

The Board of Control's Comprehensive Scheme of Annexation to the West and to the East

THREE PROPOSALS FOR ANNEXATION

A Comprehensive Scheme Is Favored by the Board of Control.

BEFORE COUNCIL SOON

Six Thousand Acres Are Included in Three Recommendations.

The board of control dealt with annexation yesterday and framed up and passed on to the council three proposals for annexation, forming "a comprehensive scheme" as per the views of the council expressed at the last time they had the question before them. The motion that passed the board yesterday was one of expediency and it will be discussed and voted on by council at the meeting on Monday. If it passes the council it will then be a matter of later reference to the municipal and railway board, where petitions for and against the three proposals will be heard. The municipal board can ratify one or all or none of the three proposals, as they decide after hearing arguments on either side. About 6000 acres are included in the three annexes recommended to the council by the board.

The first parcel is north from the city limits to 400 feet beyond the old Belt Line (about 1700 feet north of Eglinton avenue) and west from North Toronto (now in the city) to Bathurst street.

The second parcel is north from the city limits to a line running east from Yonge street along the north limits of Mount Pleasant cemetery, south along Bayview avenue to Moore avenue, east from Moore avenue straight to Leslie street, south along Leslie street to the C. N. O. tracks (Perry Sound line), east along those tracks to 500 feet east of Woodbine avenue and then straight across to Scarborough town line.

The first two parcels had been recommended for annexation by the board at a previous meeting of the council, but the recommendation was referred back, pending a report from the board upon a comprehensive policy of annexation. That policy has been prepared by Ald. Wickert, adopted by the board and will go on to council next Monday.

By submitting the territory in three parcels, any one parcel may be annexed without prejudice to the others, or two parcels or the three may be annexed.

Mayor Hocken, Controller McCarty and Controller O'Neill voted for the motion of expediency to annex the three parcels. Controller Foster offered no opposition. Controller Church was absent in Saskatoon.

The two plans printed herewith give an idea of the north bounds proposed for the city.

The smaller one includes the two proposals for dealing with the west. In substance it makes 1700 feet north of Eglinton avenue the proposed boundary for the first annex, and will practically mean the north limit of the north bound from the present western bound of the city in old North Toronto and going over to Bathurst street.

The second annex is all west of Bathurst street and south of Eglinton avenue over to Prospect Park cemetery (west of Bathurst street). West of Prospect Park cemetery is West Toronto, now a part of the city.

The city under these two plans would go north of Eglinton avenue west of North Toronto as far over as Prospect Cemetery.

The third annex is illustrated by the larger diagram. It takes in Mount Pleasant cemetery (all north of the city limits) and the present north bound of the city east of Bayview to be a line a quarter of a mile north of St. Clair avenue over to the town line.

Roughly, the new north bound of the city west of North Toronto would be a quarter of a mile north of Eglinton; east of North Toronto, a quarter of a mile north of St. Clair avenue.

QUEEN MOTHER RECEIVES PAGE.
LONDON, July 18.—(Can. Press.)—The Queen Mother Alexandra this afternoon received Walter H. Page, the American ambassador, at Marlborough House.

THE WORLD has received so many applications from those who neglected to secure a copy of Seymour Eaton's 100 Lessons in Business, that we have obtained from the publishers a small shipment of these books, and they will be distributed to those who first apply.

Only one coupon will be necessary together with 77 cents which merely covers the cost of duty, freight and packing. Clip the coupon and mail it today if you would be a possessor of one of these books by the greatest business writer of the century. Seymour Eaton is a wizard in mathematical condensation and his original short cut in figures, which was published twenty-five years ago, has never been improved on. The book should be in the hands of every school boy and girl and is practically indispensable to the business man or artisan.

