BRITISH EXPORTS TO FRANCE.—A return to the House of Commons exhibits the declared value of produce and manufacturers of the United Kingdom exported from the United Kingdom to France for the last six years. It appears from this return that we exported to France in 1854 goods worth 3,175,290l.; in 1855, 6,012,658l.; in 1856, 6,432,650l.; in 1857, 5,213,358l.; in 1858, 5,863,131l.; in 1859, 4,754,354l. Her Majesty's Colonies during the same years exported goods the computed value of which was in 1854 3,216,175l.; in 1855, 4,409,223l.; in 1856, 4,038,427l.; in 1857, 5,113,465l.; in 1858, 4,379,070l.; and in 1859, 4,500,504l., and that this increase steadily progressed for the next two years, reaching in 1857 the sum of 11,396,823l. In 1858, however, they declined to 9,242,201l., a decrease of 2,084,622l.; and exhibited only a very slight recovery during the last year of 12,657l., on a total of 9,254,858l.

THE RESULT OF A JOKE (?)—There is now in a female lunatic asylum at Hammersmith, a lady of exquisite beauty, who was driven mad by being suddenly started by her maid. The lady's name is H. and she resided with her husband, Mr. H. a wealthy sharebroker, at a splendid mansion in Cavendish-square. One evening about six weeks ago, she strolled in the dusk into her husband's library to procure a book. The lady's maid saw her enter the apartment, and in mere frolic concealed herself behind the curtains belonging to the window, until her mistress had placed her hand upon the work she came in search of, when she suddenly sprang upon her with a loud shout. The lady was so astounded by the shock that she was struck almost senseless. Delirium ensued; confirmed madness followed, which has ever since continued without abatement, to a degree dangerous to all who came near her. Her propensities are fierce and vicious; she tries to bite at all who approach her, and it is more than probable she will never recover her reason.—Court Circular.

A MODEL DICTIONARY.—It is rather refreshing to turn from the warfare between the publishers of "Webster and Worcester," to the waggish suggestions of Horace and James Smith, for a dictionary which should give the meaning of things as well as words. We published a few specimens some weeks since, and their reception induces a second notice. Argued. With fools, passion, vociferation, and violence. With ministers, a majority. With men of sense, a sound reason.

Bachelor. Plausibly derived by Junius from the Greek for foolish, and by Spolman from Baculus, a cudgel, because he deserves one. A politician, who is afraid to marry, lest his wife should become his mistress, and who generally concludes by converting his wife into his mistress.

Baker. One who gets his own bread by adulterating that of others.

King. According to the modern doctrine, the hereditary proprietor of a nation; according to reason, its accountable first magistrate.

Bed. An article in which we sleep, and pass the happiest part of our lives, and yet one which we never wish to keep.

Babins. Noisy, lactiferous animals, much desolated by those who never had any.

Esquire. A title much in use amongst the lower orders.

Face. The silent eco of the heart.

Faction. Any party out of power.

Infant. A mysterious meteor sent to us from the invisible world, into which, after performing the evolutions incidental to the seven ages of man, it will finally return.

BURNETT'S KALLISTON.—This is one of the best cosmetics it has been our fortune to use, and we don't hesitate to endorse it as embracing more excellencies than any other like preparation in the market. For use, after shaving, it is unequalled, and for chapped hand or any irritation of the skin, it acts like a charm. Added to these qualities, it is fragrant and serves as a very choice perfume. It is positively indispensable for either a lady's or gentleman's toilet.—Ballou's Pictorial.

DR. WISTAR'S BALSAM OF WILD CHERRY.

Ballou's Pictorial, of the 24th July, says—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously endorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their Coughs, Colds, Bronchial or Pulmonary Complaints, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive:— From Rev. Henry Wood, formerly editor of the Congregational Journal, Concord, N.H., more recently American Consul at Beyroot, Syria, and now Chaplain in the Navy.

Concord, N.H., March 2. Messrs. Seth W. Fowle & Co., Gentlemen:— Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficiency of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of Wistar's Balsam of Wild Cherry, with confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow-sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly, HENRY WOOD.

