

You can't go on losing flesh under ordinary conditions without the knowledge that something is wrong, either with digestion or nutrition. If the brain and nerves are not fed, they can't work. If the blood is not well supplied, it can't travel on its life journey through the body. Wasting is tearing down; Scott's Emulsion is building up. Its first action is to improve digestion, create an appetite and supply needed nutrition. Book free.

SCOTT & BOWNE, Belleville, Ont.

EQUITY SALE.

There will be sold at Public Auction on Saturday, the Eleventh Day of December next, at 12 o'clock (noon) at Chubb's Corner (so called), in the City of Saint John, pursuant to the directions of a certain decretal order of the Supreme Court in Equity, made on the 17th day of August, A. D. 1887, in certain cause therein pending wherein S. Augusta McLeod is Plaintiff and Florence M. Wright, Areta-Roy Wright, Ida Irene Wright, Bessie Bell Wright, Clara Gladys Wright, Gur Carleton Wright, Loull Lavenia Wright and Howard D. McLeod are Defendants. With the approval of the undersigned Referee in Equity the land and premises mentioned in the said Plaintiff's Bill and in the said decretal order and therein described as follows: "All those certain lots, pieces or parcels of land situated, lying and being in Carleton, in the City and County of Saint John, known and numbered on the plan of this part of the City as lots number (335) three hundred and thirty-five and (336) three hundred and thirty-six, fronting on Charlotte Street, and numbers (351) three hundred and fifty-one and (352) three hundred and fifty-two, fronting on Tower Street, being each fifty feet by one hundred feet more or less, the same having been deeded to the President, Directors and Company of the Commercial Bank of New Brunswick by E. D. Wilnot by deed bearing date the thirteenth day of October, A. D. 1847, and registered and by several name transfers conveyed to J. Hebert Wright."

For terms of sale and other particulars apply to the Plaintiff's Solicitor or the undersigned Referee.
Dated this 20th day of September, A. D. 1897.
R. McLEOD, E. H. McALPINE,
Plaintiff Solicitor, Referee.
EDWARD A. EVERETT, Auctioneer.

The Return of the Pendulum.

In 1892 the prosperity of the commercial school was at its flood. Desiring to find some expedient that would render them still more prosperous, the proprietors of many of these schools abandoned methodical and produced excellent results and adopted others which were wholly experimental. It may safely be said that in most cases the change was not made with the expectation that the schools would be strengthened educationally, but that the new ideas would have greater advertising value. But a reaction has set in. The conclusion has been formed upon thoughtful teachers that the school that educates its pupils best advertises itself best; that a device which may attract inexperienced boys and unthinking parents, may not commend itself to the class of people whose friendship and patronage must be secured and retained as a basis of permanent prosperity. Those schools which adhered to tried and approved methods, which gave their pupils solid and symmetrical knowledge, which steadily refused to be carried off their feet by patented systems of education, are now reaping the benefit of their wise conservatism. Such schools have not the task before them now of repairing the damage done by experimenting with fads. Those schools which have tried with their reputation by experimenting with one or another of the new schemes are realizing that their reputation for real efficiency has been injured, and are seeing their more conservative co-workers forging ahead. Only a small proportion of the larger schools swing off in '92 and some of them are treated as soon as the character of the road they were travelling was discovered. When pretence will pass for performance, and when clap-trap will be accepted in lieu of genuine educational advantages, then, perhaps, the public will take kindly to patented systems of education.—Progress, Rochester, N. Y.

Just so! Ours was one of the colleges preferring unimpaired reputation and a clear conscience to temporary gain. Result: our fall opening is the best we ever had. It is most gratifying to find ourselves classed in the right list and our position vindicated from so important an educational centre.

Send for Catalogue of honest course of study; also of the Isaac Pitman Shorthand.

S. KERR & SON.

News Summary.

A Winnipeg woman and her six children are reported to have perished in prairie fires.

There was a heavy fall of snow last week over the Westmoreland hills, England.

The Maine Central restaurant and contents at Mt. Desert ferry were destroyed by fire on Tuesday. Loss \$6,000.

Sir William C. Van Horne, Mr. James Ross and Mr. C. S. Campbell have been appointed governors of McGill University.

A party of blue jackets and marines from England en route to the Pacific were landed at Montreal on Tuesday by the Allan liner State of California.

The Sultan is said to be making strenuous efforts to obtain the withdrawal of American missionaries from the interior of Asia Minor.

The Salvation Army is holding a week's celebration at Toronto of the fifteenth anniversary of Army work in Canada. Maritime Province officers are participating.