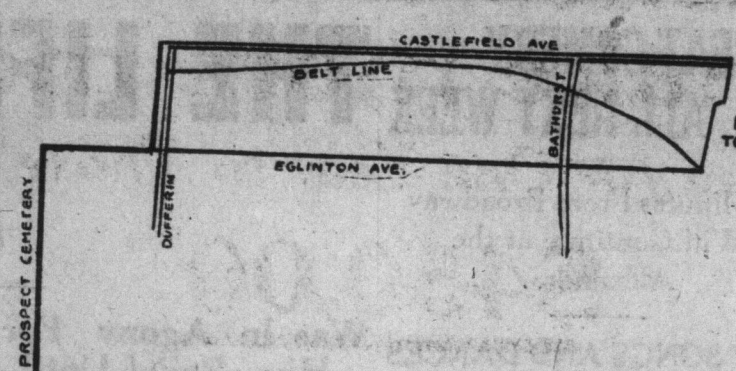

Remember the attached coupon and 77 cents secures it. This coupon when presented or mailed to The World Office together with 77 cents is good for one copy of Seymour Eaton's book entitled "100 Lessons in Business."

THIS COUPON

together with 77 cents, if presented at The World Office, 40 West Richmond Street, Toronto, or 15 East Main Street, Hamilton, entitles the bearer to one copy of Seymour Eaton's great book, "100 Lessons in Business."

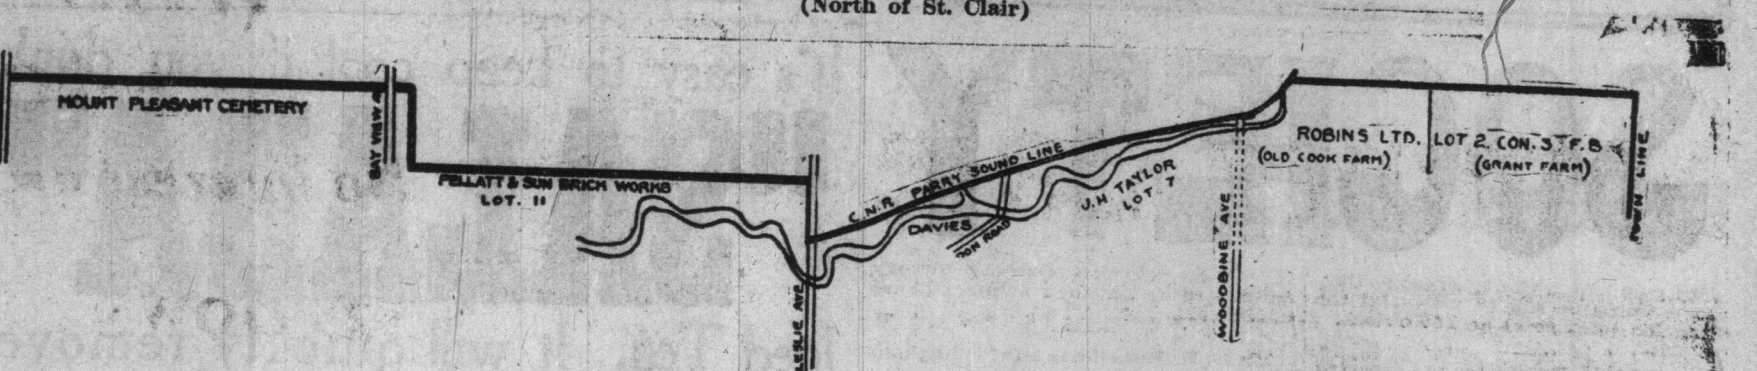

THE WEST PLAN

(North of Eglinton)

THE EAST PLAN

(North of St. Clair)

Cadets at Exhibition.

Cadets from home and abroad will be featured again this year at the Canadian National Exhibition. England is sending a corps to shoot for the King's prize, and Nova Scotia, winner of the trophy last year, will send a team to defend it. Queen's Own and other cadets will also take part in the competition.

DECREASE SHOWN IN BANK DEPOSITS

Savings Nearly Ten Millions Less Than Recorded Year Ago.

