The Canadian Journal of Fabrics

Is the only effective medium for reaching the Textile Trades of Canada.

WHY ?

- Because** it is the only journal in Canada exclusively devoted to the interests of manufacturers in the Textile and kindred trades.
- Because** it is the only paper reaching to any extent both the owners of the mills and the leading operatives, such as the superintendents, boss weavers, spinners, dyers, etc.
- Because** it reaches more than once in the year every textile mill in Canada, whether subscribers or not. If you are not convinced by these reasons, others can be given on addressing the publishers.