The Ontario government has voted a grant of \$5,000 to aid sufferers from bush fires in Russell and Prescott counties. The Toronto Globe has given \$500.

Owen Sabean, of Lower Weymouth, N. S., walking through the woods to his brother's, became sick. A searching party found him shortly before he expired.

A militia general order issued Tuesday provides that all appointments for commanding officers are for five years. Any extension of tenure will be for three years only.

Willis A. Trask, late teller in the First National Bank of Wallingford, Conn., and treasurer of the borough of Wallingford, was arrested at Halifax on Monday. He is a defaulter to the bank in the sum of \$6,404.87 and to the borough of \$2,000.

Deputy Warden Ross, Dorchester, ordered Peter O'Brien out to feed his cattle. As there was only one guard in the yard at the time, O'Brien seeing his chance to escape put a ladder up to the fence and pulled it up and lowered it down outside and escaped.

The decision of the College of Physicians and Surgeons of the Province of Quebec that its members, under pain of suspension from practice, must cease to act as salaried medical officers of friendly societies, encounters much condemnation.

Tuesday afternoon, within twelve miles of Austin, Texas, the southbound Cannon Ball train was held up by four men and robbed. The passengers were relieved of some \$200 in money. The bandits attempted to rifle the safe in the express car, but were unsuccessful.

At a meeting held in Manchester on Tuesday a resolution was adopted calling upon the government, "in view of the injurious effects of the dislocation between gold and silver," to take advantage of the overtures of France and the United States and "redeem the government's promises in regard to securing a stable parity between gold and silver."

The Jirga tribesmen have surrendered their Martin breechloading rifles and have solemnly sworn to maintain the peace and drive out the Umra Khan's followers. The troops forming the Mamund punitive expedition have destroyed twenty-six fortified villages and have killed many of the insurgent natives.

A Seattle despatch says: By the death of his father in Scotland George Burns, until recently a fireman on the revenue cutter Grant, receiving a salary of \$28 a month, becomes one of the four heirs to an estate valued at \$1,000,000. He will return home and secure his portion of the estate.

A great enterprise has just been completed in Newfoundland—the completion of the Trans-insular railway, extending completely across the island from St. John's on the east to Port au Basques at the extreme southwest, fifty miles from Cape Breton. The total mileage is about 615 and the cost is \$15,600 per mile, a total of \$9,954,000.

Secretary Sherman has written a reply to the note of Lord Salisbury expressing Great Britain's declination to take part in a Behring Sea conference in which Russia and Japan are to participate. The answer states that the United States government views with astonishment the determination of Great Britain not to participate in a conference including Russia and Japan. The State department suggests a conference in accordance with the terms of Lord Salisbury's agreement, as he construes it, namely, between experts of Great Britain, the United States and Canada. In the meantime preparations for the conference between the United States, Russia and Japan are proceeding.

Two Agonizing Diseases.

Quickly Banished by Paine's Celery Compound.

Two Thankful Letters That Should be Read by Suffering Men and Women.

For the effectual banishment of rheumatism, sciatica and neuralgia, Paine's Celery Compound is without doubt the best medicine that human science has ever produced. This marvellous remedy, devised by Professor Edward Phelps, M.D., one of the ablest physicians that ever lived, has won the hearty praise of millions of people for the wondrous cures it has wrought in all lands. It is only a medicine with such a record of cures that can attain a world-wide reputation. It has saved men, women and children, many of whom had been given up by the doctors. It does its work quickly and well; it eradicates every trace of disease; it builds up, fortifies and makes active every mortal whose limbs have been crippled and deformed by rheumatism, and drives away the terrors of neuralgia.

Today the ablest doctors are freely prescribing Paine's Celery Compound for tortured rheumatic and neuralgic people. The thankful letters received each year from the cured in every section of Canada would, if published in book form, make a large and interesting volume.

The following letters will surely inspire all rheumatic and neuralgic sufferers with a new and lively hope of a better and happier life. Mrs. F. McMann, of Thorold, Ont., says:

"I think it my duty to let you know what Paine's Celery Compound has done for my husband. For two years he suffered very much with rheumatism in the back, and became so bad that he could not bend, stoop, or sit in a chair at table, and I was obliged to take his meals to him while he lay in bed. He was treated by various physicians, but received no benefit until he used Paine's Celery Compound. The first bottle gave him relief, and after he had used six bottles he was quite free from the rheumatism. He was troubled with piles for fourteen years, and found great relief from the Compound. He says he feels like a new man just now. We think there is no medicine like Paine's Celery Compound."

