Use Levers Dry Soap (a powder) to wash woollens and flannels,—you'll like it. County Council. The Elgin County Council met last week in St. Thomas. At their session on Wednesday the election for warden resulted in C. O. Luton, reeve of South Dorchester, receiving this position. Mr. Luton was born near Mapleton and has been a resident of this section during the greater part of his 42 years of life. He has been prominent in municipal affairs for a number of years, this being his fourth year as township reeve. On Thursday the report of Treasurer J. McCausland was received. It read in part as follows: On the 21st December there was a balance in the bank of \$5,675, and to credit of county as unpaid county rate \$33,400; due from government for administration of justice \$508, a total of \$45,583. At that date there was due the Molsons bank on notes of the warden and treasurer \$38,000, which have since been reduced to \$19,000; the county rates have all been paid except the sum of \$3,429. I have received from the executors of the estate of the late Nelson Chambers his request to the house of Industry, for the sum of \$5,051, which I have deposited in the Molsons bank special account, to be used as you direct by way of permanent investment or otherwise. It will be necessary for you at the present session of the council to pass a by-law authorizing the warden and treasurer to renew present outstanding notes and also to borrow, if necessary, say the

sum of \$25,000.—Referred to finance committee.

The following were elected chairmen of standing committees: Jail—Councillor Turner. Finance—Councillor J. A. McLean. Educational—Councillor M. M. Black. Petitions and legislations—Councillor Jackson.

Public improvement—Councillor J. E. Ly. House of Industry—Councillor Brock.

At the afternoon session the report of committee on petitions and legislation recommended that the Council co-operate with the County Council of Middlesex for amendment of Section 606 of the Municipal Act, so that said section will not impose as heavy a burden upon municipal corporations as it does at the present time. The committee also recommended that no action be taken in reference to the petition from the sheep breeders of Malahide, laid over from the December session.

On Friday the special committee appointed to consider the warden's report recommended that the Council co-operate with the County Council of Middlesex for amendment of Section 606 of the Municipal Act, so that said section will not impose as heavy a burden upon municipal corporations as it does at the present time. The committee also recommended that no action be taken in reference to the petition from the sheep breeders of Malahide, laid over from the December session.

That we agree with the suggestion to replace all wooden bridges with modern structures of iron and cement, this year, or as soon as possible, and that ten year debentures be issued therefor. That the time has arrived when the county roads under the provisions of the Highway Improvement Act, and we recommend that a special committee be appointed with the power to collect information, consult the local municipalities, lay out the roads and report fully at the June session.

In reference to County Council representation we would recommend that the Legislature be petitioned to amend the present law so that county councils will be composed of one representative from each municipality with sufficient voting power to equalize the representation.

The Public Improvements Committee submitted the following: That the bridges mentioned in the engineer's report be recommended to be rebuilt and that this committee have power to act with the city of St. Thomas in rebuilding the Lynhurst and Ashery bridges, and have also power to award contracts for the bridges under their own jurisdiction.—Referred back Public Improvements Committee to amend and report.

The estimated cost of those bridges are as follows: Lynhurst bridge, \$10,000; Ashery bridge, \$10,000; Orwell bridge, \$4,000; Tillsonburg Junction bridge, \$6,000; Mapleton bridge, \$1,300. That a concrete culvert be put across the Gravel Road in Port Stanley.—Carried.

That no action at this session be taken regarding the application of the township of Malahide to assume the Stalter bridge.—Carried.

That this committee, at the call of the engineer, make an inspection of all the bridges in the county, if possible, before the June session.—Carried. That the chairman and engineer have power to attend to all necessary repairs to county bridges and report expenditures to the Council. On motion this was amended to give the Public Improvement Committee power to adjust claims for damages, if they thought wise to do so.

A grant of \$10 was made to the Good Roads Association, and the warden appointed to attend the next meeting of the association.

Judge Collier addressed the County Council with reference to the county constabulary. As ex-officio members of the sessions, the County Council, he said, had the right to revised the constabulary list. He was informed that there were a number of constables on the force who were really not in sympathy with the enforcement of the law. All such men, he contended, should be eliminated. A vote of thanks was tendered his Honor.

