No. 88 YONGE-STREET, TORONTO. London, England, office : F. W. Large, Agent, 145 Fleet-street, London, E.C.

THE WORLD OUTSIDE. The World can be had at the following lews stands:

delphia North American is out with slanderer had been busy with her redelphia North American is out with an illuminating article, accusing the putation, and she left a note stating of deliberately breaking that she could not face the loss of her may not be uninteresting in the near the laws of the country and flying in good name, the laws of the country and nying in south lame, the face of the constitution. As our the face of the constitution. As our contemporary clearly points out, the evil results that accrue from either early seventies, and in seventy-eight the miners, but the coal operators and gossiper, male or female, who reads the coal-carrying railroads. The en- of it. ter and the foundation of the State government. Section 5 of Article XVII. of the constitution provides as follows: "No incorporated company doing the business of a common carrier shall, directly or indirectly, prosecute or engage in mining or manufacturing articles for fransparents of years of the state government. Section 5 of Article tion of the decalogue, and yet its observed injunction of the decalogue, and yet its observed injunction of the decalogue, and yet its observance is of paramount importance to society. The reputation of the individual is as sacred as his or her life, or person or property; and it is ever occur to such men that if they themselves have so much trouble in dividual is as sacred as his or her life, or person or property; and it is everyone's duty to guard and shield about the strikees after you are dead? They will not affect you, but they will

all the shares of the Reading Coal dian railways in the matter of hauling and Iron Company; has, by virtue of such ownership, elected its president wood has already produced some information. the president of the mining company, them are the president of the mining company, the president of the mining company, them are the president of the mining company, the president of the presid and has, by this and similar owner-reason why the Canadian railways have ship in other companies, become the been so active in carrying United States

Mr. Baer is a law-breaker, content to find its own cars or borrow the and flagrant, by his presence as a factor in the present strike and coal-mining dispute. The very potency of his habit of using some of the coal cars habit of using some of the coal cars and the coal cars habit of using some of the coal voice in the present controversy is the of the coal combine in this way, but is "The English Drama." Another inpresident is, thru the ownership of the wind of it, and now they charge the Mackenzie, on Interest and Discount, president is, thru the ownership of the railroad, the dominant coal-mining factor in the anthracite region. Every time he appears in the present controversy he appears as a defiant violator of the constitution, treating its provisions with insolent contempt and threatening seventy millions of record wood in this province and the carrying the discourage the consumption of cord-ment and women, and Mr. Mackenzie, on Interest and Discount, will be resumed next Thursday evening, the 16th instant, in lecture room No. 2. at 8 o'clock. The first lecture of each course is free to the public, and either before or after each lecture those who wish to attend regularly may enrol their names.

Truesdale, president of the Delaware, the first half of that year.

Lackawanna and Western; Alfred

In the first six months of 1902 the Montread. As it did not, the company will have to construct to have the vessel reach months. Delaware and Hudson Canal Company; Thomas P. Fowler, president of the New York, Ontario and Western, and Irving A. Stearns, president of the Delaware, Susquehanna and Schuylkill. If there is an outlaw corporation on the face of the earth it is the Temple Iron Company, the anthracite coal trust. Its bonds and its dividends are guaranteed by the railroad companies whose presidents compose its directory and management. In short, the coal roads have acted in direct defiance of a constitutional provision designed to protect the public against just such an oppressive monopoly as the coal trust. The monopoly as the coal trust. The coreatures of the State the beneficiaries of the people they have broken and defied the people's laws in order to oppress and mulet the people.

And are these outlaw rafiroads and railroad presidents to be allowed to break the laws and go scott free?

railroad presidents to be allowed to iron. the brutal domination of an unscrupulous plutocracy—a greed-ridden ar-

the common people of the United privilege of telling how he did it. splendid health, the endowment of a States to throw off the obnoxious Some day the collected and sifted data healthy mother.
