## NEW BRUNSWICK "MOVIE" STORY

Ernest Shipman Coming Here Soon to Make Arrangements—Now in Newfoundland.

Representing Ernest Shipman, Canadian moving picture producer, J. R. Smallwood arrived in St. John this morning from St. John's, Newfoundland, to pave the way for an immediate visit of Mr. Shipman. The Canadian producer is coming to this city in a week or so to arrange for the production of a New Brunswick moving picture. Mr. Shipman has just organized a producing company at St. John's. The director, cameramen and actors will arrive there in three weeks and start to make the picture. Five or six weeks it will take, and by October 1 the Newfoundland moving picture will be on the world market for a five-year run. The Newfoundland company is capitalized at \$100,000, of which Mr. Shipman subscribed \$25,000 to show good faith. It is Mr. Shipman's plan to build up producing companies all the way across British North America. He already has companies in Calgary, Ottawa, Winnipeg and Sault Ste. Marie, in addition to companies in Mexico and Italy. In Mexico he has a picture being made now with Madame Petrova, starring.

Mr. Shipman has produced the following big pictures:—"The Sky Pilot," "Back to God's Country," "Nomads of the North," "Cameron of the Royal Mounted," "The Man From Glengarry," "God's Crucible," "Treason of the Alps," etc. Every one of his twenty-one pictures has been a success, not one failure opposite his name.

Picture rights of Frederick William Wallace's stories have been secured, and it is thought that "Blue Waters," a story of the Bay of Fundy, would prove a good New Brunswick picture. At any rate Mr. Shipman plans making a New Brunswick picture immediately, to be released in time for the fall circuit.

A producing company will be organized in Halifax, also, under similar arrangements to those in Newfoundland. Mr. Shipman subscribes a third of the capital necessary to making of a picture, and has been received from P. E. Island, but it is doubtful if Mr. Shipman will be able to make that place this year. From the maritime provinces he will proceed to Toronto, where he has been invited by the publicity committee of the board of trade.

"Once things get started, we can provide very quick action," Mr. Smallwood told a Times-Star reporter. "Just so soon as the company is formed Mr. Shipman sends his director, cameramen and actors to the spot. It takes five or six weeks to make a picture, so that this New Brunswick picture ought to be on the market at least by November 1 or thereabout.

"In Newfoundland the organizing of the company went ahead amid great enthusiasm. A very strong directorate, including the mayor, minister of finance, president of the board of trade, etc., was elected. Prominent people there identified with the picture, and this is a qualification always insisted upon by Mr. Shipman. He will not touch a picture unless he has sympathy and support of the prominent citizens and businessmen of a community. It is by this means that he has placed all his pictures on a plane high enough to be envied by many producers of moving pictures."

## BIGGEST EVER IN HISTORY OF PORT

Customs Receipts for July Make a Record, \$820,604.89—A Steady Gain.

"The largest monthly customs receipts ever collected in the history of the port of St. John," was the encouraging and important announcement given out at the local customs house this morning. In the month just passed the sum of \$820,604.89 was collected, an increase of \$85,469.40 over July 1921, when the receipts amounted to \$735,135.40. Each month this year there has been an increase, but this month caps the climax, and to all who heard the announcement this morning, there came the feeling that time are surely getting better. Speaking of the increase, one of the customs officials said this morning that while the imports of sugar by the local refinery had a lot to do with the matter, business of every kind seemed to be picking up, and collections in every sphere of business activity were heavy. It was also pointed out that a very few years ago, if \$820,604.89 was collected in one year, it would be considered a great year's work. If the present activity keeps up the record of the year's work will also show a new record, it is thought. The figures follow: July, 1922—Customs import duty, \$732,648.72; sundry collections, \$301.67; excise tax, \$76,374.65; excise duty, \$8,116.88; pilotage dues, \$2,816.23; steamship inspection dues, \$109.00; marine dues, \$747.72; total, \$820,604.89. July, 1921—Customs import duty, \$665,542.24; sundry collections, \$208.78; excise tax, \$55,960.24; excise duty, \$11,706.45; pilotage dues, \$1,788.76; steamship inspection dues, \$125.00; marine dues, \$418.94; total, \$735,135.40. Gain in 1922, \$85,469.40.

The St. John Young Judeans, in conjunction with the members of the St. John Hebrew School, are arranging a lengthy programme of recitations, addresses and musical numbers for Friday of this week, when they intend holding a celebration in recognition of the recent mandate regarding Palestine. At a meeting of the League of Nations, the mandate, which is held by the British government and which was brought about through the efforts of Lord Balfour, was ratified. Celebrations of similar nature are taking place all over America, and they are especially noticeable in New York, where the event will be celebrated during a whole week. The local programme will be given in the vestry of the synagogue and will commence at ten o'clock in the morning. Miss Brodie, violinist, of Sydney, N. S., has kindly offered to play.
