Three Million French Soldiers Ready to Defend Paris

RUSH TO ENLIST 50,000 RECRUITS JOIN BRITISH ARMY IN THREE DAYS AT KITCHENER'S CALL

SPIRIT OF BRITAIN AROUSED BY GREAT FIGHT IN FRANCE

Events of Past Week Stir Up People to Point of Deathless Determination—Recruiting Stations Overwhelmed With Applications to Enlist—Fifty Thousand Join Colors in Three Days.

Special Direct Copyrighted Cable to The Toronto World.
LONDON, Sept. 3.—Calm, methodical, unemotional Britain, slow to arouse, is getting into a passion which is carrying the nation to the point of deathless determination to defeat the Germans. The glorious, gallant fight that the small British force has been making to stem the German flood towards Paris has touched the country's imagination, aroused the martial spirit, and caused a rush to the colors.

African war, it has taken a bit of pounding of their own forces to bring the people to the point of patriotic anger which the situation demands. Now they have reached that point, recruiting during the last three days probably has been greater than during the previous fortnight. Today the recruiting stations were overwhelmed, hundreds standing in waiting lines. It is reported that fifty thousand men have been accepted in the last three days. It is a glorious uprising of the whole nation, which has come fully to realize the necessity of not only clearing the seas of the enemy's ships, but of helping the allies on land

as well. With this condition prevailing, Earl Kitchener will find it possible to send a steady flow of fresh men to the front. The removal of the French Government to Bordeaux has received general approval. It is considered logical in the circumstances, yet the military authorities are not disappointed in the slightest degree, nor surrendering their confidence in the ultimate success. The Russian advance is highly encouraging and it is considered impossible that Germany can long stand such a tremendous sacrifice of men as it has been undergoing since the war began.

Gen. Joffre Is Expected To Fight Decisive Battle Before Walls of Paris

Canadian Press Despatch.
PARIS, Sept. 3, 8 p.m.—Military secrets are being so well guarded that all reference to them is largely speculative; but it is a reasonable supposition that Gen. Joffre prefers to accept a decisive battle against the Germans in front of the forts and the entrenched camp of Paris.

ruine and on the right bank of the canal which passes a few miles north of Luneville, in the Department of Meurthe and Moselle. These circumstances are taken by The Temps as evidence that the enemy has been hard hit and is suffering from losses in men and lack of supplies. The Liberte quotes an English officer who arrived here this morning from Fierette, 23 miles southeast of Pau, as saying he was wounded in a fierce battle near Compiègne, in which the Germans were driven back several times with heavy losses. He said that the moment he was wounded by a shell the French and English offensive was successful over a front of several miles, the Germans retreating toward the left.

Hoisland Masterpiece Again Wins Grand and Senior Bull Championship.

Re Ness of Howick, Quebec, swept the boards with his championship Ayshire cattle yesterday. His Hoisland Masterpiece, last year's winner, won both the grand and senior bull championships, and Burnside Masterpiece took the junior championship. In the aged cow class in milk, Beacham Spotted won easily, and another animal owned by Ness, Burnside Lady Lucky, took the three-year-old in milk honors. His Auchinham Fanny was winner of the dry cow section. The judging of Ayshire herds has not been attempted yet. In the Holstein section the honors were more evenly divided. The grand and senior bull championships were won by R. and J. Watson of Pine Grove farm, and the Homestead Coanthe Prime Canary. The junior bull championship was won by Dot's Bully Dot, owned by R. J. Kelly, Caledon, Ont. There are more Holsteins at the exhibition this year than ever before. Over two hundred of these animals are entered in the various contests.

Canadian Press Despatch.
OTTAWA, Sept. 3.—Col. Sam Hughes, minister of militia and defence, issued the following statement tonight: "Many splendid officers throughout the country are being annoyed by contemptible insinuations against the courage and zeal of many officers and men in the service who cannot get to the front."

The British Government, in response to the offer of Canada to assist, agreed to accept 25,000 men. The government of Canada transmitted that call to the militia of the country. The minister of militia laid down at the very outset: "That every man must go voluntarily."

Thousands Refused.
"The minister of militia has personally refused thousands of officers the privilege of going for various reasons. Some were physically unfit, some had large families and others would have left their families in distress."

