

All those certainly cannot be considered misled. Those who deny the existence of God, are to be severely punished for their sins if God exist, and hence they wish to deny His existence altogether. They acknowledge that they exist themselves, and that they did not create themselves, and that the first man and woman certainly must have been created. They could not make themselves. The Darwinian theory, the most absurd that ever was invented, has no foundation whatsoever to rest on, except on the ravings of a disorganized brain. There is no real proof of his system. In the geology of the world, all the discoveries prove the Darwinian theory to be an hallucination. Fossils have been found in the strata and drift of every age of the world, but no incipient man, in his state of transition from a monkey, has been discovered, nor any animals in their ~~transient~~ condition from atom to animal.
