Probably you prefer the loose-fitting ease of the English style of Top Coat.

You may have it in the better design and more able workmanship of the Semi-ready Tailors.

Not expensive either — for the label in the pocket is based on the exact cost of the material in the garment.

## The Derby

A Spring and Fall Overcoat with Raglan shoulders

—is the most comfortable of all Spring and Fall overcoats. It owes its origin to the necessity of providing overcoats for the British army commanded by Lord Raglan in the Crimea in 1854.

Provisions and supplies from England were often delayed for months, through lack of transport facilities, and severe winter weather found the army coatless. To tide them over until the arrival of their regular clothing rations, the soldiers were instructed by Lord Raglan to cut holes for their heads and arms in empty fodder sacks. From this rough covering the Raglan overcoat had its first inception, and gradually has become the gracefully draped coat of the picture.

No Surrender and Thorne are again tie for first place. Next Wednesday Dominion Lodge versus District on the Vic Alley, and No Surrender versus Thorne Lodge on Black's.

## HOCKEY.

### Quebec Suggestion.

Montreal, March 16.—Officials of the Quebec Amateur Hockey Association will advocate the adoption of the four pass inside the twenty-foot lines at the annual meeting of the Canadian Amateur Hockey Association in Toronto on next Monday.

**Regina Wins Championship.**  
Winnipeg, March 15.—By administering a 4 to 2 defeat to the Port William Maple Leafs here tonight, the Regina Victorias, champions of the Saskatchewan senior hockey league, won the amateur championship of western Canada and the right to represent the west in the Allan cup final in Toronto. The Victorias also won the first game of the series Monday night 8 to 1 making an aggregate score for the two game series 7 to 8.

## ATHLETIC

Paris, March 16.—Los Angeles will get the 1924 Olympic games, if they are not held in Paris, so Baron Pierre de Coubertin, president of the International Olympic committee, told a correspondent yesterday. "In no case can the Olympic games be held in France in any city other than Paris," he was quoted as declaring. "If Paris does not organize the games they will automatically revert to Los Angeles. It is Paris or Los Angeles," the baron concluded.

### Plan Field Day.

The annual Y. M. C. A. field day will be held on Wednesday, March 22. The city business houses will be canvassed and asked to subscribe \$8,000. At a meeting of the directors held last evening plans for the day were perfected.

## SKATING.

### Hearn Captures Title.

Bobby Hearn, Brooklyn speed skater, captured the metropolitan one-mile indoor skating speed title at the 181st street Ice Palace in a spectacular finish the other night. Throughout three-quarters of the whirl around the twenty-lap causer Hearn lay back and allowed Henry Nebuhr, West Becker and W. Murphy to take turns at making the pace. Then suddenly the Brooklyn skater came to life, overtook the field in a fierce sprint in the back stretch to finish first. Becker was just at his shoulder over the tape, with Nebuhr third. The time was 1:23.14.

Two semi-final heats in the 440-yard dash were run off, the qualifiers being W. Murphy and L. Morris in the first and Don Robinson and West Becker in the second. The time was the same in each heat, 0:49.1-5.

## ATHLETIC.

### St. John Leading.

The St. John Y. M. C. A. heads the list for the Canadian Hecathlon contest in the returns so far reported. Some associations have still to report, but the following reports have been sent in:

	Highest Individual Points Score
St. John	2,323 816
Queb. Ont.	2,789 448
Montreal, North Branch	2,706 489
Calgary	2,689 487
Moncton	2,621 485
Port William	2,532 463
Regina	2,520 462
Sherbrooke	2,098 448
Kingston	2,070 408

It will be noticed that St. John's highest individual score is the lowest of any Association, indicating the absence of any one star man, but also indicating in a pointed way the high average that the local boys have scored. Further reports will be awaited with interest.

## BASKETBALL

### Acadia to Meet Trojans.

The Acadia basketball team will meet the Trojans in the Y. M. C. A. on Friday evening, as neither the Y. M. C. A. or Y. M. C. I. floors could be obtained for the match. The college boys are expected to give a good account of themselves.

## THE TURF

### Revival in Russia.

Petrograd, March 16.—Horse racing, recently revived in Russia, has regained so much of its former popularity that the Soviet government has decided to re-establish the "odds" which correspond to the pari-mutuel betting machines used in Canada.

According to the communist newspapers, the decision was reached when it was found that prohibitory decrees did not prevent bookmakers from operating. The revenue from the "calculators" also was a consideration. A set of the events are for trotting horses, and ordinary rubber-tired sulkies are used, despite the snow which frequently covers the tracks.

## THE LEGISLATURE

Fredericton, March 15.—Today was another feast day on the floors of the house.

Several private bills were given their first reading, including one in regard to assessment in the county of St. John, one relating to landlairs in the county of St. John and one relating to highways in the parish of Lancaster.

Hon. Mr. Foster introduced a bill to provide for the redemption of \$1,000,000 of debentures due in May, 1922. These debentures had been a three-year loan and were for permanent roads and bridges.

Mr. Hayes introduced a bill to amend an act relating to assessments in St. John county.

Mr. Scully introduced a bill relating to landlairs in the county of St. John; also a bill relating to highways in the parish of Lancaster.

The house went into committee with Mr. Hayes in the chair and took up further consideration of the bill to consolidate and amend the schools act.

Hon. Mr. Foster moved that the time for presentation of private bills be extended until Wednesday next. He suggested that during the week-end recess honorable members confer with their constituents on this matter.

Hon. Mr. Foster moved that leave of absence for Hon. J. E. Hetherington be extended until Wednesday next for the period during which they had been doing business, including four months receipts from vendors, are shown in the first report submitted by the New Brunswick Board of Liquor Commissioners, which was tabled in the legislature yesterday.
