**ONE
MAN'S
VIEW.**

A well-known mining man recently finished an inspection of the ANTHRACITE coal fields of Pennsylvania. When asked what impressed him most, he said :—

"The acidity of the water, and the fact that of all the pumps I saw there two out of three were Jeanesville Pumps."

An indication at least that we know how to handle the acid water problem.

When you send us the lift and quantity of water and the available power, we will send you complete information about what we can do for you.

Our bulletin No. 8, fresh from the printer, is full of up-to-date information. Write for it now before you forget.
