A Moncton woman who skipped out of the railway town a few weeks ago and whose husband was in St. John looking for her some time since has turned up here again and has been attracting considerable attention around the streets in company with a well known local man.

A very pleasant entertainment was held in the St. John Pite and Drum Band rooms last evening. This is the first entertainment the band has given and it proved a great success. There was an excellent programme in which the Alcorn family proved a strong attraction. Wee Mae at the piano and Miss Edith and Bertie in comic songs and "Glow Worm," were encored a number of times.

C. R. B. McElchrist of the big brokerage firm of Andrews Gillespie & Co., Liverpool, England, is in the city and will sail from Halifax for the old country on the Hesperian on Saturday. Mr. McElchrist has been in Montreal for the past three months relieving Mr. Jones, the manager of the Canadian branch, who has been absent on account of illness.

The funeral of the late James McMenamin took place this morning at 10 o'clock from the residence of his son Thomas, Spar Cove Road. The remains were taken to St. Peter's church, where requiem high mass was sung at 9 o'clock by Rev. A. J. Duke. Interment was in Sand Cove Cemetery. Six grandsons acted as pall bearers.

Further hearing in the plaintiff's application to set aside the appearance and plea and sign summary judgment in the case of the Merchants' Rubber Co. vs. C. Humphrey Taylor was continued before His Honor Judge Forbes in County Court Chambers this morning. On the application of C. S. Hanington for the plaintiff the hearing was further adjourned to the fourth Tuesday in November, on the condition that the defendant would receive costs. G. Earle Logan appeared for the defendant.

There is considerable speculation along the harbor front as to which is the fastest vessel in the pilot fleet, the Howard D. Troop No. 1, or the Defender No. 6. There is talk of a race for \$500 a side. A pilot of the Defender says that in addition to a racing money they should also race for numbers, and if the Defender wins she should take No. 1 and the Troop No. 5. A course from Reed's Point, round the Larcher Lightship and back is suggested as a good test, while others say a triangular course in the bay would be a better test.

An Australian paper received today contains the news of the death of James Fleet, a former resident of St. John. The deceased was in his 80th year and left this city a number of years ago. He died on November 23 last at South Gippsland, Australia. His wife survives him. Robert Fleet, of Broad street, is a brother of the deceased. Three other brothers, David, of Farmington, Me., Joseph, of Sacramento, Cal., and John Fleet, of New York, also survive.

There is a large attendance at the annual meeting of the New Brunswick Temperance Federation, which is being held in the W. C. T. U. rooms this afternoon. The various counties have representation at the meeting. Although the chief business is the reading of the reports and the election of officers, it is quite probable that the local option campaign in Sidney and Stanley wards will be discussed. Petitions are now being circulated. The federation may also discuss the action of the liquor license commissioners in granting the application of Mr. J. Nugent.

PERSONAL

James A. McLean, K. C. of the firm of McLean and Margeson of Bridgewater, N. S., is in the city on legal business. He spent last night with his brother, J. R. McLean, mayor of Sussex.

SLIGHT CHANGE IN TILLEY MONUMENT

Mr. L. P. D. Tilley Returns From Montreal —Recommendations of Committee —Approved by Sculptor.

The Tilley monument committee has decided on some slight alterations in the design of the pedestal. Their recommendations were forwarded to the sculptor Philippe Hebert and the latter has replied confirming the changes, which will therefore be adopted.

The committee's savvy asked Lady Tilley and L. P. D. Tilley, who recently reviewed the model which is now progressing towards completion to give their opinion on it and suggest any further changes which they might think desirable in order to make it more true to life.

Mr. Tilley returned today from Montreal and in conversation with The Star said that he was very much pleased with the statue as it stands now although there is yet considerable work to be done on it. He had no criticisms of the model which he wished to express.

MRS. OSBORNE WILL NOT LOSE HER BEER LICENSE

Commissioners Say They Were Fully Justified in Granting Nugent's Application.

Mrs. Margaret Osborne, who conducts a beer shop on Westmorland road, will not lose her license. The commissioners have decided that Mrs. Osborne is endeavoring to comply with the regulations and her license will not be cancelled. She will meet the commissioners in a few days. Mrs. Osborne was recently convicted on the charge of having liquor on her premises, but she denies that she served a child.

There was considerable discussion at the streets today over the commissioners' position in regard to Mr. Nugent's license. The commissioners say that their action in granting Mr. Nugent's license was justified. The applicant had always conducted an orderly saloon. Last year the local option vote was taken, and the people voted for license in the ward.

Enquiry was made this morning as to the cause for the refusal of a license to George Garnett. It is learned that last year the commissioners had considered taking away the applicant's license, owing to howls on his premises. Lately when the commissioners visited the saloon they found evidence of disorder on Mr. Garnett's premises.

GRAND BAY IS NOW ENTIRELY CLEAR OF ICE

The noise of the ice racking, cracking and crumbling as the big pack in Grand Bay cleared out last evening was heard for miles around. The bay is now entirely clear of ice and the water is open for a long distance up. The ice is moving as far up as Largetown and predictions are being made that if the rain continues the river will be opened nearly as far as Fredericton. The harbor was filled with floating ice today which is coming down through the falls.

JOHN WILLET, K. C., WILL RUN IN DUFFERIN WARD

John Willet, K. C., has decided to offer as a candidate for alderman in Dufferin ward at the coming civic elections. Mr. Willet has served a number of terms in the common council and is recognized as a very useful alderman. His chances of success this year are excellent. He will be in opposition to H. E. Codner, the present alderman for Dufferin ward.

Mayor Bullock has definitely decided not to run for alderman-at-large.

THE WINTER PORT

C. P. R. Steamer Montezuma arrived in port this afternoon from London via Antwerp. The Montezuma brought to this port ninety-seven passengers. She also carried a large general freight. The steamer had a fairly good run across. Allan Liner Hesperian under charter to the C. P. R. will sail to-morrow. The steamer will carry 45 saloon, 25 second cabin, and 200 steerage passengers, Manchester Shipper, Captain Perry, sails to-day for Manchester with a large general cargo.

MR. F. W. W. AMLAND

The death occurred at an early hour this morning of Mr. Fritz-William Wellington Amland, one of St. John's oldest and most estimable citizens. Mr. Amland, who had reached his 82nd year, had enjoyed particularly good health until Saturday last, when on returning to his home after a walk he was stricken with paralysis. His condition gradually became worse until this morning, when about five o'clock he passed away.

Mr. Amland was a native of Copenhagen, Denmark, and came to St. John about the year 1853. He went into the block-making business with the late Mr. Joseph Laskey, whose sister became Mr. Amland's wife. Some fifteen years ago Mr. Amland retired and has since been taking life easy. He was a life long Methodist and of late years had been a member of Centenary Church. He is survived by one daughter, Miss Ada, living at home, and five sons, C. Arthur, Frederick W., George C., Robert B., and Walter E., all of St. John.
