

**A**LL IS NOT GOLD THAT GLITTERS." is the old proverb. If it be true generally, it is specially so of the "Gold Chain" trade. Much of the chain made in Birmingham "for export" might more truthfully be called "copper alloy" than gold, for almost three-fourths of it is base metal. Our

**STANDARD GOLD CHAINS**

are all made of sufficient fineness to resist nitric acid, and not to tarnish in wear, each part being polished to the highest bright-burnished surface. Our COLOURED CHAINS

**Are Coloured by the Acid Process.**

(not gilt), and can all be relied on as a standard of fineness. To prevent deception, we stamp each chain R. W. & Co. on the swivel, without which mark we do not guarantee any chain. To be had of all Jewellers.

GELATINE, a perfect and economical substitute for Isinglass.

**CHLORODYNE**

Has now obtained such universal celebrity as a remedial agent, it can scarcely be considered a speciality, its essential composition being known to most European practitioners.

It may be administered in almost any fluid or on sugar. Sold in 1, 1 1/2, 3, and 8 oz. bottles, and in bulk for dispensing.

Many of the Chlorodynes of commerce are not of uniform strength, and vary in their effect, which has induced MORSON & SON to compound this preparation to remedy these defects.

The dose for an adult is from 10 to 20 drops (and 1 minim is equal to 2 drops); the dose may, however, be increased in special cases to 25 or even 30 minims, but it is best to commence with the lesser dose.

MORSON'S PREPARATIONS are sold by all Chemists and Druggists throughout the world.

Mrs. Brown (to Landlord).—"Good evening, Mr. Burnpan, how do you like my new scarf à la Fire-Escape? I have come to see my friend Mrs. Highup, No. 745, fifth floor, and you know the old proverb, "Prudence is the Mother of Safety." Not that I mean that..... but..... in case of accidents, you know." (Exeunt up the stairway, no elevator being provided).

**DR. J. COLLIS BROWNE'S CHLORODYNE.**

THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Group, Ague.

CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From LORD FRANCIS CONYNHAM, Mount Charles, Donegal: 17th December, 1868.

'Lord Francis Conynham, who this time last year bought some of Dr. J. Collis Browne's Chlorodyne from Mr. Davenport, and has found it a most wonderful medicine, will be glad to have half-a-dozen bottles sent at once to the above address.'

'Earl Russell communicated to the College of Physicians that he received a dispatch from Her Majesty's Consul at Manilla, to the effect that Cholera has been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.'—See *Lancet*, 1st December, 1864.

CAUTION.—BEWARE OF PIRACY AND IMITATIONS. Vice-Chancellor Sir W. PAGE WOOD stated that Dr. J. COLLIS BROWNE was, undoubtedly, the inventor of CHLORODYNE; that the story of the Defendant, FREEMAN, was deliberately untrue, which, he regretted to say, had been sworn to.—See *Times*, 13th July, 1864.

Sold in Bottles at 1s. 14s., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words 'DR. J. COLLIS BROWNE'S CHLORODYNE' on the Government Stamp. Overwhelming Medical Testimony accompanies each bottle.
