## GLIMPSES INTO SOLDIER SETTLEMENT

Matequi Training Station.

The Soldier Settlement Board of Canada has purchased the farm of the Hygienic Co., at Matequi, B.C., and has established a station where prospective soldier settlers will gain further practical experience before taking up farms of their own.

The Board has purchased a herd of thirty cattle and other livestock and installed the necessary farm equipment. The farm comprises 510 acres in the Fraser Valley, about 60 miles from Vancouver. About 50 soldier settlers will have quarters there while training.

**"IN THE DAY'S NEWS"**  
Sir George Paish, who has come to America on a mission connected with the economic situation in Europe, is recognized as one of the best authorities on economic subjects in Great Britain. For many years he was one of the editors of the Statist, a leading financial paper of London. He has paid several visits to the United States and Canada, and has made a close study of financial conditions in both countries. The honor of knighthood came to him in 1912 in recognition of his work as an economist and statistician. During the war Sir George rendered important services to the British Government and to the United States and probably no one has done more than he is to bring the present situation in Europe vividly before the public. He is the originator of the idea of providing international credits to re-establish the industries and generally to rehabilitate themselves.

**OBITUARY**

**MRS. JOHN GABEL**

There passed away last evening at New Hamburg, Mrs. John Gabel of Nithburg. Her death occurred at the home of her daughter, Mrs. Levi Hofstetter.

Mrs. Gabel was 78 years before her marriage and was born at Wilmet, Ontario. Since her marriage to Mr. Gabel fifty years ago she had resided at Nithburg. The husband died six years ago.

Surviving her are eight children, Mrs. Daniel Christian of this city is a sister of the deceased.

She was a member of the Evangelical Church.

The funeral will be held on Thursday, January 1st, at 12.30 p.m. from the residence of Mrs. Hofstetter in New Hamburg to the Lisbon Cemetery.

**FARMERS PLAN CONFERENCE**

Following this Hon. W.L. Mackenzie King and Hon. Arthur Meighen will tour the West.

Winnipeg, Dec. 29—With the appearance next week of Grain Growers at the inter-provincial conference in Winnipeg, followed by Messrs. Meighen and King on their tour through the West, new political developments are anticipated. Jan. 6 is the date on which delegates from Ontario and the West will assemble here to plan their policy and campaign. A full representation from the prairies is assured, and from Ontario, Premier Drury and other members of his Cabinet are expected. Even Quebec is expected to send Grain Grower delegates to the inter-provincial conference.

This is the first formal national party gathering of the farmers, and probably the most important feature is to settle a vow in public the attitude on the economic crisis grouping proclaimed with so much energy by H.W. Wood, president of the United Farmers of Alberta, and denied with equal force by A.A. Coady, president of the grain growers, in his public speeches.

Meighen and King are expected to go through to the coast, making probably five speeches in each province, not together of course, Meighen following the Liberal leader. Considering the interest aroused in Federal politics these two representatives of the big towers are expected to have large crowds at their meetings.

**Better Than Nothing**  
The moonlight shone on the lonely house on the hill, where all was peacefully hushed in sleep.  
A dark form set in the shadow of the hedge. Suddenly he moved as a soft whistle heralded someone's approach.  
"That you mate?" she whispered, hoarsely, as a stealthy figure approached in the darkness.  
"Yes," came the answer.  
"What yer doin' with that dog?" he muttered as his burglar pal approached.  
"Here's nothing worth taking in the 'ouse, and its bad luck to come away empty-handed, so I brought along the watchdog and these burglar-alarm!"

Dear Mr. Fox—  
Here we are, all gathered together again at this Happy Season, happy because it is Christmas time, but with additional happiness for us, because this gathering affords the opportunity of showing in a very small way our appreciation of your many considerations for us, shown during the past year and your many trying experiences all borne with a smile.

Please accept this little gift, from which we trust that we may induce that when another year has gone

**"SWAT THE COLD"**

**A HEALTH SLOGAN**

Health Authorities Are Back of Campaign which Covers Entire Continent.

The familiar "Swat the Fly" slogan is now being revised by health authorities and the public is being advised to "Swat the Cold" in winter as heartily as they "swatted" the fly in summer.

Behind the movement is the desire to check the possible spread of "flu" by the prompt treatment of every case of cold. The symptoms of the "flu" in its early stages are the same as those of a bad cold and last year the "flu" reached an advanced stage in many cases before the patient realized that the trouble was more serious than a cold.

"If every person would get busy as soon as a cold develops and use home remedies to break it up, we wouldn't hear so much about 'flu,' says one Eastern official. "It would do wonders and that quickly."

Colds in the head or the "flu" in its early stages are promptly and effectively treated at home by the use of Grip Fix. This is not a patent medicine but a combination of drugs such as would be used by any physician. It comes in capsule form and relieves a cold in the night and acts promptly in case of Grippe.

At this time of the year every home should have a box of Grip Fix. It is on sale at all drug stores, where it sells for 35 cents per box.