CURRENT LOANS LARGE

Increase in Twelve Months Is Nearly Fifty Million Dollars.

OTTAWA, July 18.—(Can. Press.)—The statement of the Canadian chartered banks for the month of June, which has just been issued by the finance department, shows a considerable decrease in deposits on both savings and current accounts. As compared with the month of May there is a decrease of \$7,826,634 in savings deposits, which are nearly ten millions less than they were at the end of June a year ago. Deposits on demand, that is for current business, show a decrease of \$1,339,714 for the month, and are less by ten and three-quarter millions than they were at the end of June, 1912.

Other features of the June bank statement are decreases during the month in call loans both in Canada and by Canadian banks abroad. Current loans in Canada show a slight increase during the month, but as compared with the end of June a year ago are greater by more than \$50,000,000. In the twelve months period the banks have increased their current loans by \$1,339,714. Savings deposits \$7,826,634. Bank notes in circulation \$105,697,629. Increase \$2,695,692.

Comparing the statement for June, 1913, with that of the same month of last year there is shown a decrease of \$59,478 in call loans in Canada; a decrease of \$31,206,292 in call loans abroad; an increase of \$50,319,920 in current loans in Canada; an increase of \$2,640,113 in current loans abroad; a decrease of \$10,730,261 in demand deposits in Canada; a decrease of \$9,888,718 in savings deposits; and an increase of \$3,885,781 in bank note circulation.

FAKE CHEQUE OPERATORS IN ONTARIO.

NIAGARA FALLS, Ont., July 18.—(Special.)—Two fake cheque operators who passed worthless cheques on Matthew Walsh Miller of the Strong Drug Company, here a week ago, have operated extensively throughout York and Ontario, it was learned today. The Century Bank, New York City, today engaged Burns detectives to trace the operators. All cheques passed purported to be certified by the Century.

Band at Hanlan's Saturday and Sunday

Music lovers of Toronto will have their fill this afternoon and evening, also tomorrow (Sunday) afternoon and evening, and for the balance of the week; when the Band of the 9th Mississauga Horse will render the following program:

- | | |

| INTERVAL | |
| 6. Hungarian Rhapsody, No. 2 | Liszt |
| 7. Entr'acte—Butterflies | Stemke |
| 8. Selection—The Yeomen of the Guard | Sullivan |
| 9. Reminiscences of Tschakowsky | Arr. by Godfrey |

NORTH TORONTO ENTERS PROTEST

Residents of District Express Regret at Apathy of Council.

WANT IMPROVEMENTS

Permanent Pavements and a Straight Road Thru Cemetery Are Demanded.

At this meeting of North Toronto ratepayers expressed the keenest regret that the council had not extended to this district the consideration to which it is entitled in the matter of general and local improvements; that strong objection is taken to a temporary pavement on Yonge street, and it is their opinion that a permanent pavement should be laid on the east side of the present Metropolitan tracks; that nothing but a straight road thru Mount Pleasant cemetery will be acceptable to the ratepayers of this end of the city; that the assessment of this district shows partiality and prejudice, and that the ratepayers of the town of North Toronto be requested to make a united appeal against the same, and that a copy of this resolution be sent to the mayor and council of the city.

This resolution, moved by H. H. Ball and seconded by T. B. Bannister, was the unanimous opinion of last night's meeting.

NERVOUS PEOPLE MADE CHEERFUL

Dr. Williams' Pink Pills Rebuild Shattered Nerves.

