RUSSIAN LABORER IS BADLY MANGLED UNDER MOVING CAR

Constuck Boich Fell Under Train on Valley Railway—Died in Hospital After Both Legs Were Amputated.

Constuck Boich, a Russian, died in the General Hospital shortly after midnight Saturday as the result of a shocking accident on the Valley Railway Saturday afternoon, when his two legs were so badly crushed that it was found expedient to amputate both members on arrival at the hospital. The deceased was employed as a laborer with Kennedy and McDonald, sub-contractors of the Valley Railroad. As far as could be learned he was working on a slowly moving gravel train when he fell under a car and both legs were horribly mangled. At once a mattress was placed on a Ford truck and a bed made on which the unfortunate victim was rushed with all speed to the city, arriving here about 8 o'clock Saturday evening. He suffered excruciating pains, and was administered an anaesthetic on arriving at the hospital.

Upon examination being made it was found both limbs below the knees were in a horrible condition, also the left leg fractured above the knee, the right below.

It was deemed necessary to amputate the injured members and an operation was performed at once. Doctors Kelly and Emery performed the operation, amputating both members above the knee.

The operation proved successful in itself, but on account of the great loss of blood, and shock the injured man succumbed to his injuries about 12:30 o'clock.

The deceased was a member of the Catholic church and in all probability will be buried in this city. Whether or not he left any relatives is not known.

AN INSPECTION AT RIVER GLADE

Dr. Charles Mackay and Captain Boyd in the City—Explain Matters Regarding Soldiers For Institution.

Dr. Charles Mackay, Fredericton, accompanied by Captain Boyd, also of the capital, were guests at the Royal last evening.

Dr. Mackay stated they had just returned from River Glade, where they paid an inspectional trip to the Sanatorium.

A report that this institution had already been taken over by the Invalided Soldiers Commission was not quite correct, but he said it would be taken over very shortly. Already patients were being admitted.

A misunderstanding sometimes existed, especially among civilians, that this branch was in affiliation with the Military Hospitals. Dr. Mackay wished it understood that soldiers admitted to the Sanatorium were men discharged from the army, but recommended for transfer to receive treatment under the Soldiers' Invalided Commission. Those admitted were granted pay, as if on service, and received instructions in different lines, so that on discharge from the institution he would be fitted for civil life, if unfit for the work he was engaged in before being wounded, he was fitted for another line. Dr. Mackay hoped that in the near future he would have an assistant in St. John, as the work was now growing quite voluminous and routine work alone took much of his time. Dr. Mackay and Captain Boyd leave today for the capital, returning to St. John on Thursday.

TWO BELGIANS WERE ARRESTED

Sub-inspectors McAnish and Garnett made a good haul yesterday afternoon when they boarded the incoming Montreal train, and arrested two Belgians, Joe A. Welling and Gus Bemtrook. When taken in custody the men had four suit cases, in one of these was found a gross of corks, in the other three were found nine gallons of liquor in tins. The men were en route to Miramichi.

INSPECTORS McANISH AND GARNETT TOOK MEN FROM MONTREAL TRAIN—HAD NINE GALLONS OF LIQUOR.

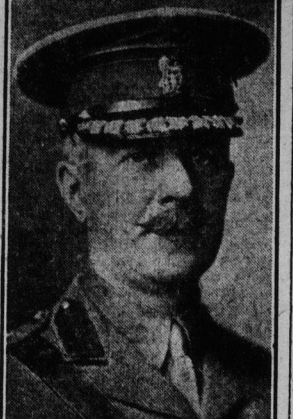

The city has been rather quiet for the past few days, but on Saturday afternoon one arrest was made. Messrs. McAnish and Garnett found a man on Douglas Avenue who was driving a car, as he was intoxicated and had a child in the wagon the officers arrested him, to prevent an accident occurring.

LIEUT.-COL. POWELL'S POPULAR PROMOTION TO SIBERIAN UNIT

Has Long and Successful Military Career—Spent Nearly Five Years in South Africa—His Request Granted.

The many friends of Lieut.-Col. A. H. Powell will be glad to learn that he has received a well-merited promotion and his request for a place on the Siberian unit has been granted. On Saturday Col. Powell received the official notification that he had been appointed base commandant of this unit and in a few days would be notified when and where to report for duty in his new position.

The military career of Lieut.-Col. Powell is a long and successful one. In 1901 he went to South Africa and spent nearly five years in that country. During his service in South Africa he was connected with the South African Constabulary. In 1901 and 1902 with the rank of captain he served on the staff of the Orange River Colony and the Cape Colony. Later he was made commandant for the Dethulla district. For his service in South Africa he wears the Queen's Medal with four clasps.

COL. POWELL.

Returning to Canada he joined the Royal Canadian Dragoons with the rank of captain. In 1910 he was made D. A. A. G. and Q. M. G. for military district No. 6, which at that time included New Brunswick, with headquarters at Halifax. In 1916, when New Brunswick was made a separate command Lieut.-Col. Powell was transferred to St. John and given a position as adjutant. In June of 1916 he went to Valcartier as brigade commander and in a short time was made A. A. G. of the camp. When the camp closed he was taken to Montreal and employed for a time in some important administrative work. In November, 1917, when New Brunswick was made a separate district, Col. Powell was appointed A. A. G. of the district.

Several times Col. Powell made application to Ottawa for a chance to get into the game on the other side, but because of his splendid administrative qualities, which were needed at home, his applications were not successful. The way clear to grant the request before.

When the child was taken into the home it was found to be about three weeks old. It is understood the police were notified of the finding and are working on the case.

O'CONNELL OUTING ENJOYED BY OVER SEVEN HUNDRED

At Expense of "The Orphans' Friend" Children Were Given Automobile Trip and Presents at Rockwood Park.

Between 700 and 750 children, the large majority of whom were orphans, enjoyed the hospitality of J. D. O'Connell, "the orphans' friend," on Saturday, and it was a happy lot of kiddies who left Rockwood Park late in the afternoon to return to their respective homes.

The little ones were given an automobile drive around the city before being taken to the park. On arriving at the grounds each child received a bag containing six different kinds of candy, from one to ten cents in copper, a Canadian flag and an American flag. Later in the day Mr. O'Connell presented each child with a twenty-five cent scrip.

Mr. O'Connell carried to the park with him a large barrel filled with pennies and these he distributed among the children. The children from each institution were formed in groups and then the groups were tossed into the air and scramble for when they fell in the crowd. This proved great fun for the youngsters and the cents soon disappeared. After the games each child was given a cone of ice cream and piece of cake.

Mr. O'Connell made a short address to the children and suggested that if they wished some portion of the money received might be sent to the orphan children of Europe. A collection was taken up and every child present contributed something. This amount will be handed to Mayor Hayes.

Children were present from St. Patrick's Industrial Home, Silver Falls, St. Vincent's Orphanage, Good Shepherd's Home, Protestant Orphan Asylum, Children's Aid Society, St. Vincent De Paul Society and a large number from the city who were not inmates of any institution.

Mr. O'Connell returns his thanks to the three generous and kindly loaned automobiles for the afternoon. In speaking to The Standard he said this action on their part was highly appreciated as the hiring of cars was a considerable expense. The gentlemen who loaned the cars were R. D. Paterson, H. P. Robinson and F. W. Starr.

Mr. O'Connell leaves today for Sussex. He has still four of these treats to give in the Maritime Provinces before returning to Cuba, Sussex, Havlock, Halifax and Charlottetown.
