PROSPECTUS.

The success which has attended Loan and Investment Companies in Canada and elsewhere, and the steady and increasing growth of agricultural enterprise, lead the promoters of The Real Estate Loan and Debenture Company to believe that the present is a favourable time to commence business. They would point to the fact that in every well managed loaning Company in Ontario having real estate as the basis of security, the Shares stand at a premium; while at the same time fair dividends, varying from six up to twelve per cent. per annum, have been paid on their capital stock; with this additional advantage, that the Shares have always maintained a steady market value, and have never suffered from the severe depression to which the Shares of many other monetary institutions have been subjected of late years to the very serious loss of individual Shareholders. It is but a very few years since institutions were first established in this Province having for their special object the loaning of money to improve real estate; yet the aggregate amount invested by them in Ontario alone at the present time is over \$40,000,000, while the losses upon the enormous business which this sum represents have been very limited indeed.

The Directors of The Real Estate Loan and Debenture Company believe that they have peculiarly favourable facilities for the transaction of business; and, without indulging in too sanguine anticipations as to the future, they feel the utmost confidence in the complete success of the Company; an object which they will steadily and constantly use every effort to achieve. The loans of the Company will be strictly confined to first-class securities, with ample margins to cover all possible contingencies; and the Mortgages, Debentures, and other authorized Securities purchased, will be only those of a perfectly undoubted character. The element of safety is one which will at all times secure their first consideration.

The By-laws have been framed with a careful regard to the best interests of the Shareholders, and at the same time with a liberal effort to meet the requirements and convenience of Borrowers, Depositors, and Debenture-holders.

The Shares of the Company have been placed at \$50 each; and, with a view of meeting as far as practicable the requirements of all classes of Investors, these may be subscribed for on either of the two following plans:—

- (1.) By a payment of \$2 per share at the time of subscribing, and \$4 per month thereafter, with the option of payment in advance; or
- (2.) By an instalment of 10 per cent at the time of subscription, subject to such further calls as the Directors may from time to time determine upon; the same not to be made oftener than once in three months, nor to exceed twenty per cent. in any one year.

Applications for Shares will be received by the Manager of the Company, No. 38 Toronto Street, Toronto.

TORONTO, January, 1880.
