BUSINESS GOOD FOR THE McLAUGHLIN CAR

Local Manager, Returning from Convention, Reports Sales Throughout Canada Exceptionally Good—Big Demand This Year—Buy Early the Word.

The McLaughlin Carriage Co., Ltd., are announcing a display of their 1918 models at their showroom, No. 144 Union street, opening Thursday, the 21st, and continuing throughout the week.

Mr. McLaughlin, the manager of the McLaughlin Car, states that he had returned from Montreal yesterday where he had been attending a convention of the eastern branch managers, and he is very pleased to report that their business throughout Canada is looking particularly good for the coming season.

Sales are better than last year in spite of higher prices and the tendency toward still further increases. The indications are as usual, that there are not going to be enough McLaughlin cars to go all the way around this year.

The popularity of the McLaughlin car is not confined to the west by any means, if one is to judge by the large numbers of these cars registered in the maritime provinces.

Mr. McLaughlin further states that, in spite of the severe winter, and other causes which would naturally tend to retard business in the automobile line, that their retail sales in St. John are well up to last year. Intending purchasers, therefore, would do well to drop into the McLaughlin showrooms and have their order booked up early. They will then be sure of getting the car delivered at the time they would need it.

More than 100 men of the depot battalion were entertained last evening by the young people of Knox church. The programme included club swinging by Miss Cox and Private Upham; solo by Miss McLaughlin; piano solo by Miss Gilchrist; dances by Sergeant Gibbs.

A recital was held at the St. John Art Club studio by the ladies of the Seven Seas Chapter, I. O. O. F., last evening, and a large number were present in spite of the storm.

The entertainers were: Miss Rita V. Brown, contralto; Miss Hilda H. Rayworth, pianist; Miss H. Gully, accompanist, and Miss Ella Coxy, hostess.

In an attempt to save a small girl from injury, Henry Jones, a night porter of the Royal Bank, was severely injured yesterday. The girl went into the elevator and started it by herself.

Everyone Should Drink Hot Water in the Morning. Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe your food with pure, sweet, purifying, so-called hot water.

This is vastly more important, because the skin pores do not absorb impurities from the stomach, liver, kidneys and bowels, drink before breakfast each day a glass of hot water with a teaspoonful of limestone phosphate.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

HER DAUGHTER WAS SAVED FROM OPERATION. Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—“For two years my daughter suffered from a weakness and pains in her back, and she was so bad she could not do any work. For two years she was attended by the best physicians, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well and telling everybody how much good it has done her.”—Mrs. W. D. WELLS, 228 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, migrache, dragging down pains, inflammation or stercoriation would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

A Simple Way To Remove Dandruff. There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