Good blood—rich, red blood—makes all the difference between health and sickness. If the blood is thin and watery, the health of the whole body suffers. The sufferer becomes nervous and irritable; the stomach fails in strength and the appetite becomes poor. Food does not give the necessary nourishment, and the first feeling of weakness passes, as time goes on, into a general breakdown in the health. The case of Mrs. Angellique Gagnon of St. Jerome, Que., illustrates the truth of these statements. Mrs. Gagnon says: "I am fifty years of age and up to a few months ago always enjoyed the best of health. Then I began to feel run down and weak, without patience or ambition. My appetite grew poor, and my nerves seemed to be on edge, and the least noise or worry would make me irritable and nervous. Life became an actual burden and I could no longer look after my household duties. My doctor prescribed and ordered a change, saying that I was a nervous wreck. I tried to become interested in other things but failed, and my condition was really deplorable. I continued in this condition for several months, gradually going down, and as my doctor was not helping me I was easily persuaded by a friend to try Dr. Williams' Pink Pills. After taking the pills for a few weeks I could see an improvement, and I gladly continued using them for a couple of months, when I found my health fully restored. I am more than thankful for what Dr. Williams' Pink Pills have done for me, and I gladly recommend them to all who are weak, nervous and run down."

By making rich, red blood, Dr. Williams' Pink Pills cure such cases as Mrs. Gagnon's. In the same way they cure nervous headaches, neuralgia, indigestion, rheumatism, St. Vitus' dance, and the ailments that come to growing girls and women of mature years. If you are at all unwell start today to cure yourself with Dr. Williams' Pink Pills. What they have done for others they will surely do for you, if given a fair trial. Sold by all druggists or by mail, post paid, at 50 cents a box—six boxes for \$2.50—by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

Sam Hughes to Speak

Col. the Hon. Sam Hughes, M.P., will be present, and will deliver an address at the annual picnic of Ward No. 4 Conservative Association, to be held at Queenston Heights on Wednesday, July 28. In addition to Col. Hughes, the members of parliament representing the City of Toronto, both local and Dominion, will be present.

BRITISH WARSHIP OFF TO VANCOUVER

Entente Cordiale Marked the Week's Stay of New Zealand at Honolulu.

HONOLULU, July 18.—(Can. Press.)—The British battleship New Zealand sailed today for Vancouver, B.C., after a week of entertainment. The last affair was a dinner on board ship given by Capt. Halsey to Genl. and Mrs. Munton, Admiral Moore and Consul Rentiers and his wife. Yesterday Capt. Halsey and his fellow officers reviewed the infantry, cavalry and artillery stationed at Fort Schofield. A large crowd watched the New Zealand get under way while the American band played "God Save the King," and the ship's band played "The Star Spangled Banner."

SUSPECTS HELD ON BURGLARY CHARGES

Detective Grigg Arrests Two Men Alleged to Have Worked in West End.

On a charge of breaking into half a dozen different houses in the west end of the city, James Evans, 409 Dundas street, and Donald Crawford, 287 Dundas street, were arrested by Acting Detective Grigg yesterday afternoon. Altogether they did not get more than \$40 worth of goods, about \$10 of which was secured at 127 Ossington street at a residence on Wallace ave. They are believed to have worked exclusively in the western section.

Single Car Fares. Even a single car fare would improve matters much for them, he thought. Ex-Councillors D. D. Reid, R. L. Baker and others all spoke stoutly in favor of instant action to bring about improvement in the city's attitude to the district.

After the resolution had been carried it was decided that another meeting would be held on Thursday evening of next week.

TRIED TO SAVE DROWNING MAN

Toronto Man's Brave Attempt to Rescue Unknown Greek Was Futile.

Word was received in Toronto yesterday of a brave attempt at rescue from drowning, made at the Royal Muskhoka Hotel, Lake Rosseau, McCoskery, whose home is in this city.

A Greek, whose name is not known, had sunk in 14 feet of water and McCoskery and several others dived for the body. After a few minutes all desisted but the Toronto boy, who kept on diving, until after ten minutes had elapsed he felt the man's body in his hands. He was very tired, and it was only after a heroic struggle that he brought the Greek to the surface.

Efforts to stimulate heart action were continued for some time, but in vain, as life was extinct.

