Gas Service Ends Fuel Troubles

THERE'S the Gas Steam Radiator for instance—each radiator is a complete, efficient heating unit in itself.

Gas Radiators Are Economical

You operate them only when you want heat. Some have automatic control and may be so adjusted that they are lighted at a certain hour in the morning and automatically turned off later when the thermometer has reached the right degree.

Think what it means to have your comfort assured with no smoke, ash, dirt, labor or fuel shortage troubles to consider.

Telephone Seymour 5000 and talk the proposition over with the New Business Department.

Only the Hoover lifts the rug and flutters ("beats") it more than 1000 times a minute on a cushion of air

THREE CLEANERS IN ONE

Some people go over their rugs with a vacuum cleaner. Next they use a broom for clinging litter and they feel they must have their rugs beaten every so often.

Other people Just Run the Hoover Over. Their rugs are always "clean to the roots." The nap is kept upstanding and the colorings always look bright. The rugs wear years longer.

Certainly it is better to combine three cleaning operations in one as only the Hoover does; which is the one secret of it's largest sale.

We will gladly demonstrate the Hoover on your rugs, without obligation to you. Just Phone Seymour 1670, Hoover Department.
