AROUND THE CITY

Valise Found.

A small valise was found on Duke street, yesterday afternoon, by Mr. Allen, and the owner can receive the same on application at Watson's stable on Duke street.

Another Bonehead.

About 11.30 o'clock last night the fire department were called out to a false alarm some person sent in from box 41, on the corner of St. James and Prince William streets.

Lancaster Primaries.

Lancaster provincial government primaries will be held Tuesday evening as follows:—Beaconsfield, in the Beaconsfield hall; Milford, in Milford hall; Parkville, in the Orange hall; and Lorneville, in the Lorneville hall.

Exmouth St. Church.

945 United Society class, 11, Divine service, preacher the assistant pastor, 2.30, pastor's Bible class and Sunday school, also Glad Tidings Hall Sunday school, 7, Divine service, preacher the pastor. The Sacrament of the Lord's Supper will be administered at the close of the evening service.

Brush Fire in the Park.

Yesterday afternoon at 2.30 o'clock Mounted Policeman Crawford discovered a brush fire in the rear of the artificial lakes at Rockwood Park, and the flames were so bad that he notified the park caretakers. It took some hours of hard fighting before the fire was extinguished.

Natural History Society.

At the regular monthly meeting of the Natural History Society next Tuesday evening A. Gordon Leavitt will deliver a lecture on the Winged Polio, or the birds who guard the farmers' crops from the birds, had bugs, grating grubs, criminal caterpillars, felonious flies, and insects of predatory and depraved instincts.

An Indiantown Accident.

A serious accident occurred on Bridge street about half past five yesterday afternoon when James Clark, a teamster, was run over by a two horse sloop which he was attempting to back into a yard. It seems that Clark slipped and fell under one of the wheels which passed over his chest injuring him severely. Dr. Case was at once called and on examination found that while no bones were broken, the injured man was badly shaken up. Mr. Clark was afterwards taken to his home on Murray street.

Lecture on Coronation.

A large audience heard Rev. Allan Shafford, of Montreal, lecture on Westminster Abbey on June 22nd last. The lecture was illustrated by means of 75 electrotype views. Included in the number of scenes thrown on the screen were the crowning of the King and Queen, the anointing, the taking of the oath and other scenes intimately connected with the great ceremony. The lecturer dealt especially on the religious ceremony of the coronation festival, explaining in an interesting manner each portion of the ceremony. The magnificent coronation procession from Buckingham palace to Westminster, the splendor of the pageant, the triumphal return following the ceremony, were all graphically described by the speaker. During the evening musical numbers were rendered.

Teamsters on Sidewalk.

There is considerable indignation among property owners on Mill street at the failure of the city to come to an agreement with the C. F. R. in regard to the sidewalk in front of the new sheds on Mill street. At the present time teams delivering or taking freight from the sheds are crossing the sidewalk where-ever they please, and the sidewalk is being destroyed. Property owners say that this practice should be stopped, and that the teamsters should not have more than one place for crossing the sidewalk and that they should be compelled to approach or depart from sheds by way of Mill street. It is claimed that if the present practice is continued people will be compelled to use the opposite side of the street and as a consequence property, especially store property, on the west side of Mill street, will depreciate in value.

Firemen As Hosts.

The members of No. 1 hose company entertained a number of their friends in their rooms, Charlotte street, last evening and a few enjoyable hours were spent by those present. Chief Kerr was present and made a short address and Hoseman William Lowery was also called on for a short address. Songs were rendered by R. Carson, Frank Hamm, William Deveney, M. McFadden, William Ross, and others, while excellent music was furnished on the violin and guitar by Messrs. Allen and Croley. A McGormin performed on the mandolin and harmonica and Alex. Campbell played a number of selections on the bagpipes. M. McFadden gave a step dance and Alex. Campbell danced the Highland fling. Roy Harding gave a reading, and Frank Hamm made a hit in a rube sketch. During the evening refreshments were served and those present enjoyed a lobster salad prepared in Chef Lowery's best style.

AGENTS WANTED.

Sinking of the Titanic. Greatest money making opportunity in a generation. Agents having marvellous success. Authoritative book. Price only \$1.00. Big terms. Outfit free. Don't miss this chance. The John C. Winston Co. Limited, Toronto, Ont.

