TO ADVERTISERS.

The Industrial World, on account of its
large and general circulation, commends itself
as an advertising medium for all who seek
to connect with manufacturers and the whole-
sale trade. Its advertising rates are low when
compared with those of other leading scientific
and industrial publications. Care of adver-
tisements should be ordered
by the advertiser by Tuesday morning in
order that some parts of the paper go to press
in time.

TO CORRESPONDENTS.

The department "National Industries," is
open for the unrestricted use of those who
desire to place their views on interesting
subjects before their brethren in the trade.
Nothing in the nature of an advertisement
will be printed in this department.

The publisher will be obliged to all who will
contribute in items of news or late occurrences,
and such will be printed in their appropriate
places.

dressed to
