THE WEATHER

Forecast—Wind increasing to gales from southward, with sleet or rain. Friday, northwesterly winds, becoming colder again.

LOCAL NEWS.

Eggs touched the top mark of the season yesterday when "quaranteed fresh" were offered at fifty cents a dozen.

Allan McCavour, Fred Simmons, Joe Collins and Dick Haley, a quartette of boys, have been reported by the police for playing hockey and shouting on Prince William street.

J. C. Stone, of Montreal, architect for the new Royal Bank building, has arrived here. He expresses himself as being very pleased with the progress of the work.

The ladies of the Macabees, St. John Hive, No. 1, will hold a concert tomorrow evening in the Foresters' hall, Charlotte street. A good programme has been prepared.

Frank E. Weldon, of the firm of F. E. Weldon & Co., Winnipeg, is in the city. Mr. Weldon was called here on account of the death of his mother, which occurred last Wednesday.

The Greek population in St. John has been increased by one. Louis, a brother of George Messias, of the King street shoe shining establishment, has arrived and is in business with his brother.

Indications are that a good supply of vegetables, poultry and meats will be on the Christmas market. Last year turkey and chickens were very scarce and were bringing high prices. This year, so a merchant in the market says, poultry will be quite plentiful and will be for sale at reasonable prices.

The Street Railway Company's snow plough did considerable damage on Dock street, about 1.30 o'clock today. The plough was run at a good rate of speed, when it collided with a number of lanterns and tools which were near the tracks, where some men are excavating. The lanterns were knocked over and broken, and a plank walk which was laid over the excavation, was torn up.

The tug Lord Walsley left port about 6 o'clock this morning for Digby and will take the stern schooner Rebecca W. Huddell in tow and bring her to St. John. The Huddell was floated off the mud without damage, but will have to receive new masts, anchors and chains on her arrival here. Captain Scott has had a severe experience since he left Salem, Mass., a few days ago.

Word has been received in this city that the Holy Ghost and its society of Boston has received a letter from the Rev. Frank W. Sandford, the famous Shiloh leader, on board the yacht Kingdom, formerly the Rebecca Crowell. The news is to the effect that Sandford and his followers have arrived safely at Joppa. So long a time has elapsed since Sandford's departure that it was feared that he and his adherents had either drowned or had met with some accident. But it appears that the young man still takes care of his own, applies to Sandford's case and he is in a new field for his well endeavored work and probably even worse mischiefs than the striking illustration furnished in the recent probing of Shiloh.

GENERAL CLEARING OUT IN THE POLICE COURT

A Bunch of Remanded Prisoners Deal With—One Man Thought It Was Bargain Day.

There was a busy session in the police court this morning. The ordinary cases were disposed of and a fairly large docket of civil cases was exhausted.

Timothy O'Brien was charged by his eighty-year-old father with being drunk, breaking in the windows and taking a boot and beating the aged man on the head.

The wayward son, who is about forty years of age, pleaded guilty to being drunk and held the jag up as a cloak for the other charges. He said he did not remember the occurrence. He was remanded to jail and the case may be taken up tomorrow morning.

James Duffy was found on Main street struggling with a heavy load and was fined four dollars. He wished to compromise and offered two dollars for his freedom. It was not a bargain day with the magistrate and the prisoner went to jail until such time as he could produce the full amount.

Thos. Rooney, who hails from Nova Scotia, and Edward Holt, of the West End, were remanded to jail a few days ago for seeking lodgings in an old wrecked schooner and wandering about the streets. Holt was sent back to jail in default of paying eight dollars and to separate the two, Rooney was told to get out of town.

John Curran, a man who has been better days, and has been in jail lately for drunkenness, entered the police court today a physical wreck. A glance told his condition. He was fined eight dollars or one month and the magistrate ordered that the jail doctor attend the man. He suggested that it might be necessary to send him to the hospital.

A colored girl, named Close, who has been in jail for drunkenness was allowed to go on suspended sentence.

Henry Gay, who while intoxicated was arrested for begging on Main street a few days ago, was again remanded to jail. It is possible that the young fellow will be allowed to go to his home in Charlotte county.

John Conlon, who was arrested on Union street for being drunk and remanded to jail was fined eight dollars or one month.

ENGLISH TEACHERS ARE VISITING THE SCHOOLS

Will Go to Kingston Tomorrow if the Weather Keeps Fine—Five o'clock Tea Today.

The five English school teachers who arrived here on the Lake Champlain, visited two of the city schools this morning.

At ten o'clock they arrived at the High School, accompanied by Inspector Carter. Dr. Bridges joined the party and a tour of the different rooms was made. After leaving the High School, the party proceeded to Alexandra school. The children were assembled in the exhibition hall, and before an examination took place, they sang God Save the King, and My Own Canadian Home.

