

### East-End of Regina Heartily for Veterans

The east end of the city has done remarkably well in the Veterans Home campaign, having already donated \$2,072, mostly contributions from the working men. At a meeting of the east end committee in the Courier office last night incomplete returns tallied the above amount, but this will be supplemented when all captains have made their reports.

The east end committee decided to re-canvass a number of businessmen and private individuals, who, it is felt, will consider an increase of their subscriptions in order to make the success of the East-End campaign complete.

The splendid efforts of the captains, who did their work thoroughly and with great zeal, are deserving praise. Hearty thanks to all kind-hearted donors, who so gladly and willingly assisted.

### Regina and District

#### VETERANS FAVOR WAR GRATUITY

The Great War Veterans' association, Regina branch, want a gratuity settlement for all soldiers, and are also strongly in favor of a land settlement policy which will develop Canada. As many returned veterans as could crowd into the Regina theatre Sunday afternoon expressed their opinions on these two matters by supporting the resolutions, drafted by the resolutions committee.

#### SOLDIER-FARMER COMBINE TO MANUFACTURE FARM IMPLEMENTS

Delegates to the annual provincial convention of the Great War Veterans' association at Moose Jaw on April 22 to 24 will be asked to consider a proposal emanating from one connected with the Great War Veterans in Manitoba to form a company for the manufacture of farm machinery in the west, capitalized at \$7,000,000, one-third of the stock to be owned by farmers and two-thirds by returned soldiers.

#### CONSTRUCTION PROGRAM OF NATIONAL RAILWAY CO. ANNOUNCED

Lines To Be Built Include Grand-Henry To Neipath; Elbow To Hignville; Dunblane To Alask; Lake Lenore To Humboldt.

REGINA, Sask., April 12.—The construction program in Saskatchewan of 250 miles of new lines involving the laying of 700 miles of new trackwork by the Canadian National railways was definitely announced by D. B. Hanna, president, and W. H. McLeod, vice-president of the people's railway at a luncheon at the Assiniboia club.

Mr. Hanna and Mr. McLeod arrived in the city yesterday morning and spent the day in Regina. They were met here by C. M. Hamilton, of McTaggart, Saskatchewan representative of the directorate of the C. N. R. The luncheon was tendered by the reception committee of the board of trade, the following being present in addition to the railway representatives:

J. A. Allan, E. B. Gass, J. J. Galloway, E. S. Miller, L. T. McDonald, Mayor Black, Ald. J. K. McInnis and City Commissioner Thornton.

After luncheon, Mr. Hanna and Mr. McLeod outlined the program which it has been decided will be constructed in this province this year. They pointed out that it was the intention to pick up 150 miles of trackwork on the main line and replace it with heavy 85-pound rails to be built. The 60-pound rails taken from the main line will be used for the branch line construction program.

It was also pointed out that whether this work would be completed this season was dependent on labor conditions. If sufficient man power was available, it was the intention of the railway to undertake and finish the entire program this summer.

The announced program is as follows: Grandville to Neipath; Elbow to Kyleville; Dunblane to Sunkist; Elbow to Alask; Lake Lenore to Humboldt; northeast from Meifert and Pebbles to South Hawkwood.

The question of the construction of the proposed Regina-Avalon branch was taken up and while the railway men expressed every sympathy with the project, they declared that it was not their intention to construct this line this year.

In the morning Messrs. Hanna and McLeod paid a visit to the parliament buildings and saw the Hon. Chas. Dunning, minister of railways for Saskatchewan. They discussed the general railway situation in the province and confirmed the railway's intention to construct the program already outlined.

#### CITY'S CLAIM FOR \$60,000 TO BE GRANTED

It is understood that the Dominion government has decided to grant the claim of the city of Regina for \$60,000, representing the loss incurred by the destruction of the winter fair building when occupied by the military.

#### GREY NUNS TO BUILD A WING TO HOSPITAL

The Grey Nuns will erect a large wing to their hospital in Regina this summer, plans being now under consideration by the community of sisters. This is to be part of the building program for the summer, the sisters having decided to erect a \$50,000 hospital at Gravelbourg.

