BIRTHS

MASON—On May 26, to Mr. and Mrs. E. A. Mason, 297 Rockland Road—a son. (Montreal and Toronto papers please copy.) (See page 7)

RECENT DEATHS

Boston, June 2.—(Special)—Patrolman Frederick Sullivan, of East Boston, died today of Bright's disease. His death was probably hastened by the shocking death of his brother a few weeks ago. The brothers were unmarried and lived together. They were devoted to each other and were inseparable companions. The other brother became ill, could not work, became dependent and feared constantly that he was a burden to his brother, so he killed himself.

Frederick Sullivan was born in New Brunswick March 24, 1872. He was appointed a policeman March 7, 1903. He was son of Cornelius Sullivan, of St. John.

Mrs. Mary Stevens, of New York, who is visiting Mr. George Galbraith, 61 Patrick street, has received word of the death of her husband in New York. Mr. Stevens, who is a commercial traveler, had been ill for three months, but was improving and intended to come to St. John on Wednesday. Previous to her marriage Mrs. Stevens was Miss Agnes Watters, of St. John. She expected her husband to join her here on Wednesday of this week.

Glenette S. Kierstead, youngest daughter of Isiah and Fannie I. Kierstead, of Springfield, Kings Co. (N. B.), passed away on May 26 after a very long illness. She is survived by her invalid father, her mother and one sister. In their hour of mourning the relatives are joined by a large circle of friends and acquaintances.

The funeral was held on May 28, Rev. Mr. Colwell, of Hampton, officiating. The burial of interment is the Kiersteadville place ground near the Kierstead home.

Belleisle Creek, May 31.—The death of William Prentice, son-in-law of McLeod, of Belleisle Creek, Kings Co., took place at the General Public Hospital, Montreal, on the 28th inst., after a short illness. Mr. Prentice, who was a general favorite with those who knew him, was in the employ of the dining car department of the C. P. R., and his work of late had been in western Canada. His body was brought to Belleisle Creek for burial, the funeral service being held in the Methodist church at that place on the 28th inst. Mr. Prentice was a native of Scotland but had been for some time in Canada. He leaves a wife and one child, who have the sincere sympathy of many friends in this time of sorrow. He was twenty-six years of age.

Digby, June 2.—Mrs. Jane Dunn, widow of William Dunn, died in Digby this morning, aged 67 years. She leaves one son, E. P. Dunn, with whom she resided. She is also survived by one brother, Edward Keen, of Digby, and two sisters, Mrs. Urania Worthington, of Barton, and Mrs. Baxter Smith, of Northampton (Mass.).

Tools or Machinery at Half-Price; A Buyer for What You Want to Sell

Increase Your Output With Small Investment

Your "good will" is what yields you the greatest returns. Why pay first cost prices for tools and machinery when used equipment will do as well? Keep your investment down and your returns will be higher. The Want Ad Way will put you in touch with men who must sell what you want to buy—or who will buy what you have to sell. It is a short-cut to the very deal you want to make. The merchant advertises to sell goods—and he succeeds. So can you—but all you require is the expenditure of a few pennies—and a plainly worded ad. If you don't know how best to write it, let us help you and save words for you. But get busy on it NOW! Don't wait until the thing you want is gone.

You will find a Little Want Ad in this paper one of the best investments you ever made. To be prosperous—

NICKEL'S BILL WILL DRAW THE CROWDS

Strong List of Attractions For The Holiday at the Big Picture House—Some Fine Features

The Monday-Tuesday bill at the Nickel, which received its first presentation yesterday, was as full of interesting features as the proverbial egg. This same programme is to be continued throughout the holiday, commencing at 1.30 and 6.30. John W. Myers was royally welcomed back and his number, The Port of Missing Ships, elicited rounds of applause. Mr. Myers is to change his songs with the picture bill during his stay—three times per week.

The pictures at the Nickel are a carefully selected lot. Miss Orni Hawley, Lubin leading lady, appears in a charming little romance entitled Love and Literature, the Pathé-American stars present A Woman Scorned in masterly fashion and the redoubtable John Bunny, assisted by charming Rose Tapley, and the Vitagraph Twins, make fun a plenty in Bunny Sees Double. Then comes a sweet portrayal of a man, the Vitagraph's collie dog star and her six little collie babies. The manner in which clever old Jean teaches her puppies to fight and play is very amusing.