MORE SETTLERS ARE COMING TO PROVINCE

Men with Large Families Arrive Here for Purpose of Going on Land—Some Recent Arrivals.

A feature of the immigration to New Brunswick this year is the large number of old country men with large families coming here, and entering the farming communities with the object of securing a home for themselves and getting better opportunities for their families. A short time ago one man with a family of thirteen arrived here and yesterday another man with a family of nine arrived and went on to Sackville. A party of fourteen who came to Halifax on the Mongolian came over on the train yesterday and will locate in the province. Among those in the party were William Cobbett and wife, Edward Fyfe, J. Camp, Frank Preston, A. Revell and Geo. Kent, R. Boughton and Percy Ashton. All are farmers and have secured positions. Today a party of fifty, who came out on the Lake Manitoba to Quebec, will reach here on the Maritime express.

Mr. Bowler has started a tour of the province and will address meetings of the boards of trade in different towns, with the object of eliciting their co-operation in the work of bringing out immigrants and settling them on the lands of the province. Since accepting the position of provincial representative in England, Mr. Bowler has done much to advertise the resources of the province, and his work is bearing fruit in the increasing immigration of a very desirable class of men accustomed to farm labor and qualified to make good.

NORTH END HOUSES WERE BADLY GUTTED

Considerable Damage Done Yesterday Afternoon by Blaze which Started in Barn Off Main Street.

A serious fire occurred on Main street near the N. D. Cold Storage plant, yesterday afternoon, when the houses of Michael McLeod, and Solomon McConnell were badly gutted. The blaze originated in a barn at the rear of McLeod's house, from whence it quickly spread to the adjoining buildings. An alarm was rung in from box 145, which was answered by Nos. 4 and 5 hose companies and by No. 3 hook and ladder company. When these arrived it was found that the blaze was becoming dangerous and a second alarm was rung in. This was answered by No. 2 hose and by No. 1 hook and ladder. While these companies were fighting the fire, which had broken through the roof, another blaze was discovered in the awning of Heati's baker shop, Mill street. Box 152 was rung in, and hose companies Nos. 1 and 2 responded. It was thought the latter fire caught from a spark from one of the engines. It however, was quickly extinguished.

The blaze on Main street gave the firemen a hard battle, lasting, as it did, for two hours. The tenants in these two houses, the majority of whom had just moved in, lost nearly all their belongings which were not covered by insurance. In Mr. McConnell's house the tenants were Wm. Touchburn, Robert Touchburn, Mr. John Mullin and families named Armstrong and Fraser, while in Mr. McLeod's house the tenants were H. McQuire, Joseph Ferris, Elmer Sabin and H. Gorley. When seen by a Standard reporter last evening, Mr. McLeod said he estimated his loss to be about \$2000, partially covered by insurance, including \$200 each in the Western Fire Assurance Co. and the London and Scottish Fire Insurance Co. Mr. McConnell puts his loss at \$2500, which he said, was covered by insurance.

MAX PERMIT BOAT FISHING IN PARK

Anglers who frequent Lily Lake Agitating for Concessions which will Increase Chances for Getting Fish.

While the commissioners of Rockwood Park have again opened Lily Lake to rod fishermen operating from the shore, it is claimed that this privilege is not enough to satisfy the desires of Isaac Whitton, who has their habitat in this community, and an agitation is being started to secure the privilege of fishing from boats on the lake. One of the commissioners when seen yesterday said he had heard that there was such an agitation in progress, and added that if the fishermen wanted the privilege of trying their luck from boats badly enough to make a noise about it, they would doubtless get their wants supplied.

"The lake belongs to the public," he said, "and if there is a considerable portion of the public desires to have the right of fishing from boats there is no reason why they should not have it. There is more fun to be had from a boat than from the shore, especially as the anglers under present conditions don't catch many fish."

"Some restrictions could, no doubt, be placed on the fishermen using boats to prevent them taking too many fish, and if the prohibition of this method of fishing tended to deplete the supply in the lake the matter would not be serious as it could easily be restocked."

