The Order being read for the report stage of Bill C-144, An Act to provide for the management of the water resources of Canada including research and the planning and implementation of programs relating to the conservation, development and utilization of water resources, as reported (with amendments) from the Standing Committee on National Resources and Public Works.

Mr. Harding, seconded by Mr. Rose, moved,—That Bill C-144, An Act to provide for the management of the water resources of Canada including research and the planning and implementation of programs relating to the conservation, development and utilization of water resources be amended by adding thereto a new Clause 5A to read as follows:

“5A. No inland waterways shall be diverted for the purpose of exportation without the approval of Parliament.”

After debate thereon, the question being put on the said motion, pursuant to section 11 of Standing Order 75, a recorded division was deferred.

Mr. McCleave, seconded by Mr. Aiken, moved,—That Bill C-144, An Act to provide for the management of water resources of Canada including research and the planning and implementation of programs relating to the conservation, development and utilization of water resources be amended by inserting a new clause 37:

“Construction.

37. This Act shall not be construed to authorize any treaty or convention with respect to exporting the water resources of Canada, and
