GERMANS ARE QUOTING LOWER

Iron and Steel Trade of England is Reported Much Concerned.

Ottawa, July 5.—(Canadian Press).—The iron and steel trade of England is much concerned over Germany's threatened policy of price cutting in this industry, according to the current number of the Trade and Commerce Bulletin. Already prices have been quoted on gas tubes nearly fifty per cent. below those of British manufacturers.

Quotations are being received in the Midlands for steel billets, delivered, at \$88.80 the long ton, finished steel bars at \$51.10 and gas strip at \$60.83 the long ton. Not only are British makers unable to meet these prices, but French and Belgian producers are also outquoted. Germany was in pre-war days a formidable competitor of Great Britain in foreign markets for finished tubes, and a similar competition is again asserting itself.

HER CASE SEEMED HOPELESS

But "Fruit-a-lives" Brought Health and Strength

29 St. Rose St., Montreal.

"I am writing you to tell you that I owe my life to 'Fruit-a-lives.' This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-lives' and tried them. After taking a few boxes of this wonderful medicine made from fruit juices, I am now entirely well."

MADAME ROSINA FOISEL.

6c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Sir Ernest Shackleton.

Famous Antarctic explorer, will be the leader on a new voyage of discovery, covering 30,000 miles of uncharted sections of the Southern Atlantic, the Pacific and Antarctic Seas. He will sail from the port of London at the end of August in a 200-ton ship.

BURIED IN COFFIN MADE FROM SCOW

Historic Figure in Canadian Northwest Dies While Shooting Grand Rapids.

Edmonton, July 5.—Dying of heart disease while shooting the Grand Rapids in his 73rd year, Phillip Alderson, one of the historic figures of the Canadian north, "went out" just as he would have wished had he been allowed to choose. When his scow came to rest in quiet waters after the old guide's scow had winged its way upwards from the turmoil of White Water, his companions buried him at the foot of the rapids in a coffin made from his scow.

He was extremely intelligent and knew intimately every part of the northern territories between Alaska and Northern Manitoba. His views and opinions were always taken into account by those who knew him and his judgment carried great weight among the northern pioneers.

OUR BUTTER WAS WELL RECEIVED

A Bit Too Much Salt, However, Says Trade Commissioner in London.

Ottawa, July 5.—(Canadian Press).—The first shipment of Canadian butter this season to Liverpool, ex S. S. Melita, has been much appreciated, according to the Trade and Commerce Bulletin. One firm remarked that while there was some variation in the quality, the best was as good as any on the market, and that if such quality could be maintained no long time would elapse before Canadian butter would secure a high reputation.

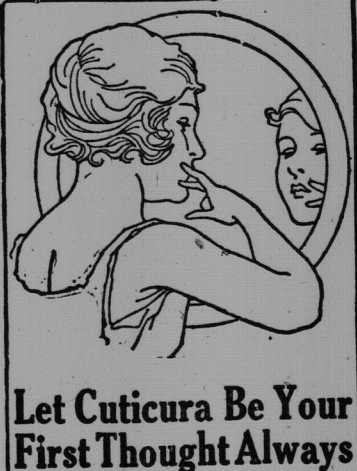

The percentage of salt, says J. P. Smith, Canadian trade commissioner at Liverpool, was far too high, being three to four per cent. where Danish butter contains less than one per cent. and never more than two per cent. While a high percentage is probably necessary for preservation, Canadian butter should have at the very most two and a half per cent. In the present shipment the milder butter will probably sell at four shillings per cwt. premium over that containing more salt.

AIR TRAFFIC POLICE

New York, July 5.—The long-awaited air cop is now on active duty. He is stationed in the tower of Luna Park, Jamaica Beach, where he will enforce aviation ordinances, forbidding aviators to fly lower over the beach.

FIRST FLIVVER

Paris, July 5.—Paris taxi drivers gazed in astonishment when an antiquated car changed its way down the Champs Elysee before their eyes. It was France's first auto, more than thirty years old. Despite its age the veteran has never had to be repaired.