KIMBERLEY MAN IS STUDYING CANADA

R. I. Phear Here to See How Farms are Conducted, Much Impressed by what He has Learned.

After a tour of the western provinces R. I. Phear, of Kimberley, South Africa, arrived in the city yesterday. To a representative of The Standard last evening Mr. Phear said that this was his first visit to Canada, and although he had but a passing glimpse of the Dominion, he is much impressed. His trip to this section of the globe was for the purpose of getting an insight into the method of agricultural pursuits here. He is interested in this pursuit at home, and wished to gather data as to how farming is carried on here. Although to the average Canadian, the name Kimberley appeals "diamond" with a capital "D", Mr. Phear said that in the districts outlying the diamond section, farming has long been the popular occupation. The people have confined themselves to stock raising, however, until within the past decade, when agriculture has sprung into favor and the people have realized the possibilities this line offers. The cultivation of farm produce has taken a strong hold and as the opportunities are becoming more apparent, the desire to farm on a more systematic and scientific way has grown in proportion. Mr. Phear will sail by the Tuntania today.

EXCITING CHASE FOR A PRISONER

Guard Beckett "Legged" it After Runaway from Chain Gang—Finally Caught Him in Coal Bin.

For the past few days the chain gang from the county jail have been at work on the General Public Hospital grounds and one of the prisoners in the gang was Wilbur Graham, who is serving a hard labor sentence. Yesterday morning about eleven o'clock the prisoners were wheeling rubbish and dumping it over the bank on the northern side of the building. Graham took a wheelbarrow load to the top of the bank and while Guard Beckett was not looking he dropped the barrow and ran down the bank to the City Road. The guard very quickly noticed the escape and ran down the bank after the prisoner and then there was a hard chase. Graham ran along the City Road with Guard Beckett gaining on him. The prisoner ran over the West street and as he turned into Paradise Row the guard was then only about 30 paces behind him. The guard pulled out his revolver after the escaping prisoner but this did not cause Graham to stop. He ran into a yard and up a pair of stairs and the family in the house were greatly startled when the prisoner ran through the house followed by the guard. Graham then ran down the front stairs to the second floor and through the rooms of another family, when he ran through the back door into a wood house and crawled through a hole into the coal bin.

Guard Beckett was close after him however, and managed to catch the prisoner by the hair and pull him out. He was taken into custody again and conveyed to the jail where he will now have to face the charge of escaping from the gang and will stand a chance of being sent to Dorchester penitentiary for the two year term.

Graham had his hands badly cut when he crawled into the coal bin, but was not seriously injured.

CHILDRENS HATS SHOWING AT MARR'S

A large and varied display of exquisite creations in children's trimmed hats forms today's ruling feature of the great anniversary bargain sale of smart summer millinery at Marr's. These new arrivals in juvenile headgear were received late yesterday afternoon and are placed on sale today at exceptionally attractive prices.

The straw sailor hats reduced from \$2.00 and \$2.50 to \$1.50 each are ready-to-wear hats at \$2.00, \$3.00, \$3.50, \$4.00 and \$5.00. The beautiful imported pattern hats, reduced from \$7.50 and \$10.00 to \$5.00 each, which are rare bargains, were very popular with yesterday's buyers.

LADIES' WAIST VALUES.

A sensation in ladies' waist values is promised for F. A. Dykeman & Co.'s patrons on Saturday and Monday. They have received by express 240 of the daintiest allover embroidered waists that have ever been manufactured for the money. These waists have an especially attractive design for the front, while the body and sleeves are made from different patterns of allover embroidery. The insertion is set in the collar and sleeves, and altogether these waists are the most attractive design shown this season. They will sell this lot at \$1.00 each. Sizes from 34 to 42.

CHANGE OF MANAGEMENT.

E. M. Sipprell for about thirty years local manager for The Mutual Life of Canada, has retired and Mr. Hugh Cannell, formerly manager for Nova Scotia for the Equitable Life has been appointed to fill the vacancy. The temporary offices of The Mutual Life of Canada after May 6th will be No. 92 Prince William street.

Cooking with Dollar Gas. Yesterday's free demonstration of the advantages of One Dollar Gas was well attended and proved both interesting and instructive. The subject of the next demonstration, which is to be given on Tuesday next, will be announced in the next issue of The Standard.