#### PARALYZED BY A FALL

"I fell down 25 feet from a building on frozen ground, and was paralyzed in my feet, legs and in my back," writes Mr. Mandy Johnson of Elk Mountain, Wyo., "I was in the hospital seven weeks and was totally helpless when I left it. Form's Alpenkrauter has cured me. I am again able to attend to my work." By improving the blood, invigorating the vital organs, and strengthening the whole system, Form's Alpenkrauter assists Nature in her work of reconstruction and healing. This remedy is not sold through druggists, local agents supply it to the people direct from the laboratory of the makers, Dr. Peter Fahrney & Sons Co., 2501 Washington Blvd., Chicago, Ill. Write to them for further information. Delivered free of duty in Canada.

### Political Unrest in Germany Increases

(Continued from page 1.) The demonstrators dispersed on a deputation being promised that all the demands of the soldiers would be granted.

**University Closed**  
LEIPZIG, April 12.—The students today voted to close the university and enlist in the border defence forces. They urged all the German high institutions of learning to do likewise. The faculty of the university concurred.

**Planning Soviet in Saxony**  
WEIMAR, April 12.—It is considered probable that Saxony will be the next section of Germany to proclaim a soviet government. The independents are known to be planning such a move, though parliamentary circles do not believe that the danger is serious.

**Retort in Saxony Failure**  
COPENHAGEN, April 14.—Four persons have been arrested in Dresden on suspicion of having a part in the murder of Minister Neuring, on Saturday. The communist demonstration held in Dresden on Saturday, was a complete failure, as views from the Saxon capital say.

In the Zwickau and Lagau mining districts of Saxony ninety per cent. of the miners have voted against a continuation of the strike.

**Soviet in Bavaria is Losing Power to Goovers**

BERLIN, April 12.—Civil war in Munich is regarded as imminent, following the action of the communists in despoiling the revolutionary council republic. Three would-be governments are now in existence in Bavaria.

COPENHAGEN, April 12.—A wireless message from Munich, by way of Berlin, says that heavy fighting occurred at the railway station in Munich last evening, and a decisive struggle is expected hourly.

BERNE, April 12.—The anti-Bolshevik movement among the peasants and middle classes in Bavaria is spreading, according to advices received today. Several of the garrisons have declared for the government of Premier Hoffman, among them those at Ingolstadt, Dillingen, and Neuberg.

#### Berlin Banks Closed Owing To A Strike

BERLIN, April 10.—The seven largest banks in Berlin were closed today as a result of the strike of the bank employees and intimidation by the strikers. Five thousand employees of the Deutsche bank yesterday voted against striking by a majority of 200, but the big institution was forced close its doors today because its employees were prevented from reporting for work by the striking clerks from other banks. Clashes between the strikers and other employees occurred.

#### Workmen's, Soldiers and Peasants' Congress

BERLIN, April 8.—The Soldiers' and Workmen's and Peasants' congress assembled today in a tense and irritable atmosphere of uncertainty. Strong military measures were taken and all spectators attending the congress were searched for arms.

Two hundred and eighty-eight delegates had been expected, representing 260 workers' and peasants' councils and 28 soldiers' councils. Many of the delegates, however, were prevented from attending, including some from the occupied regions of the Rhine, the Ruhr district and South Bavaria.

There was one woman delegate who sat at the central council table. Some foreign representatives were in the galleries. Surprise was caused by the announcement that there were nine delegates from German-Austria.

The confirmed majority socialists will have a majority in the congress but it is considered premature to draw inferences from this, owing to the absence of party discipline and some surprises are expected. The independent socialists demanding to introduce motions demanding the release of George Ledebor and all other political prisoners.

#### Berlin Strike Failed

AMSTERDAM, April 10.—The general strike at Berlin, fixed for April 10, did not materialize, according to advices from that city. Business is being carried on as usual.

