to brain fever. Dr. Eckel of Adelaide, and Dr. Newell of Watford were called, and everything was done to alleviate her suffering, but God took her home to Himself. When it was known Marie was dead school was dismissed, the flag hung at half mast and the trustees, teacher and children all came in a body to show their sympathy and respect for one who was beloved by them all. The funeral took place on Tuesday, the remains being taken to the Adelaide church where High Mass was celebrated by Rev. Father Quinlan, interment being made in the R. C. cemetery in Adelaide Village. Mr. and Mrs. Anderson have the heartfelt sympathy of the whole community in their sad bereavement.

A rather sudden death occurred on the 4th line on Thursday night last, Feb. 9th, 1911, when Mr. Michael Burchill passed to the great beyond in his 72nd year. Although deceased had not been feeling well for several weeks he was able to be around as usual on the day of his death and in Watford part of the afternoon and spent some time chatting with old friends. He was in the habit of remaining up a short time after the other members of the family had retired for the night, and did so on the night of his death. Just as he was about to retire he became suddenly ill and called his son, who reached him just as he collapsed, who reached him just as he collapsed, who reached him just as he collapsed. Mr. Burchill was born in the county of Grenville, Ont., on March 17th, 1839, and came to Watford about forty years ago and settled on the farm on which he died. About 37 years ago he was married to Mrs. Cline, who survives him. Besides a widow he leaves to mourn his death, one son, Samuel, at home, and one daughter, Mrs. Ernest Crummer, of Chatham, and four step-children, Jacob Cline, Watford; William Cline, Stratford; Mrs. Dunkeld, near Toronto, and Mrs. W. J. Cowan, Detroit; also five brothers, namely, Thomas, Halibout; Samuel and Arthur, Merrickville; John, Carlton Place, and Edward in the Northwest. Mr. Burchill was a man of quiet and unassuming disposition, well known and highly respected by all who knew him, and he always took a deep interest in public affairs. He was a Conservative in politics and a staunch member and liberal supporter of the Anglican church. The funeral took place from the family residence, lot 27, con. 5, on Sunday afternoon to the Watford cemetery and was very largely attended. The service was conducted by Rev. H. R. Diehl, rector of Grace church, 4th line, the pall bearers being Samuel, Arthur and John Burchill, brothers, Jacob and William Cline, stepsons, and Ernest Crummer, son-in-law.

W. H. Whitlock, a Mohawk Indian, was burned to death in the lock-up at Walpole Island on Thursday night. It is supposed that he upset the stove.

Catarrhal Deafness Successfully Treated By Catarrhozone

Deafness is not so common as blindness, yet thousands are more less afflicted by it, and their comfort seriously interfered with.

Catarrhal deafness manifests itself but slowly, yet it must be acknowledged that the great majority of those who become totally deaf might have averted this unfortunate condition if they had treated the catarrhal inflammation at its beginning.

The only remedy that can be safely employed for all forms of catarrhal deafness is Catarrhozone. You simply charge the air you breathe with this healing, soothing agent, and by forcing it gently through the ears destroy the germ life which keeps up the inflammation, and at the same time by the soothing, healing action it heals the inflamed surfaces of the middle ear.

CATARRHOZONE, to those who are just a little deaf, and are growing increasingly deaf, is an agent capable of affording the utmost satisfaction, and its use is attended without danger, and as the treatment can be carried on at home no person threatened with the affliction of deafness should postpone one moment in beginning its use.

From every part of the Dominion glowing accounts of the beneficial action it exerts upon catarrhal conditions of the middle ear have been sent in, and you will be resorting to the only method of cure, and the simplest method too, if you try Catarrhozone. Dealers everywhere sell it, 25c, 50c, and \$1.00. By mail from The Catarrhozone Co., Buffalo, N. Y., and Kingston, Ont.

FROST FENCE

This fence is made in Canada entirely of Canadian products. All the wires are full size true to gauge. Laterals and uprights are all No. 9 Hard Steel, well galvanized stock. Laterals are given a deep and continuous wave for "give and take." These coils or waves serve like a spring keeping the fence tight throughout all seasons and under all conditions. It is used by the principal farmers everywhere. The cost to you is no more than the price of other fence of equal weight. Insist on getting it.
