BRILLIANT DINNER FOR DOMINIONS' PREMIERS

London, June 21.-The parliamentary supper given by the Empire Parliamentary Association to welcome the dominions' premiers was a brilliant affair. The royal galleries of the louse of lords, in which the dinner was served, was crowded by a most distinguished gathering, including thirteen past and present dominion premiers, most of the ministers of the cabinet, and a large number of commoners and lords, including both government and opposition, the high commissioners of all the dominions, premiers and other ministers from overseas now in this country, including Lieut.-Gen. Smuts, Hon. Messrs. Burton and Hull of South Africa, and the Maharajah of Patiala and Sinha. The gathering numbered over two hundred.

The lord chancellor presided and proposed the toast to the King. Rt. Hon. David Lloyd George, premier, proposed the toast to "our cabinet colleagues from the dominions," to which Window boxes in hot situations should mier, and Hon. Wm. Hughes, Aus-Sir Robert Borden, the Canadian pre-

The question of the position with regard to the Military Service Act of the members of the St. Stanislaus Novitiate, Guelph, has been further considered by the department of militia and defence.

Montreal, June 21.—The local market for cash oats was stronger and prices were marked up ½c per bushel today. The demand continues quiet from local and country buyers and the volume of business was small.

The trade in flour today was rather quiet owing to the fact that the demand was principally for small lots to meet actual wants, and prices were unchanged. Business in baled hay continued very quiet.

Toronto reports to Bradstreet's that business conditions are generally very good, but, in regard to wholesale drygoods houses, dealers state that comparatively cool weather Las resulted in there being very little call for wash goods. There is no very brisk demand as yet for summer apparal, and some real warm days would do more to stimulate trade than anything else. Sorting orders and house thing else. Sorting orders and house sales are dull, wholesalers state, but orders for fall are coming in fairly well. Collections, too, have been good, and money returns are very sat-istactory. Prices are still advancing in some lines, and because of the in-creases merchants are induced to buy sparingly. Of course, in regard to

creases merchants are induced to buy sparingly. Of course, in regard to woolens especially, great stocks are not to be had.

The grocery trade is enjoying a steady, normal business. The sugar situation has been greatly relieved, and while prices are firm there appears to be ample for the demand. Dried fruits show little or no change. There seems to be a general feeling that the government will set prices for this year's supply. Prospects for canning seem to be bright, especially in regard to tomatoes and peas, with corn a probable short pack. Peaches are also likely to be short, while cherries and apples look promising. Prices of coffee are firm and advances are not unlikely. There is a good demand for coffee from the retail trade, whose stocks are becoming pretty well depleted. Provisions are still easy, both butter and eggs being fairly abundant at country points. Live stock prices took a slump this week, dropping from 50c to 75c per cwt. Top values this week were around \$17.50 per cwt., altho three or four head cashed at \$18 per cwt. Hog prices are steady at \$18, fed and watered. The hides and leather market is strong. The hardware trade is experiencing good business, altho some lines show marked advances in quotations. An advance of 5 cents per gallon in turpentine has been made, and even higher levels are expected.

REBOUND IN CORN FOLLOWS BREAK

Ideal Weather Continues, But Selling by Bears is Carried Too Far.

Chicago, June 21.—Bears eached themselves in the corn market. today by too much stress on the ideal weather. After a material break, prices made a sharp upturn and closed firm. % to 11/2 net higher, with July 143% to 144, and August 146% to 146%. Oats finished at 1/6 to 1/6 advance, Pro-

visions gained 30c to 65c. Aggressive selling forced prices of corn down gradually during the first half of the day. The hot wave in the southwest had been broken, welco rains had fallen elsewhere, and reports indicated that the crop contion was above the seasonal avera The fact that farmers appeared to have The fact that farmers appeared to have had ample opportunity to cultivate fields tended also to stimulate selling. In the last half of the session, however, improvement in cash demand was noted, and primary receipts were shown to be smaller than a year ago. Ensuing attempts by shorts to collect shown to be smaller than a year as Ensuing attempts by shorts to collect profits dischosed a lack of offerings an caused prices to tighten, especially oats displayed independent strength.

An advance at Winnipeg had mue to do with rallying oats from weaknes that had been due largely to improve weather. Houses with seaboard connections were good. nections were good buyers at the last Reports of a better cash inquiry tended to hoist provisions.

OPERATE NEWRAY MILL AFTER AN OVERHAULING

Work, Both Underground and in Mill. Will Be Pressed.

Isbell, Plant & Company, in their weekly market letter, say:
"It is learned on good authority that the mill at the Newray, having been completely overhauled and put in good shape, has now commenced operating again. While no definite word has been received as to the results being obtained, there is every reason to believe that such will be very satisfactory.
"The McIntyre management is understood to be enthusiastic over the