**Russian Prisoners Cause Anxiety**  
LONDON, April 10.—There is much discontent among the Russian prisoners at their continuous detention while allied prisoners were returned home. The German government, it is added, is apprehensive that the Russians will break from their camps, thus increasing the Bolshevik conditions in Germany.

#### Soviets for Baden

PARIS, April 9.—A soviet movement is under way in Baden, according to despatches received today. The government has taken precautionary measures.

#### Bolshevism in Brunswick—Union With Saxony Advocated

BERLIN, April 9.—The Brunswick correspondent of the Local Anzeiger reports a general strike and a strong movement in favor of proclaiming Brunswick a soviet republic.

At a mass meeting this morning, the correspondent says, Former President Merges, in a speech, urged a union with soviet Russia as the only salvation for Germany, "which is on the verge of a precipice."

Amid the plaudits of the crowd, Merges demanded the immediate proclamation of a soviet republic and a union with Russia and Hungary.

The newly-elected workers' council is to meet this afternoon to proclaim itself the sole sovereign power in Brunswick.

#### Kaiser's Picture To Be Removed From All Schools

BERLIN, Germany, April 10.—Minister of Culture Haenisch has issued an order commanding that all paintings, photographs, bas-reliefs and statues of the former emperor shall be removed from German schools. The minister followed up this order with a second decree that the compulsory teaching of religion shall henceforth be abolished from the German schools.

These small but pregnant items were to be found on page four of the morning papers today. The first three pages were divided between warnings of the world revolution and attacks upon the government by the independent Socialist party. The Conservative newspapers are trying to sidetrack the feeling of unrest by pointing out that workers are now happier than ever before in the history of the world, that they are making money and are more respected.

### HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused me a ache and headaches. A friend called my attention to one Mrs. E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. E. Pinkham's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

### Dominion Parliament

(Continued from Page 1.)

Dr. H. S. Beland noted the lack of any provision in the estimates for a steamship service between Canada, France and Belgium. These two countries will require raw materials, as well as manufactured articles, in large quantities. He would be sorry, he said, should the government fail to subsidize a steamship line to these two countries.

Mr. Maclean explained the subsidies for trans-Atlantic lines had ceased with the war. It would probably not be necessary to renew them this year, because plenty of freight would be available for all vessels.

Mr. Maclean went on to say that the General Trans-Atlantic company proposed to operate a line between Montreal and Havre and perhaps some other port, beginning early in May. The company would operate four vessels. This company had not so far, claimed a subsidy.

Replying to a question by Mr. Davis, of Neepawa, Hon. Arthur Meighen, on behalf of Hon. J. A. Calder, said that a large number of protests had been received from the west in regard to the entrance into Canada of Mennonites and other objectors.

Mr. Meighen said that these people are citizens of the United States, and as such are liable to military service. The government, he said, had not encouraged the movement into Canada, and Mennonites had not been granted any special privileges. He added that an immigration bill to be introduced will exclude from Canada all people who claim exemption from military service.

Punishment of defaulters under the M.S.A. held the house during practically the whole of Wednesday's sitting, April 9th. The debate arose on a motion by Sir Sam Hughes, calling for uniform administration of the law, with uniform penalties for those who had not complied with the act. Eventually, when the house rose at six o'clock, the debate remained unfinished.

In the course of discussion, Hon. Hugh Guthrie, referring generally to sentences imposed, said that a number of Canadian deserters overseas had been executed, while other had got sentences as high as thirty years.

The minister of militia said that the only executions took place during General Hughes' tenure of office.

On the government side of the house there was the general argument that light fines for defaulters were unfair to the men who had complied with the law, although Dr. Michael Clark said that offenders should not be treated with unnecessary harshness.

Two members of the government—Hon. Martin Burrell and Major-General Mewburn—favoured disfranchisement of defaulters.

Lancelot Cannon, Liberal member for Dorchester, aroused excitement towards the close of the debate. He declared that the greatest culprits were cabinet ministers who had promised exemptions and they should be brought into court along with the defaulters.

W. F. Nickle, of Kingston, criticized Mr. Cannon in a vigorous speech. He quoted from speeches made by the member for Dorchester to show that he was against the war as well as opposed to conscription.