In addition to all this fine line of pictures and song the Edison Talking Pictures were a tremendous hit yesterday—being vastly an improvement over any yet shown. It was a musical sketch called The Five Jolly Blacksmiths and introduced quartets, solos, funny sayings, marches and a lot of bright comedy. Little Edna Flagarth of the Edison studios had a pretty little part in this excellent and hilarious sketch.

SPECIAL FEATURES FOR THE KING'S BIRTHDAY

Unique Presents Attractive Programme—The Grey Sentinel, Thrilling War Picture, The Leader

The Unique theatre is presenting a special feature programme in honor of the King's birthday, which made a decided hit with audiences yesterday and will no doubt more than please today's patrons. The extra subject is The Grey Sentinel, the latest effort of the famous Broncho Picture Company. It is a coast story, a relief to their general run of subjects, and the Grey Sentinel is a Virginia lighthouse, but the scenes are those of the Civil War, and the movement is of tremendous almost bewildering energy. Boats launched in the breakers, marine pictures of a surf beaten shore, fierce engagements in deadly conflict, cavalry charges, infantry movements, desperate falls, fighting in trenches, behind barricades, within houses and on the sea. Perhaps there is a little too much action in the Grey Sentinel, but none can dispute that it is a wonderful picture in every respect. They largely involve the adventures of a young officer, but is a decided relief to the usual war studies. They are shown at the Unique the first of every week.

TROUBLE WITH SIGNATURES OF PETITIONERS

Common Clerk Cannot Identify Names—Weekly Meeting of Common Council

The payments made by the city during the month of May according to the report of the commissioner of finance and public affairs at the meeting of the city commissioners yesterday afternoon amounted to \$17,692.25, but \$8,000 of this was for the redemption of bonds. Another large amount was for interest on bonds. The following were also recommended for payment: Public safety department, \$794.90; harbors, ferries and public lands, \$1,461.65; treasury department, \$208.48; water and sewerage, \$874.47; public works, \$1,801.07.

Mayor Frank announced that the reason no action has been taken on the petition against the amendment to the building law which limits the construction of wooden buildings to two stories was the difficulty the common clerk is experiencing in identifying the names of the signers. So far he has approved of 800 of the 1,500 signatures.

Edward Craig granted a renewal of a lease to lot F, Guy's ward, for a further term of five years at an increased rental of \$30 a year. Albert J. Taylor is to receive a lease of a lot in Green Head, Lancaster, for a term of seven years, at \$25 per year under the condition that he erect a house upon the lot by May 1, 1914.

The commissioner of public works was given authority to expend the difference between the contract prices and the estimated cost of the pavements in King square and Sidney street for the purpose of putting the surface coating on these roadways. The contracts are to be awarded only to the satisfaction of the city works men place the final coating of asphalt or other material that is thought necessary.

The McClary Manufacturing Co. was granted permission to take down the railing wall in Prince William street to allow workmen to erect the reinforced concrete wall at the street level. The company is also to take down the whole wall on Murder Hill, to allow the street to slope till excavation work can be done. They are then to build thereon a wall to exactly fifty-one feet from the Custom House. The McClary Co. is to grade Murder Hill to the satisfaction of the commissioner of public works and the city is to contribute \$500 towards the work. The company is to execute an agreement satisfactory to the commissioner and the recorder.

It was decided to make an extension to the water main in Sand Cove road for a distance of 1,850 feet, upon the property owners entering into an agreement to the satisfaction of the recorder, guaranteeing an amount equal to 10 per cent. a year on the total cost of the extension until such a time as the revenue yield that amount annually. The highway board of Lancaster is to provide the proper grade for the street.

The Eastern Steamship Company, through its local agent, asked that Frank Olive be given the powers of a policeman so that he could work about the wharves and sheds of the company. Commissioner McLellan said that he understood that the chief of police had the appointment of the policeman and he thought that the mayor would have to recommend the appointment. The mayor will consider the matter and report later.

Commissioner Schofield was authorized to open negotiations with the Dominion Department of Public Works in regard to the C. P. R. and No. 1 wharves at West St. John. At present there were jobs in each and it was thought that the government should build a concrete wall in order to make the faces of these wharves available for steamers.