"These officers and men may be required later, but for the contingent none such are required."

THREE MILLION DEFEND PARIS.
Three million French soldiers are ready to defend Paris from assault. New entrenchments outside the city have been begun on a large scale, several hundred thousand men being engaged in the work, under the direction of experienced army engineers. This work cannot be completed within several days, and the Germans are within 30 miles of the French capital.

Despatches state that Germany's troops to the north of Paris, exhausted thru days of marching and fighting, sought an armistice from General Paul Pau, the doughty one-armed commander of the French, who refused point blank.

Measures have also been taken to provide for the pursuit of German aeroplanes, especially those of the armored type, which will be prevented from flying over Paris. IMPRESSIVE EXHIBITION OF NEW FUR DESIGNS AT DINEEN'S.

It is the custom of thousands of visitors from outside Toronto to call on Dineen's—140 Yonge street—each year they come to the Great Fair. This season they will certainly be amply rewarded, for the display at this most favorably known house is more interesting and values greater than at any time during their half century's trading. Furs fresh from the factory are shown in the most fascinating designs, at prices that are surprisingly moderate and not raised on account of unusual conditions prevailing. You are assured of the most polite and considerate service at Dineen's. Men's fall hats, soft and stiff, are a feature at present, and a timely visit will repay every man who makes a selection at this "home of honest hat values." You can rely on the "strictly correct" style here. This is a big hat day at Dineen's—make your choice without delay.

A Fine Response.
"The response to the call is shown in the fact that, where 22,500 men were asked for, there are today on the grounds at Valcartier, upwards of 32,000 men, besides the Princess Patricia's regiment, 1000 men, and the regiment of Bermuda, 1000 men, all practically ready to take the field."

Should Rawhide Critics.
"Col. Hughes also said: 'It has been somewhat of a puzzle to me why officers who have been insulted throughout the country by a few cowardly critics did not rawhide them as did Major Sam Sharpe, M.P., of Uxbridge.'"

HOST FORTIFYING PARIS.

President Poincare and Ministry Greeted by Cheering Crowds—Headquarters for Ministry Established—Foreign Embassies and Numerous Functionaries of State Follow Cabinet.

Canadian Press Despatch.
BORDEAUX, Sept. 3.—(By way of Paris, 4:50 p.m.)—President Poincare and the members of the French Cabinet arrived here today and were greeted by immense and cheering crowds. They have established headquarters for the government.

Trains from Paris are arriving ever half hour, bringing the members of the foreign embassies and legations on numerous full carriages of the state. None of the newspapers had mentioned the decision of the government to come here, and yet every one in the city appeared to know what was transpiring and the very hour at which the party from Paris might be expected.

PRINCE COMMITTED SUICIDE.
Lady Randolph Churchill, who has just arrived here from Germany, via Holland, flatly declares Prince Frederick William of Lille committed suicide following a mistake made by his regiment in firing on other Germans. Lady Churchill says the prince was commanding a German cavalry regiment before Liege, and in the darkness his regiment fired on a German infantry regiment and nearly wiped it out. The infantrymen had been mistaken for Belgians. Fearing to have to explain to the kaiser, the prince put a bullet in his head. News of his death reached his widow on Aug. 14.

EXCHANGE REMAINS CLOSED.
Stock brokers were more doubtful today whether the stock exchange will be reopened before the end of the year. The closing of the Paris Bourse was due to the expectation of the siege of the city.

Turks Fight Armenians

PEIROGRAD (St. Petersburg), Sept. 3, 4:52 p.m.—The Turkish mobilization on the Persian boundary is slow. Many Christians and Kurds have refused to join the movement. The Turks are forcibly enrolling all persons of military age. There has been a serious conflict between Turks and Armenians in Bitlis in Turkish Armenia.

That the Arabian Nights play "Kismet," which will be seen here at the Princess Theatre next week, will again receive a large patronage by those who enjoy a beautiful and wondrous stage production, was proven by the demand for seats at the seat sale opening yesterday.

None of the newspapers had mentioned the decision of the government to come here, and yet every one in the city appeared to know what was transpiring and the very hour at which the party from Paris might be expected.