Mrs. A. Acheson, of Montreal, says: "Two years ago I suffered intensely from neuralgia in the head, face and shoulders. I was in a terrible condition, and often so tortured that I could not rest or sleep. I became very weak and feeble, had giddy and faint spells, and often could not attempt to go out on the street. My appetite became poor and digestion very weak. At night, while in bed, I often had oppressive and smothering feelings; my whole nervous system was run down and very weak."

"I had been under the care of a medical man and used various medicines, but no relief came to me from these sources. I fortunately heard of your Paine's Celery Compound; I decided to give it a trial, and I bless the day I commenced with it. I used it for several months, and now feel as well as I ever did. All my pains have been banished, I sleep and eat well, and find myself a new woman. I heartily recommend Paine's Celery Compound to all who are in need of an honest and true curing medicine."

MINARD'S PILLS.

Are prepared from Vegetable Medicines only. The combination is so carefully arranged as to meet all cases when a Cathartic is necessary. They not only evacuate the bowels, but will open the secretions and expel foul humors from the system. Their action is gentle and thorough. Without any flaring advertisement, we send these Pills forth to make their own market, as our Liment has already done. A Trial is all That is Necessary to Ensure Success.

Are you Bilious, have you a Sick-headache, Colic, Jaundice, Constipation, Nervous Debility, Disordered Stomach or Kidneys, Dyspepsia? Do you feel dull and heavy, or pain or fullness in the head? In all cases use these Pills a few times and all will be well with you. They will often break up a Cold by taking a good dose at night, taking a light supper and bathing the feet in hot water.

Make No Mistake.

DO NOT DESPAIR Until You Have Tried What SMITH'S...

Chamomile Pills

Can Do for You!

Do you have pains about the chest and sides, and sometimes in the back? Do you feel dull and sleepy? Does your mouth have a bad taste, especially in the morning? Is your appetite poor? Is there a feeling like a heavy load upon the stomach? Sometimes faint, all-over sensation at the pit of the stomach, which food does not satisfy? Are you ever sunken? Do your hands and feet become cold and clammy? Is there a dullness, a sort of whirling sensation in the head when rising up suddenly? Are the whites of your eyes tinged with yellow? Is your urine scanty and high colored? Does it deposit a sediment after standing? If you suffer from any of these symptoms Use

All trains are run by Eastern Standard Time. D. POTTINGER, General Manager. Railway Office, Moncton, N. B. 10th June, 1897.

About Positions.

Many who go to a business school desire employment afterwards. I get positions for all who complete my "A" or actual business course—Book-keeping or Shorthand and Typewriting. They must qualify in such branches as I see they may need, attend regularly and give earnest attention to their studies. I shall do my part—I have done it so far and expect to. Send for primer, free?

Snell's Business College, TRURO, N. S.

S. S. LIBRARIES.

Published by The Am. Rep. Pub. Society, latest and best books, in series. It will pay Superintendents to send me for descriptive circulars and prices.

T. H. HALL, St. John.

How to Plant

The secret of growth is not in the variety bed should be in the clean not only of w No rank manure sh it, but the ground and mellow, very for growing vegetat the fall, about the after. This will de the season. Some y not be had before August. The young mulched at once, r either fine cut hay at hand. The best p have a habit of sh frames, covered with ial. No material fo is equal to wood borne in mind at th wild berry grows in so you may safely chip manure or wo The use of nitrate of ammonia as a stim mendia. But if the must be no stint in water. This should dug by the side of the plant; and it shou liberally. Both dur and the bearing seas berry bed as cool as Should you use pot the expense is muc plants. If possible, g Mr. Davis, a success always selects the sec first runner on the events, take good str for quick growth. Re cover your plants abo compost, and then spre of leaves of cut straw, compost should always you wish for success Have six beds in differ They are made of ash yard manure, weeds, w everything that will de fork together in the fall covering and for manur go hundreds of loads of it must be borne in min farmers cannot find time ready for strawberries as indicated. If it has bee so, you may get your October 1, and even late plenty of earth. If plan spring I should wish to the ground can be in go tainly by the middle of I should invariably mu leave the mulch on all s with proper working. I with me, when intending spring time, and the p tained at a distance, to s fall and bury them in the them under the bench of as to have them ready setting as soon as the gro Otherwise your order ma or three weeks after they get.—(E. P. Powell.

Old Strawberry

First, we would look and see if it was worth av with June grass, sorrel, et grub has got in it, it had up at once, for it will cost it than the crop is worth. worth saving, our way of With a plough we turn four inches deep, away fro ing a back-furrow in the about a foot or two; the r right into the mulch.
