GERMAN DAILY NEWSPAPER CELEBRATES 25TH BIRTHDAY

Jena, May 7.—(By Associated Press.)—(By mail.)—The Jenaische Zeitung, a daily newspaper, has just observed the 25th anniversary of its establishment. On the basis of available records, it was founded thirty-one years before the first American newspaper, which is said to have been the Boston News Letter, established by Bartholomew Green in 1764.

The Jenaische Zeitung is still published by the descendants of its founder, Johann Ludwig Neuenhahn. The biggest local story of its history undoubtedly was Napoleon's complete defeat of the Prussians at Jena in 1806.

"I Can Now Do My Work Without Feeling Tired"

Mrs. A. Moffat, Roxton Falls, Que., writes:

"I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling."

CAN EAT MOST ANYTHING SAYS MR. ANTHONY

New Brunswick Farmer Suffered for Years—Is Now Well and Happy—Praises Dreo Beyond All Medicines.

Mr. W. C. Anthony, a farmer of Ired Head, near St. John, N.B., finds that Dreo has overcome years of suffering and restored to him the health and vigor that was rightfully his. His experience is one of the many that are constantly emphasizing the wonderful properties of this medicine as a regulator and restorative for all who are victims of internal disorders. Read what Mr. Anthony says:

"I suffered terribly with stomach trouble and indigestion, and everything I ate would turn to gas and I had intense pains in my kidneys. I also had liver trouble and biliousness and sometimes I would get so dizzy and sick that I could hardly stand. Now, thanks to Dreo, I am well again and can eat most anything without it causing me to fill up with gas. I am no longer troubled with my kidneys or liver and have gained five pounds in weight. I can recommend Dreo strongly, as it has made a new man of me. Dreo's goodness can hardly be measured."

Dreo is Nature's root and herb remedy that readily overcomes even the most obstinate cases of indigestion, constipation and other disorders of the stomach, liver, kidneys and bowels. It builds health in a natural way, by causing all these organs to function as Nature intended.

Dreo is being specially introduced in St. John by Ross Drug Co., 100 King Street. It is also sold by Moore's Drug Store, 105 Prince Edward Street, and in West St. John by Watson R. Dunlop, and by a good druggist everywhere.

Quick Help For Run-Down Folks

Yeast With Iron the Newest Scientific Triumph

Pale, thin underweight folks have a great deal to think science for because of this new combination called **Ironized Yeast**. Think what a wonderful thing it is to be able to strengthen weak, anemic blood at the same time yeast is re-inforcing the vital forces in the manner already understood and proven in so many thousands of cases. The world always needed a tonic and builder like this—so perfectly balanced that very life-process is assured instant benefit. You can now not only build yourself up to normal weight, thereby putting plenty of firm, mild flesh on your bones, but you can at the same time put iron into the blood. And this means permanent and stay-there improvement for many who perhaps heretofore may have despaired because of lack of results from just ordinary tonics.

Scientists now agree that brewer's yeast is the richest source of vitamins known. So thousands of pale, sick and underweight people are gaining health and strength through Ironized Yeast, which is a combination of iron and other valuable tonic ingredients, with yeast imported from Bass' Ale Brewery, England, and especially concentrated under the process recommended by Dr. A. Seidell of the Hygienic Laboratory of the U. S. Public Health Service.

Get Ironized Yeast from your druggist today. It is convenient and pleasant to take, being in handy tablet form. The ten day treatment costs only \$1.00. It is guaranteed to give satisfactory results or your money will be cheerfully refunded.

People Refuse to Indulge in Illness In "Hard Times"

Doctors, Barristers and Solicitors in England Assert the Professions Are Hit the Hardest.

London, May 20.—(By mail.)—People cannot afford in these hard times to indulge in illness, or litigation, or property-buying, according to The London Daily Express. This is the general complaint among doctors, barristers and solicitors. There never was a year like the present, they say, when expenses were higher and incomes smaller for members of the learned professions.

Doctors are seriously feeling the scarcity of patients. "I cannot remember many years," said a medical man to a Daily Express representative. "There is undoubtedly less sickness this spring than for many years past. The principal influence affecting the medical profession, however, is high taxation and the tightness of money. People think three times nowadays before sending for their doctor, and ordinary small ailments are left to home nursing."

Operations must be imperative because they are performed by specialists who are feeling the hard times most of all. When I suggest sending my patients to specialists, they reply that they will wait. The only medical men who have no complaints are the panel doctors. There is much less litigation than formerly. The number of cases down for hearing in the next sittings of the high courts is a thousand less than last year.

Even county court work has fallen off considerably, said a London solicitor. "Councils of great reputations are doing more than well, but the ordinary rank and file man at the bar is generally sitting idle in his chambers for the greater part of each week."

ECZEMA Hands Were Raw Would Crack and Bleed

By some 2,500 firms, were inspected and that no fewer than 885 of these premises were rat infested reports The London Times.

Various methods were employed by occupiers to destroy rats. One or other of the rat-catchers working in the city were engaged by business firms in eighty-two instances. Poisons were used and down by 463 firms, and traps of the break-back description were used in 459 premises and wire traps in 146. Varnish traps, which are used in special circumstances, were relied upon in 250 premises.

Cats and dogs were kept in 271 premises. Various sewerage and drainage works, all of which tended to reduce the number of breeding places for rats, had been carried out in 600 instances. One firm of rat-catchers alone caught 20,000 rats in the city last year. The fact that accommodation in increasing amount, for consuming food on the premises, is being provided for employees is responsible for attracting rats to places previously free from them.