THREE SHOPLIFTERS TAKEN INTO CUSTODY

In the arrest of Frank Johnson and John E. Cryer in the store of the T. Eaton Company yesterday, Detectives Murray and Miller think they have the persons who have been conducting a wholesale shoplifting scheme on the big stores lately.

The pair, when arrested, had dozens of articles from Woolworth's and Simpson's stores, in addition to that which they had obtained at Eaton's. Souvenir spoons, brooches, fountain pens, rings, buttons, gold chains, lockers, and a pair of socks are only a part of the loot found on them when arrested.

They were taken to number 1 police station. Victor Penny, another shoplifter, was arrested by Detective Holder in a department store yesterday; goods from two of three houses were found on him.

NO CLUE TO DISAPPEARANCE OF VALUABLE PEARL NECKLACE

Scotland Yard Says the Matter Is One Wholly Concerning the Paris Police, While Lloyd's Agency Has Private Detectives Working on the Case.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, July 18.—Scotland Yard is confessedly without any clue to the mystery of the \$750,000 pearl necklace robbery, which they treat as a matter wholly concerning the Paris police. The latter insist that the pearls were stolen on this side of the channel, and that the pieces of French lump sugar and the scraps of the French newspaper substituted in the box, were put there to divert suspicion.

The problem the police must solve is this: The pearls were mailed in the Rue Provence office in Paris at 4 o'clock Tuesday afternoon, and the parcel, which had been registered, remained in that office until the mail was made up five hours later.

A parcel arrived at Mr. Mayer's office in Hutton Garden, London, by the morning post on Wednesday. When it was opened it was found that the pearls had disappeared and that lumps of sugar had been substituted for them. At what point did the pearls disappear—at the Paris post office, in the mail van, on the train, on the channel boat or in London itself?

The bag in which registered packages are carried from Paris to London is a heavy leather one with two locks and several seals, which were intact when it was reopened at the general post office in London. This would appear to narrow down the periods at which the box was opened to those during which it lay in the Paris post office before its despatch, and after it had been removed from the sealed registered bag on this side.

Mr. Mayer says the pearls were sent to London for safe keeping during the time he was absent on his holidays, they having been sent from London to Paris for submission to a possible purchaser, believed to be an American.

Mayer declared that if the pearls remain in Europe and are disposed of singly they will eventually find their way back, but if they are taken "East of Suez" they will never be seen again, as they will surely be bought by some one of the Indian rajahs, who are always eager to purchase gems of superlative value.

Lloyd's is revising its condition for insuring gems, and is demanding special precaution where they are sent by mail.

PARIS NOTIFIED. PARIS, July 18.—The Paris officials were officially advised of the pearl theft only this morning thru Private Detectives Calchas and Dobichon, employed by Lloyd's, who have been working on the case since early yesterday.

Apparently nothing has been discovered beyond the details from the post office of the usual routine of handling such packages.

QUARTER MILLION IN CAMPBELL ESTATE

Widow of Late Senator Is Sole Executrix and Heir.

Stocks and real estate amounting to the value of \$250,000 comprise the estate of the late Senator Archibald Campbell, who died on the fifth of February. The will was probated yesterday in the surrogate court.

The bulk of the estate was in stock in the Campbell Flour Mills Company, of which he held 234 shares of preferred stock worth \$224,800. Mrs. M. M. Campbell, widow of the senator, is appointed sole executrix and heir.

THROWN FROM HORSE. Fred Gallagher of 308 Coxwell avenue was conveyed to St. Michael's Hospital with a broken ankle yesterday afternoon, when a horse he was riding on East Queen street, near the Woodbine, shied and threw him off onto the pavement.

The Master Hand

Just as every picture by one of the great masters is recognized by certain distinctive qualities, so every

proclaims the hand of the master manufacturer. The proper keeping and scientific blending of leaf is a high art—and every "Grand Master" Cigar proves that "Davis knows how."