CURE SICK HEADACHE. Sick headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Headaches, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing Headache, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure one of these troubles, they are worth trying. Ache they would be almost priceless to those who suffer from this distressing complaint, but fortunately their medicinal effect is so rapid and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them. CARTER MEDICINE CO., NEW YORK. Small Pill. Small Dose. Small Price.

DON'T SUFFER ALL WINTER

Read This Evidence and Begin To-day to Cure Yourself With Dr. Williams' Pink Pills.

Sciatica is neuralgia of the sciatic nerve. Its origin is generally rheumatism and is the direct result of taking cold. For this reason the disease is commonly known as "sciatic rheumatism." There is only one thing more painful than sciatica and that is the treatment of it, as practised. The sickening burning of the flesh is only one of the forms of cruelty employed by the old school doctors, and all too often this is entirely vain for the relief gained is but temporary.

It is a scientific fact that the majority of sciatica cases result from exposure to cold when the patient is in an anæmic or bloodless condition, in which the nerve is literally starved. It needs no argument to show any reasonable person that a starved nerve cannot be fed by the application of a hot iron to the outer flesh. It may deaden the sciatic pain for a time but it will not cure sciatica.

Absolute rest is the best aid to proper medical treatment. Rest and Dr. Williams' Pink Pills, which actually make new blood and thus feed the starved nerve, will cure most cases.

Mr. W. H. Awalt is one of the leading merchants of Hemford, N. S. A few years ago he was a great sufferer to this excruciating trouble. He says:—"The attack was so severe that I had been off work for some time. The cords of my legs were all drawn up and I could only limp along with the aid of a stick. The pain I suffered was terrible. I was in misery both day and night. Every movement caused me such pain as only those who have been tortured with sciatica know. I was treated by several doctors, but they did not help me a bit. In fact I almost began to think my condition was hopeless, when Pink Pills were brought to my notice. I got a half a dozen boxes. I had used the entire quantity before I found any benefit. But I was encouraged and got a second half dozen boxes, and before these were all gone every vestige of the trouble had disappeared. Not only this, but I was improved in health in every way, as it will be readily understood that the long siege of pain I had suffered had left me badly run down. I can't speak too highly of Dr. Williams' Pink Pills. I can't recommend them too strongly to other sufferers."

Sciatica is stubborn in resisting treatment and the patient often suffers for years. Dr. Williams' Pink Pills do not simply relieve the pain. They cure the disease caused by poor watery blood. They actually make new blood and have therefore a direct and powerful and curative effect on such disease as rheumatism, anaemia, general debility and after effects of the grip. As the nerves depend upon the blood for nourishment, Dr. Williams' Pink Pills are unequalled for the treatment of even the most severe nervous disorders, such as neuralgia, partial paralysis, St. Vits dance and locomotor ataxia. As a tonic for the blood and nerves they are used everywhere with the greatest success, building up wasted bodies and bringing the glow of health to pale and hollow cheeks. Sold by all medicine dealers or by mail at 50c. a box or 6 boxes for \$3.00 from Dr. Williams' Medicine Co., Brockville, Ont.

County Police Magistrate Hunt also spoke regarding the advisability of revising the constabulary force. He said there were men on the force who were not fit to be in any community at all. He instanced one case where the constable got drunk with other disturbers of the peace. It was very necessary that such men should be weeded out, that good men be appointed, and that the high constable be paid a proper salary. The speaker recommended a salary of \$500 a year and his fees for the high constable, who would look after all the other constables in the county.

A motion was made by M. M. Black that the Council appropriate \$50 to allow the county police magistrate to send out constables when required in detection of crime. High Constable Hopkins was asked to address the Council. He said he did three men's work and didn't get one man's salary. He worked 15 to 18 hours a day. An appropriation of \$50 would be of no use at all. If the job was worth having, it was worth paying for. He had given his best work to the county and did not consider his remuneration at all adequate. An amendment was made that the high constable be allowed mileage and day's pay when required by the county police magistrate. This was unanimously adopted. This brought the first session of the County Council for 1908 to a close.

