### NOT LIKELY TO REACH BALLOT BEFORE FRIDAY

Republican Delegates at Chicago Much at Sea

Sign of Preference for Any Candidate So Far — Senator Lodge to Be Permanent Presiding Officer.

Chicago, June 9.—Delegates to the Republican national convention assembled here today for the second session with their views as to who shall be party at the polls next November a mystery, even to themselves. The giving of unopposed approval yesterday to Chairman Lodge's keynote calling for destruction of the "Wilsonian" not a sign of any preference from the thousands who will select the Republican presidential candidate to undertake the job. There were no demonstrations, even for sons, no mention of the "big" among the aspirants, Wood, on and Lowden.

With unprecedented freedom centralized leadership or "boss" rule, the delegates promptly ratified a plan designed to make permanent a temporary organization. Adoption of the organization committee's resolution, which will place the permanent presiding officer, and set the date for the second stage of its session with little prospect that it will be a ballot on the presidential nomination before Friday or possibly Friday.

The business confronted the delegates when they assembled for the day, the temporary organization to be permanent, no speech of the permanent presiding officer was on the program. Matters in the room were reports of resolutions committee, as to its use in shaping a platform for ratification and that of the credentials committee on the permanent roll of the convention on which the voting will be done. Resolutions committee worked but it still had many interests to work when it resumed today.

Among those to be heard today was A. C. Brown, president of the American Federation of Labor, bearing suggestions that he did not outline in speaking all night at forced draft the credentials committee. The permanent roll at four-thirty morning. Previous rulings on the national committee were noted in all but three cases.

### CUT PRICES OF FOOTWEAR 25 CTS. TO \$2

Reductions in Wholesale Figures Announced by Three St. Louis Manufacturers.

St. Louis, Mo., June 9.—Reductions in the wholesale prices of various styles of shoes of from twenty-five cents to \$2 a pair, were announced yesterday by officials of three of the largest shoe manufacturing establishments here.

A. C. Brown, president of the Hamilton-Brown Company, asserted that "tight money" and the resultant difficulty met by retailers in borrowing money was the chief cause of the lowered prices. Reduced prices on certain grades of leather were assigned as a contributory cause.

### CLOTHING PRICES WAY UP FOR 1921?

Gloomy Prospects for a Year or So Anyway — Many Orders Being Cancelled, Merchant Claims.

Even the optimist that looks the whole world in the face and tries to grin is soon to succumb to that terrible pessimistic influence H. C. of L.

The only hope, apparently, is to look for quality and be in luck if you get it. Few clothes dare suggest such a thing under existing prices.

What appears to be the most drastic stroke to cheer on the weary way is the big something-or-other that The When, King street, "where men buy clothes" has promised us.

It will be interesting to watch for the big ad. they are going to run in this paper tomorrow. It's something new and good.

### The Rise of Maxwell is Due To Its Metals

Fine soil makes fine wheat; fine feathers make a fine bird; and fine metals have made the Maxwell. They have given it:

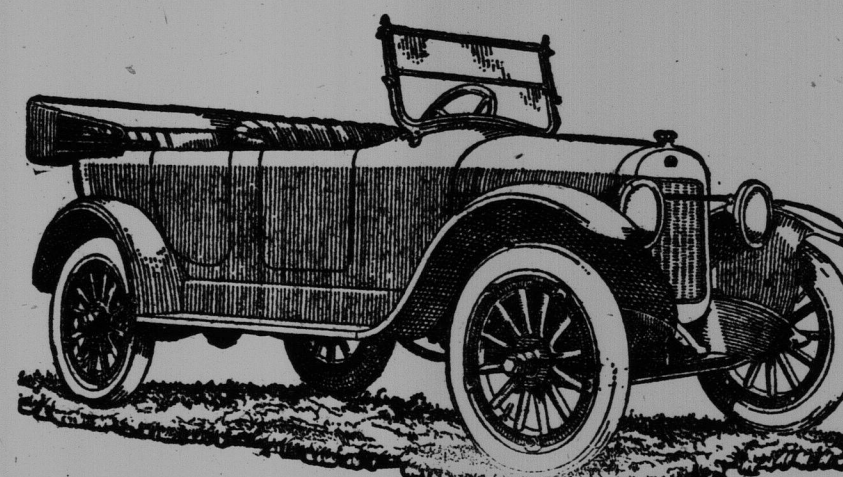

1—A life of 100,000 miles. 2—Thriftness. For its metals are light in weight. Therein comes thriftness.

But these metals are of extra strength. Therein comes long life.

Metallurgists—those who have made the study of metals a science—will tell you that such metals are costly, but they guarantee quality in a car and their generous employment in a Maxwell is by far the best evidence anyone may need to determine its quality.

They are almost alone responsible for the rapid rise of Maxwell, for the fact that nearly 400,000 now have been built, for that ever-growing friendliness to Maxwell the world over.

### No Other Light Car Offers So Much

There is in the Cleveland Six an unusual degree of power, quick pick-up and extraordinary acceleration. It gives all the speed that any reasonable person would ever want to use, more than most drivers would ever care to use.

And with these qualities of day-in and day-out performance, the Cleveland embraces sturdiness, safety and real comfort. These are factors that you care about. They mean much in the service and pleasure which you have the right to expect from your motor car.

Throughout, the Cleveland Six is a car of high quality featured by its own exclusive motor, ease of control in driving, most positive brakes, low underslung springs that wipe out the road-bumps, bodies of dignified and graceful design.

### EXPENDITURE OF \$33,600 FOR PUBLIC WORKS PASSED

Amount for Department Equipment Recommended by Council Committee.

Expenditures amounting to \$33,600 for the public works department equipment were recommended by the committee of the common council in session yesterday afternoon. The matter will come before council this afternoon. Dr. Frink brought in a budget calling for an expenditure of \$33,640, but after discussion this was reduced to the following:

1 combination motor sprayer and flusher	\$ 9,000
1 Elgin pick-up street sweeper	9,000
1 three-ton steam roller	8,500
2 2½-ton motor trucks	10,000
1 steam scarifier	1,500
1 combination lawn mower	600
Total	\$33,600

Mr. Thornton was given permission to sell two unsuitable fire horses at public auction, also the horse, wagon and harness used by him. He said he intended to buy a five-passenger touring car, or a runabout, if the funds of his department would permit.

The public works department was authorized to purchase a car load of coal from J. S. Gibbon & Co. at \$9.40 a ton.
