for your kind words, I don't know if you think that I please you the better for me. I don't want to tell you the other can't be true. I don't want to tell you the other can't be true. I don't want to tell you the other can't be true. I don't want to tell you the other can't be true.

Dear Ford! for the good news in your letter, nothing else matters. I was extremely anxious & am delighted all is well, but Rod is a disappointment, but can't be helped, the fact that I was unsuccessful does not in the least dim my gratitude to those who tried to secure it for me,

Ottawa has not yet informed me whether I am to receive liberal treatment re railway transportation or otherwise, I am delighted with Francis Gow's appt as "Gow", he will make a success.

With all good wishes for a delightful trip & renewed health, How to thank you