Stick to it. Oh! prim little postage stamp "holding your own"

In a manner so winning and gentle, That you're "stuck on" your task—(is that slang?) you'll own, And yet your not two-cent-imental.

I have noted with pride that through thick and through thin You cling to a thing till you do it, And, whatever your aim, you are certain to win.

Because you seem bound to stick to it. Sometimes when I feel just like shirking a task Or "obucking" the work I'm pursuing, I recall your stick-to-it-iveness and I ask "Would a postage stamp do as I'm doing?"

Then I turn to whatever my hands are about And with fortified purpose renew it, And the end soon encompasses, for which I set out, If only, like you, I stick to it.

The sages declare that true genius, so-called, Is simply the will to "Keep at it." A "won't give up" purpose is never forestalled, No matter what foes may combat it, And most of mankind's vaunted progress is made

Oh stamp! if the world only knew it, By noting the wisdom that you have displayed In sticking adhesively to it.

—Nixon Waterman in the Prudential Weekly. Fifth Line and Stratfordville

Mr. Wm. Pollock, of Detroit, is visiting here. Mr. Peter Laur is recovering from his recent illness.

Rev. Mr. Davies, of Glenmeyer, is holding special meetings in the brick school house. A number of neighbors and friends gave Mr. Samuel Locker a surprise party on Monday evening and an enjoyable time was spent.

Ten Chances to One for the Baby. "A century ago the anxious parent of the new-born babe had good reason to be uneasy," says Dr. Woods Hutchison in writing on "The Irrespressible Tendency of Babies to grow up," in the Woman's Home Companion. "That was still the age of dirt and a huge infant mortality."

"Less than half the children born lived to be five years old—in London in 1750, 74.5 per cent. died—and more than one third perished in the first year. Now such a condition is rapidly disappearing, and remains only in our slum and most ignorant peasant communities.

"To-day the average mortality in the first five years of child life in the entire United States is less than twenty per cent. The mortality for the first year, about ten per cent, and eliminating the slums and foreign population, the rate is nearly three per cent. lower yet. So that your baby, general reader, has ten chances to one of reaching his first birthday, five to one of reaching his fifth, and three to one of reaching adult life. Surely this is not an outlook to justify serious worry or anxiety for fear that some dreadful thing will happen."

W. E. STEVENS, Assignee. Dated this 24th day of January, 1908.

Wilmert Benner is attending business college in St. Thomas. Dr. Anna Backus, of this place, and Mrs. J. R. Pritchard, of Springfield, are taking part in the meetings of the Ladies' Institute and Farmers' Institute at Mapleton.

NATIONAL Cream Separator

It will save time and labor in your dairy, as well as increase the quantity of the cream. It is easily operated, easily cleaned, a perfect skimmer.

F. MAGINNIS, Agent Maxwell Implement Rooms WEST OF MANSION HOUSE.

Assignee's Notice to Creditors

IN THE MATTER OF ISAAC ATKIN OF THE TOWNSHIP OF AYLMER IN THE COUNTY OF ELGIN, IMPLEMENT AGENT INSOLVENT.

NOTICE is hereby given that Isaac Atkin, of the Township of Aylmer, in the County of Elgin, Implement Agent, has made an assignment under R. S. O. 1897, Chap. 17, of all his estate, credits and effects to William Warnock, of the said Township of Aylmer, general agent for the benefit of his creditors. A meeting of the creditors of the said debtor will be held at the Law Office of W. E. Stevens in the said town of Aylmer on Friday, the 24th day of February, A. D. 1908, at the hour of 2 o'clock in the afternoon to receive a statement of affairs, to appoint inspectors, fix remunerations and for the ordering of the affairs of the estate generally. Creditors are requested to file their claims with Mr. W. E. Stevens of the said Town of Aylmer, solicitor for the Assignee, with proofs and particulars thereof required by the said Act, on or before the date of such meeting. And notice is further given that after the date of such meeting I will proceed to distribute the assets among the persons whose claims I have had notice of and I will not be liable for the assets or any part thereof so distributed to any person or persons of whose claims notice shall not have been received on that date. WILLIAM WARNOCK, Assignee. W. E. STEVENS, Solicitor for Assignee. Dated this 24th day of January, 1908.