CAST STEEL CHURCH BELLS.

THE Subscribers having been appointed AGENTS for CANADA, for the sale of CAST STEEL CHURCH and FACTORY BELLS, are now prepared to execute Orders for them to any extent that may be required.

These Bells are made by Messrs. NAYLOR, VICKERS & CO., of Sheffield, England. They have pure, melodious sound, peculiar to steel, owing to the elasticity of the metal the sound penetrates to a great distance.

Cast Steel Bells are much lighter than those made of ordinary bell-metal of the same size, and are consequently more easily rung; and owing to the density and also to the well-known strength of the material, it is almost impossible to break them with ordinary usage.

These bells have been successfully introduced in some of the largest cities and towns in the United States and Canada, for Fire Alarms, Churches, Factories, &c., and being sold much cheaper than Composition Bells, this fact in connection with their lightness, strength and sweetness of tone, cannot fail to commend them to public favor.

Cast Steel Bells combine, therefore an improvement in quality and power of tone, with greater facility for placing and ringing them, from their diminished weight and a very material saving in price.

CHIMES CAST TO ORDER with GREAT ACCURACY. Every Bell is warranted for one year, with proper usage, in any climate.

Printed Circulars, with descriptions, recommendations, prices, &c., will be furnished on application to FROTHINGHAM & WORKMAN, Montreal, Agents for Canada.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD,

And for the speedy cure of the subjoined varieties of Disease:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Itchings, Boils, Malign, and all Skin Diseases.

CHARLTON, Ind., 6th June, 1859.

J. C. AYER & Co., Gentl: I feel my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms, sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was obliged to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla), for I knew from your reputation that any thing you made would be good for me. I went to Cincinnati and got it, and used it till it cured me. I took it as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. Now and healthy skin has been restored from under the scales which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tell you that I hold you to be one of the apostles of the age, and remain ever gratefully, ALFRED B. FALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Frolic writes from Salem, N. Y., 12th Sept. 1859. I have been afflicted with a skin disease, which threatened to terminate fatally, by the persevering use of your Sarsaparilla, and also a dangerous attack of Malignant Febrile by large doses of the same, says he cures the common Eruptions by its constantly.

Bronchitis, Gout, or Swelled Neck.

Z. Union Sloan of Post-Post, Texas, writes: "Three bottles of your Sarsaparilla, cured me from a Gout, a disease swelling on the neck, which I had suffered from over two years."

Disruption of Whites, Ovarian Tumor, Uterine Obstruction, Frequent Discharges.

Dr. J. B. S. Channing, of New York City, writes: "I have been constantly and exclusively using your Sarsaparilla for the numerous complaints for which we can give such ready relief, especially in Female Diseases of the Scrofulous diathesis. I have cured many cases of Leucorrhoea by it, and some where the complaint was caused by ulceration of the uterus. The operation itself was soon cured. Nothing within my knowledge equals it for these female diseases."

Edward S. Morrow, of Newbury, Ala., writes: "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remained."

Syphilitic and Mercurial Disease.

Dr. J. C. AYER, Sr. I cheerfully comply with the request of your agent, and report to you some of the cases I have cured with your Sarsaparilla.

I have cured many cases of the complaint of the complaint for which it is recommended, and have found its effects wonderfully in the cure of Gonorrhoea and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the throat, and he was nearly cured by your Sarsaparilla. Another was attacked by some of the symptoms in his nose, and the ulceration had nearly destroyed a considerable part of it, so that I believe the disease would have been fatal, but he was cured by your Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remained."

Rheumatism, Gout, Liver Complaint.

Dr. J. C. AYER, Sr. I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored to me general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREEMAN.

John Y. Gatchell, of St. Louis, writes: "I have been afflicted for years with an affection of the liver, which destroyed my health. I tried every medicine, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the liver. My beloved pastor, the Rev. Mr. Eddy, advised me to try your Sarsaparilla, because he said he knew of no other thing you made worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries, and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit of our detailing them. We have secured from the American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Nourgia.

Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and all the Hoarse and Coughing Affections in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtue. Its wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some persons who have experienced its effects. Some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.
