

## A FEW CREMATORYS NEEDED

City Commissioner Again Urges That One Be Built in Northwest Part of the City.

## COMMITTEE WILL LOOK FOR SITE.

Suggestion That Management of Crematorium Be Turned Over to Street Commissioners Favorably Received.

Yesterday afternoon sub-committees of the property committee and the board of works met to consider the question of garbage disposal. The City Commissioner strongly recommended that a new crematorium be constructed in the northwest portion of the city, and a sub-committee composed of Ald. Coad, Bell and Hodgson was appointed to look over the ground and report on a suitable site.

The suggestion that the management of the crematoriums be transferred from the City Commissioner's Department to the Street Commissioners' Department was approved by both of these officials. This suggestion and the proposal to request the Toronto Railway Company to extend the agreement under which the city has the right to haul garbage over their tracks were both left over for further consideration.

Extended the Area. At a sub-committee meeting yesterday afternoon it was decided to recommend that the area for permanent sidewalks be extended so as to be bounded on the east by Parliament street, on the west by Dovercourt road, on the north by the street between the street and the street, and on the south by the street between the street and the street.

Police Station Alterations. Ald. Burns and Lamb and the City Medical Health Officer met yesterday morning to consider the plans submitted by Architect Denison, for the remodeling of Court Street Police Station. The result of the conference was that it was recommended that the alterations to the basement and second floor of the building, which will cost about \$10,000, be completed this year, and the rest of the improvements be made in the next year. The entire cost of the alterations is placed at \$15,000.

A Great Bear. There was considerable excitement yesterday morning at the Union Station when a Siberian bear, "Peter the Great," weighing over 800 pounds, it is said to be the finest and largest bear ever imported into Canada. Mr. A. E. Ames, the well-known trader, has presented this magnificent animal to the city to be placed in the Riverside Park Zoo, where a very strong and commodious cage has been provided for it. Ald. Lamb, at the station waiting for his arrival.

Shot His Own Son. New York, May 21.—Peter Anderson, a pianist, shot and killed his son, Gustav, today, in their home at Astoria, L. I. The son was a painter by trade, was unmarried, and was 29 years old. Anderson did not express any sorrow for his act. He told the policeman that his son had called him "old washerwoman," and other hard names, and he could not stand it any longer, so he shot him.

Where the Sugar Duff Hurts. The Canadian Greaves this week gives some editorial space to the new British custom duty on sugar. It is not done a day or sugar, for it affects such lines as cane sugar, molasses, and other sugar products. The duty is 10 per cent. The Greaves says that the duty is a great hardship on the sugar industry, and that it is a great hardship on the sugar industry, and that it is a great hardship on the sugar industry.

A portion of her letter reads as follows: "My father had often promised me to stop drinking, and would do so for a time, but then he would get stronger than ever. One day after a terrible spree, he said to me: 'I'll be no more. I can't stop drinking.' Our house seemed to turn to stone, and we decided to try the St. Nicholas Hotel. The British will be cheering for a cure, and we feel sure that the change is for good. Please send me one of your little books, as I want to give it to a friend."

FREE SAMPLE. A pamphlet and glass vial of St. Nicholas Hotel, Hamilton, is now in the hands of the proprietors, painters and decorators, who will make a special effort to make it second to none. He will make it especially attractive to commercial men, and as Mr. Hodgson's reputation as a caterer and the province is exceedingly well known, the St. Nicholas Hotel should obtain a large share of public patronage.

## Contentment cannot be too deeply purchased.

Foot-comfort and shape-retention are never dear, at the expense of mere fleeting finish.

Contentment to those who wear only that footwear which is priced and judged by the makers.

## MUCH IN LITTLE.

Trouble with Indians is brewing at Lander, Wyoming. The elections in Spain were mixed up with serious riots last Sunday. Alex. Macdonald of Dawson has been made a Knight of St. Gregory by the Pope.

A schoolboy in love was crossed by his sweetheart's father in Delhi, N.Y., and shot himself. Sir John Edmund Comyn, admiral of the fleet from 1892 to 1898, is dead. He was born in 1828.

Former Senator Pettigrew is named as the new executive head of the Great Northern Railway. John W. King of Lewiston, Idaho, is arrested, charged with the murder of his partner, Charles E. Thatcher.

John M. Glover, an ex-Congressman from St. Louis, Missouri, is reported to have met his death in the floods near Lake Col.

Percy L. Johnson, an attorney at Bridgeport, Conn., yesterday pleaded guilty to embezzling \$50,000, and was given six years.

The Anchor Line steamer California reached New York yesterday, with small party on board. She was detained in quarantine.

A despatch from St. Paul, Minn., states that the officials of the Lake and Ball roads have adopted a rate of 19¢ per car mile for the transportation of goods.

A building in New York collapsed yesterday and slightly injured two men. Former Congressman Boutwell of Bangor, Me., died yesterday at an asylum in Maine.

Plans are being made by the officers of the Pere Marquette line of Milwaukee, Wis., to furnish all the vessels of that line, seven in number, with a system of wireless telegraph, in order to be able to communicate with the vessels while on the lake.

Mr. T. W. Gibson says the Ontario mine exhibit at the Pan-American Exposition is very attractive. The display is surrounded by a figure representing Canada. The figure stands on a shaft of granite rocks, from the Black Diamond mine, Renfrew County.

Mr. J. Campbell's report states that from 1880 to 1888 over \$15,000,000 was expended in money and statute labor, in improving the Ontario highway and a great part of which, for lack of system, was wasted. Mr. Campbell was lecturing on good roads at Galesburg, Conn., yesterday.

Hon. E. J. Davis says that if the Canadian Greaves on sugar proves successful the department will arrange for similar excursions to the Ontario and Albany Railway is likely to be completed this year, which will stimulate the amount of sugar they contain. It says the decision of the British government will prove an interminable source of irritation, particularly to importers. Canada is the principal customer for the above named products in Great Britain. In this case, Canadian goods will suffer more than those of her rivals in California and other countries in the United States.
