LAND SETTLEMENT FOR WOMEN IMMIGRANTS

The meeting of the women's party, which took place at the Central Y. M. C. A. building last night, was marked by an increased attendance and by a brisk business session. Mrs.

L. A. Hamilton presided.

After the reading of the minutes the chairman read a letter she had forwarded with a view to interesting the government in land settlement for women who may come from Great Britain to Canada. She also spoke of attending a meeting of the ratepayers' association, at which she suggested that a woman should be placed on the housing commission. Also that a woman should have a place on the police commission. In the latter case a woman or women would form a kind of publicity and

vigilance committee. Mrs. Hamilton also spoke of the Open Forum which is held every Sunday afternoon at 3 o'clock, and of which Prof. Delury is president, and advised attendance to hear the questions discussed. A letter from Mrs. Turley of telling of a home-workers club established there and which it was thought would help to settle the domestic help problem, was read.

Reporting for the committee appensions for soldiers and their dependents, Mrs. A. W. Cleveland stated that investigation had shown that the \$16 a month allowed the orphan of a soldier was not sufficient to clothe and educate him. She advocated increased pensions for children and for returned men. A motion for this, moved by Mrs. Cleveland and seconded by Mrs. Dunnington-Grubb, FRED W. MATTHEWS CO. was carried. The motion included the request for equality of pensions children of fathers of all ranks. A conference with the war veterans, for the purpose of obtaining their views on the subject, will be held.