Let Cuticura Be Your First Thought Always

When the first signs of pimples, redness, itching, or any skin trouble appear, Cuticura Ointment to soothe and heal, water to cleanse and purify. Finally dust the refreshing Cuticura Talcum, a delicately medicated, exquisitely scented powder, for even-day toilet purposes. Cuticura does much to prevent skin trouble.

See 74, Grafton St. and 28, York St., Sold Everywhere. Cuticura Soap without cost.

SIR HARRY BRITTAIN

who entertained the Canadian and U. S. Rotarians in England.

POWER CO. CASES IN POLICE COURT

Three men were before the police magistrate yesterday afternoon charged with operating a steam boiler and engine without a New Brunswick license, contrary to the New Brunswick Factory Act. Two of the men, William Pike and Francis Murphy, pleaded guilty to the charge; while the third, J. V. Baker, pleaded not guilty. Witnesses were examined in connection with the charge against Baker.

John Kny, the local factory inspector, said that he did not know the defendant but that he had gone to the power house on July 1 and had interviewed the chief engineer. He found the defendant asleep there at the time, and he had been informed that the accused looked after the plant while the chief engineer slept. On being cross-examined by P. W. Thomson, on behalf of Baker, he said that he had not asked whether the accused had any other certificate. He admitted that the act did not say definitely that the engineer could not be asleep while in charge.

John Wood swore that he was passing the power plant early one morning and noticed that the chief engineer was asleep on a cot.

Walter Kierstead was the next witness. He testified that he passed the power house and saw the chief engineer lying on a cot. He mentioned the fact that he noticed him asleep about ten minutes later when he passed the plant again.

John Moore was called and corroborated the evidence of the previous witnesses.

J. V. Baker was next put on the stand. He admitted that he had only been employed with the New Brunswick Power Company since the first part of June. He said that he came here from Toronto where he had been operating a steam boiler. He swore that he did not have a license on July 1 but said he had procured one the next day. He said he had a second class marine engineer's certificate. He swore that he had not had charge of the plant until after he procured the necessary license. He considered that this plant was only a small one and that two engineers were sufficient to run it. He swore that he did not know whether J. D. Geary, the chief engineer, had slept or not during the last six days. The witness said that he got his sleep in the daytime.

Following this testimony the case was postponed until Thursday afternoon at 2 o'clock. K. J. MacRae appeared for the prosecution and P. W. Thomson, manager of the power company, appeared for Baker.

FOREST FIRES RAGE

Newcastle, July 4.—A forest fire which was discovered on crown land near the old William lumber camp in the vicinity of White Rapids today had covered five miles in its devastating career up to tonight and was still not under control.

The homes of the people in White Rapids were endangered and it was only with great difficulty that the school house was saved. Men have been fighting the fire all day and tonight it has been held in control at the main highway. The fire broke out opposite Renous on the main road between White Rapids and Newcastle. It is the largest bush fire that the Gaspereau Valley has seen for some years started by a spark from a cigarette.

The smoke from this fire drifted down the Gaspereau Valley and hung like a haze over Ottawa and Hull.

A Menacing Blaze.

Sault Ste Marie, Ont., July 4.—A big bush fire is raging on the Algoma Central.

Quit Corns any time you will

You may end corn troubles any time you will. Millions of people have done it.

Blue-jay is at your drug store in liquid and plaster form.

A touch applies it. The corn pain stops instantly. In a little while the whole corn loosens and comes out.

At least 20 million corns a year are ended in this simple, easy way.

The way is gentle, scientific, sure. It makes harsh methods unnecessary. It makes paring corns a folly.

This laboratory of world-wide fame created it and makes it.

Try Blue-jay tonight. Watch its action on one corn. Then you will never again let a corn ache, never let it linger.

