ASK THE LADIES

They One and All Praise Newbro's Herpicide

It takes could know appreciate what a delightful Newbro's Herpicide is. It would have it on their dressing tables. It is the most exquisite toilet article ever used and at the same time one of the most essential.

In order to have beautiful hair every lady should regularly apply Herpicide to her hair and scalp. This destroys the dandruff germ. By doing so the hair is kept clear of dandruff and the hair stops falling.

Herpicide is free from grease, does not stain or irritate and possesses an exceedingly delicate and pleasing odor.

Newbro's Herpicide is just the sort of a preparation that always appeals to a lady of refinement and cultured tastes. There is nothing that can take its place. There is nothing just like it, nearly like it or "just as good."

All reliable druggists sell and guarantee Herpicide in one dollar size bottles.

Send 10c. for booklet and sample to The

Chicago Post.

The old friends had had three days together.

"You have a pretty place here, John," remarked the guest on the morning of his departure. "But it looks a bit bare yet."

"Oh, that's because the trees are so young," answered the host, somewhat comfortably. "I hope they'll have grown to a good size before you come again."

Every man seems to think that he is warranted in doing unwarranted things.

## GREAT WORKS TO GO ALONG AT SAME TIME

Dry Dock and Ship Plant Linked With Dredging, Wharf Construction and Breakwater Work—Courtenay Bay Contracts in August

In addition to matters touched on by Hon. Mr. Pugsley in the Times interview yesterday the minister said: "The work at Courtenay Bay will surely be proceeded with and the tenders will be called in a very short time and the contract will be awarded. The tenders will ask not only for the construction of the breakwater, Grand Trunk Pacific wharves and the necessary dredging, but for a dry dock and ship repair plant as well. It would have been an easy matter to have asked for the dredging and the construction of the wharves and the breakwater some time ago, but I thought it better in the interest of St. John that the dry dock and ship repair plant should be linked up with these other large public works in order that they might go along at the same time. For example, the rock excavated necessarily for the dry dock can be used in part for the construction of the breakwater and other material not required in one place can be utilized in another."

"The people of St. John and of the province will be glad to learn that we have been able to interest some of the largest and most responsible English construction companies in this great undertaking and have their assurance that they will be pleased to tender. Parliament has voted sufficient money to make a start, the plans are about ready and giving a reasonable time for the contractors to figure I think we should be in a position to award the contract in August of this year."

While speaking of railway, the minister was asked when the branch line legislation would come up. "Just as soon as parliament reassembles," he replied, "and when the measure to take over the branches passes action will be taken along these lines as soon as possible." Dr. Pugsley gave this assurance to Dr. McAllister, M. P. for Kings-Albert, who met him at Sussex and who assured him of the interest taken in that question in Albert county at the present time. Some reference was made to the Valley Railway situation caused Dr. Pugsley to say that he was sure the people of the valley and of the province would agree with the position taken by the federal government in agreeing to subsidize the valley road from Grand Falls to St. John for its operation as a part of the Intercolonial Railway, which would ensure the protection of the provincial interests and a splendid service.

## Daily Hints For the Cook

SOUR MILK BISCUITS.

One quart sifted flour, two very heaping teaspoons cream of tartar and one not quite so heaping of soda. Sift again, then mix stiff enough to handle easily with sour milk. Knead, roll about half an inch thick, cut into biscuits and bake in a quick oven. If milk is creamy they need no shortening. If not, rub a small piece of butter or lard into the flour.

BROWN BREAD.

One-third cup Indian meal, two-thirds cup rye meal, 1 1/2 cup flour, 1 1/2 cup molasses, two-thirds cup sour milk, half cup raisins, 1 1/2 teaspoon saleratus (mixed in sour milk), pinch of salt; steam in one-pound cocoon can. It is a little larger than a baking powder can, with a tight cover. Put it in a 5-pound lard pail and put in hot water enough to go half way up the small can. Cover tightly and steam in oven for two and a half hours. Just enough for two.

A Delicate Rose-Tint Given to Complexion

"Only, shiny skin," says Marguerite DeValle, "can be given a delicate rose-tint, and delightful clearness of complexion and creamy cream are avoided, a simple, inexpensive lotion used made by dissolving a small amount of the mayonaise in eight ounces of water."

"This lotion applied to the face, neck and arms freckles, blotches, redness, fine lines and gives to the skin, velvety softness, and its continuing use lends a charm and elegance to the complexion and a natural complexion."

FOR FALLING HAIR

You Run No Risk When You Use This Remedy

I promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "88" Hair Tonic, with persistence and regularity, for a reasonable length of time. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys the germ, the cause of good circulation around the hair, promotes hair nourishment, removes dandruff and restores hair to its normal, healthy condition. It is a real toilet necessity. I want you to use Rexall "88" Hair Tonic with our promise that it will cost you nothing when you are perfectly satisfied with its use. It comes in two sizes, prices 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at my store—The Rexall Store, Chas. R. Watson, 100 King street.

The British museum has made arrangements for Cyril Hallett, author and archaeologist, who was educated at Oxford, to take parties of twenty-five or less round the museum, showing them the most interesting exhibits and answering questions. His services are to be entirely free to visitors.
