

BOARDING.

Boarders are received into the new School House, a building warmed and ventilated on the most approved modern system, and furnished with bath-rooms and all other appliances which can promote the comfort and health of the Boys. It is under the personal supervision of the Head Master, assisted by three Resident Masters, who direct the Boys' evening work. The household arrangements are attended to by an experienced Lady Matron.

It is particularly requested that parents should send their boys to School with their clothing, linen, and other requisites, carefully and clearly marked with the name in full.

It is desired that no eatables should be sent to the boys during Term, with the exception of fruit.

Pupils from a distance are allowed, upon application, to remain in residence during the Christmas and Easter Vacations at a charge of \$4 per week for board. No pupils are permitted to remain during the summer holidays.

It is recommended that pocket-money should be supplied to the younger boys only through the Head Master, instead of directly from home. A small sum furnished weekly is more beneficial than an occasional larger amount.