Plaster or Liquid Blue-jay The Scientific Corn Ender

NEW VITALITY TREATMENT BRINGS QUICK RELIEF

Long there will be stringent laws to enforce proper care of the body. If you were on trial for physical weakness, would you be found guilty? Before you allow yourself to get beyond hope of recovery, start taking "PROTOVIM"—the new Nerve, Bone and Brain Remedy. It is your moral and legal duty to keep fit. "PROTOVIM" promotes and conserves health, strength and mental energy and nerve exhaustion; increases grey matter. Be strong, vigorous, full of life.

Admission always follows the robust man. Pity trails behind the weakling. BE A PRIDE TO YOUR SEX.

Perfect health and a perfect body is man's heritage. There is no reason in the world why you should not have both. If you are struggling along under the handicap of poor health, a weak body or that tired, listless feeling, now is the time to "back up." The longer you wait, the longer it will take to get on your feet again.

Regardless of how thin and undeveloped you are today, you can develop a beautiful, healthy body. If you are sickly, impotent and physically deficient, it is more likely your own fault. "PROTOVIM" restores vitality. Every nation is awakening to the fact that the health and physical condition of its men and women is more important than anything else. Before very

READY TO LIGHT FAIR VALE IF THE DEMAND WARRANTS

A delegation representing the residents of Fair Vale met the manager of the New Brunswick Power Company yesterday afternoon to discuss the suggested extension of the company's electric light services so far as the Robert's Hotel at Fair Vale. The manager of the power company said last night that he had informed the delegation that the entire matter depended upon the amount of revenue the company would be able to derive from the extension. He told them that an official would be sent next week to represent the company along with E. S. Carter, to make an estimate of the number of lights which the company wished to make the extension, but it could not afford to do so unless it saw enough revenue coming in to justify the additional expense.

MANY HOLIDAY DEATHS IN U.S.

(Canadian Press Despatch)

Milwaukee, Wis., July 4.—Nine persons are dead in this vicinity as a result of Fourth of July celebrations.

Twelve Dead in Chicago.

Chicago, July 4.—Twelve persons died and a score more were injured as a result of the three-day Fourth of July here. Two were accidentally shot to death.

Three in Philadelphia.

Philadelphia, July 4.—Three drownings, several head prostitions, and the highest temperature of the year marked independence day here. The thermometer registered 96.

GIRLS! LEMONS BLEACH THE SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchar White, which any drug store will supply for a few cents, shake well, and you have a quartet pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then rub the beauty and whiteness of your skin.

Famous stage beauties use this lemon bleach to bleach and bring back their faded, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

DELEGATES TO KING'S DAUGHTERS CONVENTION

The delegates from the St. John to the Provincial Convention of the Kings Daughters to be held in Fredericton on Thursday afternoon, Friday of this week will leave for Fredericton on Thursday morning. The local members of the board of directors of the Fredericton Home and members of the Provincial executive, who are to meet on Wednesday evening, will leave for Fredericton this city are as follows: Mrs. C. A. Clark, Mrs. E. B. Nixon, Mrs. D. W. Fudington, Mrs. John Bullock, Mrs. Frank Lively, Mrs. W. H. Nice, Mrs. George Bishop, Mrs. Edith Stevens, Mrs. R. A. Sinclair, and Mrs. Kenneth Haley. Delegates from St. John to the provincial executive are Mrs. W. J. Bingham and Mrs. H. W. Belding. The seven circles of the city will also send delegates. They include the following: "Rainwatering Circle," Mrs. Kenneth Haley; "Good Cheer Circle," Miss Alice Rising and Mrs. Clinton Brown; "Bookeeping Circle," Mrs. George Polly and Mrs. Max McCarthy; "In His Name Circle," Mrs. Frank McArthur, Mrs. E. J. Alexander, and Mrs. Guy Smith; "Comfort Circle," Mrs. R. McLaughlin, Mrs. R. E. Plumptre, and Mrs. John Lachey; "Lend-a-Hand Circle," Mrs. Charles Green, Mrs. A. G. McMullen, Mrs. Frederick Whelpley, Mrs. A. Kincaid, and Mrs. L. Tringler; "Opposition Circle," Mrs. W. H. Cole, Mrs. Robinson, and Mrs. J. Nichols.

