THE POLICY WITH REFERENCE TO NEW BUILDINGS and EXTENSIONS.

Here the more urgent demands seem to be:-

- > A dormitory or dormitories;
- > A building for Mining and Metallurgy; and Geology.
- > An addition to the Library.

Other suggestions and departmental requests for enlarged space relate to:-

- (1) An extension of the Physics Building (lecture theatres, laboratory and library space);
- (2) An extension of the Royal Victoria College;
- (3) Accommodation for the Department of Physical Education;
- (4) Accommodation for the School for Graduate Nurses;
- (5) Accommodation for Faculty of Dentistry;
- (6) Accommodation for Faculty of Law;
- (7) Accommodation for Museum Collections;
- (8) Accommodation (with offices) for the Graduates' Society;
- (9) Studio space and museum accommodation for the Department of Architecture;
- (10) An enlargement of the Stadium;
- (11) An enlargement of Playing Fields;
- (12) Construction of added equipment, etc., for various Laboratories (v. appendix).