Hon. Rodolphe Lemieux asked if it was not a fact that instructions had been issued to magistrates and justices of the peace in booklet form, advising them to be lenient with military defaulters.

Mr. Meighen replied that no such instructions had ever been issued by the justice department.

S. E. Pedlow argued that there was inequality in the administration of the law in regard to defaulters. He cited an instance where a western Ontario court was imposing only two months' guard duty, while in Ottawa, a penalty was imposed of \$500, or twelve months in default.

Mr. McKenzie, leader of the opposition, argued that the defaulters should be relieved of uncertainty in regard to their situation. Thousands of young men apparently did not have the nerve to face war, but they were not criminals, and the nightmare hanging over these young men should be removed.

Hon. Hugh Guthrie, solicitor-general, stated that after the armistice a committee considered the question of creating uniformity in punishment of defaulters. As a result, some men had been allowed their liberty after serving one to two months.

Mr. Guthrie stated that the sentences imposed in England were more severe than in Canada. He had been informed that a number of Canadian deserters had been executed, while others had got sentences up to 30 years.

General Hughes enquired if they were under Canadian authority, and Mr. Guthrie replied that while our men were overseas and committed an offense against British law they were under the jurisdiction of the British authorities.

General Hughes asked if these men were soldiers that had been imprisoned and shot.

Mr. Guthrie said they were Canadians, and they had been charged with a variety of offenses.

E. Devlin, Wright, asked the solicitor-general how many Canadian soldiers were shot in England.

Mr. Guthrie said he had no official information, he had simply been told that there were some.

General Hughes asked if there were no returns made to the government of Canada before the sentences were carried out.

Mr. Guthrie replied that these cases never came before him, except in appeals for clemency.

Details of Canada's war expenditure were laid before the house Thursday, April 10th. There was under discussion a resolution proposing a bill to appropriate \$50,000,000 for expenditure arising from the war.

partment of public health. It went through committee and now stands for third reading.

Hon. Dr. J. D. Reid's resolution, on which the bill bringing into existence the Canadian National railway company, the organization which will manage the government-owned railways, met with considerable criticism from the opposition at the sitting on Friday, Apr. 11th.

D. D. McKenzie, leader of the opposition, asserted that the National railway system should be operated in the same way as the I.C.R. F. S. Cahill, Pontiac, expressed the view that the minister would have the right to appoint directors, and that the system would become a political machine. Appointments to the government railway board, he thought, should be made in the same way as to the railway commission. Incidentally, Mr. Cahill alleged that twenty-three engines and engine crews had been removed from Calgary to Hanna because D. B. Hanna, chairman of the C.N.R. board, was interested in real estate in Hanna.

Dr. Reid challenged Mr. Cahill to repeat in the press his charges in respect to graft, and asserted that if the honesty of such men as Mr. Hanna is to be impugned, public ownership of railways would not prove to be a success in Canada.

H. H. Halladay, member for Bow River, denied that Mr. Hanna was interested in real estate in the town bearing his name. The train crews had been moved to Hanna, he said, because it was more economical to operate trains from that point than from Calgary.

Hon. Rodolphe Lemieux moved an amendment providing that there shall be no money paid out by the minister of finance to meet deficits except with the approval of parliament.

This was rejected on a vote of 36 to 16, and the resolution was reported.

The bill creating a department of public health was read a third time, and goes to the senate.

The house went into committee on a senate bill, to amend the Juvenile Delinquents act of 1918. The bill, Hon. Arthur Meighen said, merely defined the term "Roman Catholic" as used in the act.

Hon. N. W. Rowell announced that the peace treaty would be signed on behalf of Canada by the Canadian plenipotentiaries at the peace conference: Sir Robert Borden, Sir George Foster, Hon. C. Doherty and Hon. Arthur Sifton.

Dr. Whidden enquired when the peace treaty would be ready for ratification, and if there was any possibility of the government setting aside a time for consideration of its terms.

Sir Thomas White said he had no information when the peace treaty would be ready for ratification.
