

MONTREAL MINING EXCHANGE.

MARKET EXCEEDINGLY DULL AND QUIET — DEER TRAIL SOLD IN LARGE BLOCKS — OREGON UN-CHANGED.

Montreal, April 12.

The market was exceedingly dull and uninteresting to-day. There were a few peddling sales of Virtue made at regular prices amounting to about 4000 shares. The final sales were made at 118; broken lots sold at 110, the stock being offered at 118 at the close. There is nothing new to report in connection with the collateral mine, present stockholders are prepared and willing to await further development, and in the mean time are quite satisfied with their bargains.

Work on the Centre Star is progressing as favorably as possible. Concrete foundations for the new machinery are being completed, work is still going on at the big compressor house. Everything is being put into place as expeditiously and as economically as is possible. There seems to be enough work ahead of the Centre Star management to keep a number of men busy for the next two months.

All the mines in the Wilson district are now paying the Slocan standard scale of wages.

Payne was a trifle stronger, but was very much neglected, 120 was bid with sellers offering the stock at 122 and 123.

Republic was quiet, the closing quotations being 111 and 105.

War Eagle and Centre Star were likewise left to take care of themselves.

Deer Trail Cons sold in large blocks of 10,000 shares at 9½ cents for future delivery.

Okanogan shows no change at 2½ cents at which price 2000 shares changed hands.

Montreal-Oregon sold to the amount of 3,500 shares at 30c. There seems to be a pretty firm demand round 30c.
