No advertisement of any business which we regard as fraudulent or of evil tendency will be accepted at any price. It being our desire to make GRIP advertisements unique and effective, we will freely supply expert aid to advertisers in the invention, construction, writing and illustrating of their ads. Designs and terms submitted on application.

**HOW A BRIGHT LITTLE GIRL'S  
LIFE WAS SAVED.**

*A Terrible Sufferer from St. Vitus  
Dan. v.—Could not feed herself and  
had to be closely watched.*

Recently, says the Shelbourne Economist, Mr. and Mrs. John Lindsay, who live in Mono township, told a reporter of the terrible suffering of one of their children and its restoration to sound health. It appears that during the winter of 1891-92 the child, Fernie by name, contracted la grippe, and although she recovered from the usual symptoms of la grippe, she was never the same in health and strength. Her nervous system had been deranged, and as time passed the terrible symptoms of St. Vitus dance were noticed by the parents. Doctors did all they could for her but instead of getting better she became worse. She could not feed herself, nor could she take hold of a cup when handed to her. She would frequently fall down when attempting to walk across the floor, and had to be closely watched for fear she might at some time fall on the stove. She completely lost control of her limbs. She could not turn herself in bed and her parents had to turn her. She was perfectly helpless and had almost lost the power of speech. When she did speak it was with difficulty she was understood, as her tongue was drawn to one side and she had lost control of it. The condition of the poor child was pitiable in the extreme. The father determined to try Dr. Williams' Pink Pills. They commenced the treatment and by the time three boxes were used she had improved to a marvellous extent. In April last, the child having fully recovered, no more pills were given her. Several months have passed since then and there has been no relapse and no sign of a return of the terrible malady. The parents state emphatically that Dr. Williams' Pink Pills saved the life of their little girl. For all nervous disorders Dr. Williams' Pink Pills are the only thorough and reliable cure. They act directly upon the blood and nerves, restoring them to a sound condition, thus driving out disease. Sold by all dealers or sent post paid on receipt of 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont., or Schenectady, N. Y.

Will the gentleman who called at GRIP office on the 16th and left \$4 when the manager was out, kindly send his name so the money may be placed to his credit.

Mr. GEO. W. LIDDELL, 40 1/2 Victoria Square, Montreal, is the duly accredited advertising agent for GRIP in Montreal, and is authorized to make contracts for us.

COMPLAINTS reach us that subscribers who have paid their money to agents do not get GRIP. It is always better to order direct from the office of publication. Two dollars enclosed in a letter addressed to the Phoenix Publishing Co., or to the Publishers of GRIP, 81 Adelaide St. W., Toronto, will pay for GRIP for a year and we will see that it is regularly and promptly mailed.

We again direct attention to the offer of a set of World's Fair views to those who procure subscribers for GRIP. Particulars will be found on our last page. Further, to give present subscribers an opportunity to obtain these views, we will send a complete set to anyone on our list, for the small sum of fifty cents.

MR. J. H. MCCLELLAN of Brantford is authorized to act as travelling agent for GRIP in Western Ontario, and to make collections, take orders, and make advertising contracts.

**APPLETON'S POPULAR  
SCIENCE MONTHLY**

Edited by WM. JAY YOUMANS.

The Popular Science Monthly is without a competitor.

It is not a technical magazine. It stands alone as an educator, and is the best periodical for people who think.

All its articles are by writers of long practical acquaintance with their subjects, and are written in such a manner as to be readily understood.

It deals particularly with those general and practical subjects which are of the greatest interest and importance to the people at large.

Besides this, it keeps its readers fully informed of all that is being done in the broad field of science.

A reference to the contents of any of the late numbers will more than confirm the foregoing statement.

\$5.00 per annum; specimen copy, 25c.