The visiting educationalists were very much pleased with the showing made by the little ones.

Mr. Hall and Miss Webster, of the party, spoke a few words. They told of how schools were managed in England, and their addresses were very interesting.

Dr. Bridges states that the teachers seemed well pleased with everything. This afternoon, Victoria and Lelster street schools are being visited. If the weather is fine tomorrow, the teachers, accompanied by Inspector Carter and Dr. Bridges, will visit the Consolidated school.

Permission for this trip has been granted by Dr. Inch.

This afternoon the lady visitors will be entertained at the Natural History Society's rooms, at five o'clock tea. Mrs. G. F. Matthews is the hostess.

PARTY OF WESTERNERS GOING TO ENGLAND

A Group of Friends Who Stuck Together in Canada Will Visit Their Former Homes.

There arrived on the noon train today a large party of westerners who are on their way to England to spend Christmas.

The party registered at the Victoria Hotel, and consisted of W. J. Lawson, Moosejaw, H. E. Wooley, Regina; W. Clegg, Broadview; W. D. Ellis, Lethbridge; E. J. Burt, New Brantford; W. H. Tomlinson, Lloydminster; Jas. McLean, Calgary; A. V. Shaw, Cranbrook; F. Howard, Winnipeg; G. B. Abbott, Cranbrook; C. Dexamore, McLeod.

Mr. Tomlinson, speaking to the Star, said that the party consisted of young men who went to the Canadian West about four years ago. They were friends in England, and stuck together in Canada. Some have been more prosperous than others, but each one of the party has secured a homestead, and all are comfortably settled.

Mr. Tomlinson spoke in glowing terms of the west, and said it was much to be preferred to England.

CANADA IN 1956.

A Paper by Dr. Melvin Which Aroused Much Interest at the Fortnightly Club.

A paper read by Dr. Geo. G. Melvin, at the last meeting of the Fortnightly Club is still a topic of interest among members of the club. It was in the nature of a forecast of conditions in Canada fifty years from now, and while of course the paper did not necessarily embody Dr. Melvin's views, the ideas were of much originality. It purports to be a lecture delivered by a professor in an Arizona university to his students. Among the conditions described is the government of the French republic existing in 1956, which comprises the provinces of Ontario and Quebec. The maritime provinces are still in the hands of the British, chiefly as fortifications and naval bases and the entire western portion of Canada has become a part of the United States, the people there having found it to their advantage to unite with that republic. The paper is one of much interest, but cannot be set forth in an outline. The Star will, however, in a few days publish in full Dr. Melvin's essay.

A PAIR OF CHICKENS WEIGHING ELEVEN POUNDS

Surely such a pair of chickens never came to town as those bought yesterday by Gilbert Bros., the Charlotte street grocers. They were raised by Mrs. Moore, of Ashburn Lake, and weigh, dressed, just eleven pounds.

They were hatched in May so of course are still in the chicken class. Mrs. Moore does not know why they decided to grow so big. They had remarkable appetites she says, but she never saw chickens make such good use of their food. When it is remembered that a five pound turkey is heavy enough for a fairly large family the size of these chickens—which, by the way, are not for sale—will be fully appreciated.

MR. MURPHY MAY NOT SUCCEED MR. DOWNIE

Report that R. R. Jamieson, of Calgary, May be the Man if Any Change is Made.

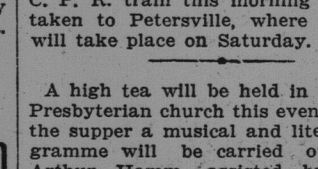

The Star learns from Montreal that the changes in the staff of the C. P. R. in so far as the Atlantic division is concerned, are not by any means definite, and while there is a suggestion that Mr. Downie, the general superintendent of the Atlantic division, is R. R. Jamieson, at present stationed at Calgary in charge of the western division.

Other transfers on different divisions have already been made, but Mr. Murphy, who has been mentioned as Mr. Downie's successor here has not yet received any notification of his transfer. It is intimated that he may not be selected for this division after all but will be given charge of some of the new lines in Ontario. The man now talked about as the next general superintendent of the Atlantic division, is R. R. Jamieson, at present stationed at Calgary in charge of the western division.

With regard to the transfer of J. G. Shevan, nothing definite has been heard since the first report struck town, but it is understood that Mr. Shevan's promotion will shortly be confirmed.

The remains of Mrs. Donovan were conveyed from Hanover street to the C. P. R. train this morning and were taken to Peterborough, where interment will take place on Saturday.

A high tea will be held in St. John's Presbyterian church this evening. After the supper a musical and literary programme will be carried out. Mrs. Arthur Hamm, assisted by several other ladies will be in charge.
