WILL YOU EXCHANGE

a case of Dyspepsia or Biliousness for 75 cents? It is a fully unwise to agonize and suffer arising from Dyspepsia, Indigestion, Disordered Stomach and Liver, when this offer is made to you in your own home in all sincerity.

with an absolute certainty of curing you.  
**ZOPESA** (from Brazil) cures Dyspepsia and Biliousness. A single dose relieves; a sample bottle convinces; a 75 cent bottle cures.

It acts directly upon the Stomach, Liver, and Kidneys. Cleansing, Correcting, Regulating, Zopesa gives energy and vim to the Brain, Nerve, and Muscles, simply by working wonders upon the Digestion, and giving activity to the Liver.

Cut this out, take it to any dealer in medicines, and get at least one 75 cent bottle of Zopesa, and tell your neighbor how it acts. It is warranted to cure Dyspepsia and Biliousness.

Its wonderful affinity to the digestive apparatus of the stomach, its most surprising effect upon a torpid liver, and in cleansing and toning the system, can be tested with a 20 cent sample bottle.

**WELLS, RICHARDSON & CO'S IMPROVED BUTTER COLOR A NEW DISCOVERY.**

For several years we have furnished the Dairy men of America with a certain amount of color for butter so meritorious that it has met with great success everywhere. It is the highest and only prize at both the International Dairy Fairs.

But by patient and scientific chemical research we have improved in several ways, and now offer this new color as the best in the world. It will not color the Buttermilk. It will not Turn Rancid. It is the Strongest, Brightest and Cheapest Color Made.

And, while prepared in oil, is so compounded that it is impossible for it to become rancid. BEWARE of all imitations, and of all other oil colors, for they are liable to become rancid and spoil the butter.

If you cannot get the "Improved" write us to know where and how to get it without extra expense.

Scientific and Useful.

**MILK**, if put into an earthen can, or even a tin one, will keep sweet for a long time, if well wrapped in a wet cloth.

**LEMON PUDDINGS**.—One pint of sweet cream; six eggs, beaten very light. Mix with the cream one large cup of sugar, grated rind of two large lemons; juice of one lemon. Line a dish with paste; pour the mixture in, and bake.

**REMEDIES FOR BURNS**.—Peppermint and sweet oil are standard remedies for burns. In doing up a burn the main point is to keep the air from it. Flour sprinkled over a dry cloth and bound on will keep out the air until other remedies can be procured if not at hand.

**HOW TO MAKE MEAT TENDER**.—Cut the steaks the day before into two slices about two inches thick; rub them over with a small quantity of carbonate of soda; wash off next morning clean; cut into suitable thickness and cook as you choose. The same process will answer fowl, legs of mutton, etc.

**MOLASSES GINGERBREAD**.—Take a piece of butter the size of an egg, melt it and add to it a pint of nice molasses; stir in a quart of flour and add a teaspoonful of ginger. Dissolve an even tablespoonful of soda in a cupful of milk, strain, and add this to your mixture, then flour enough to roll out. Roll half an inch thick and bake in sheets. It is improved by standing an hour before baking.

**A SWEET OMELET**.—Beat up six eggs very light; add a spoonful of flour, a little fine sugar and nutmeg. Put this into an omelet pan; stir until it sets; then loosen the edge with a knife; have ready any kind of preserve; spread it over the omelet with a spoon as quickly as possible, roll it over, slip the omelet from the pan on to a long dish, and sift a little white sugar over it while hot.

**TO MAKE COCOANUT AND RICE PUDDING**.—Boil one teacupful of rice in milk until soft and dry. Whilst it is still hot stir into it a quarter of a pound of butter. Then add the well-beaten yolks of six eggs, a pound of sugar, a grated cocoonut, and rosewater or lemon peel to taste. Stir in the stiffly-beaten whites of four eggs, and bake. When cool spread over the top the whites of two eggs, beaten to a stiff froth with some sugar and the juice of a lemon. Colour it a little in the oven, or with a salamander.

**HOW TO REMOVE GREASE SPOTS**.—Grease spots can be removed from silk by sprinkling French chalk on the spot and laying the garment away on a shelf in a dark closet. If the stain is obstinate this may have to be repeated. In ordinary cases this will be sufficient, but where the grease is not fresh and has spread it may be taken out by placing blotting paper over it and applying a hot iron to it. Do not let the iron stand on it long, and it must not be very hot, as there is danger of the colour of the silk being changed.

**INDIAN CORN GEMS**.—Two cups of cornmeal; one pint of sweet milk; two eggs; two teaspoonfuls of baking powder; one tablespoonful of sugar; one tablespoonful of butter. Beat up the eggs thoroughly, then add the milk, sugar, and butter, stirring all together. Now mix the baking powder with the meal, and sift these into the mixture last. Bake in hot gem pans (the cast-iron forms are best) in a well heated oven for thirty minutes. Try them with a broom whisk to see when they are done.

Asthma, Bronchitis, Catarrh, and consumption in its first stages are treated at the International Throat and Lung Institute, 173 Church street, Toronto, where the Spirometer is used, an instrument invented by Dr. M. Consultations and trial of the Spirometer free. Poor people bearing certificates furnished with the instrument free. When not convenient to visit the office, write, enclosing stamp, for pamphlet giving full particulars to International Throat and Lung Institute, 173 Church street, Toronto, or 13 Philips square, Montreal.