LOWTHER TELLS OF CANADIAN VISIT

(Canadian Press Despatch)

London, July 4.—Viscount Lowther, former speaker of the British house of commons, interviewed by the Times here today, said that he had found a great change in Canada since his first visit in 1896, particularly in Manitoba, Saskatchewan and Alberta. The presentation of the speaker's chair was an impressive ceremony and he was confident that the feeling which prompted the gift was much appreciated in Canada. He had taken the opportunity of saying that while there seemed to be a disposition to belittle the house of commons, it was still the most perfect instrument of government yet devised. He believed this was also the feeling among thoughtful Canadians.

ALBERT IN LONDON

London, July 4.—Albert, King of the Belgians, and Queen Elizabeth, arrived in London today for their first visit of state to Great Britain. They were met at Dover by the Prince of Wales and at Victoria Station here by King George, Queen Mary, the Duke of York and Princess Mary.

MAN WHO FREED O'REILLY DEAD

New Haven, Conn., July 4.—William E. Lyons, one of the men who fitted out the Cuban expedition and released John Boyle O'Reilly, political prisoner in Australia years ago, died here on Saturday.

At St. John candidates for Normal school entrance at superior license, are class 1, 28; class 2, 27; class 3, 11; superior, 8. Other candidates are: Martrication, 78; high school leaving, 2.

Keep Fit

Bowel regularity is the secret of good health. Without forcing or irritating, Nujol softens the food waste. The many tiny muscles in the intestines can then remove it regularly. Absolutely harmless—try it.

The Modern Method of Treating an Old Complaint

Nujol

For Constipation

for bruises

Absorbine, Jr. should be applied promptly, for the chief danger from cuts and bruises is the danger from infection.

Absorbine, Jr. is both a corrective and a preventive remedy; an efficient antiseptic it prevents infection, and its healing and soothing properties take out all the soreness from the wound.

An Aid to Wearing This Season's Fashions

(Helps to Beauty.)

Here is a simple, unfailing way to rid the skin of objectionable hairs. With some powdered talc and water make enough paste to cover the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the talcine in an original package.

It has done me a world of good

WHEREVER there is weakness, wherever there is convalescence, wherever there is loss of energy, Hall's Wine never fails to do a world of good.

Simply because Hall's Wine restores the lagging powers by enriching the blood stream and quickening the sluggish digestion, and so in turn tones up the entire system.

Indeed, a doctor has stated that in all his long practice he has never known Hall's Wine to fail.

HALL'S WINE

The Supreme Tonic Restorative

Hall's Wine has been recommended by doctors in Great Britain for over a quarter of a century. What it has done for others it can do for you.

A Laxative The Old Can Rely On

Let them take Dr. Caldwell's Laxative Syrup Pepsin for Constipation. Mild and gentle. Never loses its good effect.

ELDERLY people know how much more difficult it is each year as they get older to avoid the ill effects of chronic constipation. The stomach and bowel muscles relax as age advances, and as you are naturally less active, in time they work only by stimulation. You try dieting and exercise, and then take medicine.

All medicines, however, are not suited to elderly people any more than to children, so you will be glad to know of a particular medicine that acts as near to Nature as has yet been found. It is a prescription written thirty odd years ago by Dr. W. B. Caldwell, who is himself now in the 82nd year of his age and still active in his profession. It is known in the trade as Dr. Caldwell's Laxative Syrup Pepsin, and you can buy it under that name at any drug store. A sixty-cent bottle will last an average family many months, and can be used by the whole family.

Dr. Caldwell's Laxative Syrup Pepsin is a combination of

DR. W. B. CALDWELL As he is today in his 82nd year

TRY IT FREE

There are heads of families who will want to prove to their own satisfaction that their Laxative Syrup Pepsin is as effective in constipation, as mild and gentle in action, as pleasant-tasting and safe, as a claim. Let such write me for a free sample. It will be sent postpaid. Address Dr. W. B. Caldwell, 29 Front Street, Bridgeburg, Ont.
