Big Ben

Big Ben the biggest thing in the clock business

Big Ben is the biggest thing today in the alarm clock business.

He is only two years old, but he's already getting more trade from the Dominion than any clock alive.

In two years time, 6,000 Canadian dealers have adopted him.

Nearly half of the families in Canada leave it to him to call them up in the morning; nearly half the families in Canada use him all day long

to tell the right time by.—He is really two good clocks in one—a crackerjack of a timekeeper and a crackerjack of an alarm.

Big Ben has everything in his favor—quality, looks and price.—He runs on time, he rings on time, he stays on time. He stands 7 inches tall. He is triple nickel-plated and wears an inner vest of steel that insures him for life. His big, bold figures and hands are easy to read in the dim morning light. His large comfortable winding keys almost wind themselves.

He rings five straight minutes or every other half minute during ten minutes unless you shut him off. If he is oiled every other year, there is no telling how long he will last.

Big Ben's price is \$3.00 anywhere in Canada. If you cannot find him at your dealer's, a money order sent to Westclox, La Salle, Illinois, will bring him to you, carefully packed and duty charges paid.

What You Ought to Know

Government Land and can sell to you at

Government Prices plus location charges in from one Section up.

You Can Subdivide This in 40-80-160 and 320-acre farms and sell for from \$12 to \$25 per acre as others are doing to-day.

This land is located in close proximity to the Pacific & Hudson Bay Railway, in a beautiful valley, at an elevation of less than 2,500 feet, semi-coast climate, needing no irrigation, with plenty of rainfall for the maturing of crops, and an ideal spot for Dairying, Ranching, or Mixed Farming.

If you are looking for land in Large or Small lots, and want it at First Price, THE GOVERNMENT PRICE, where prices can go but ONE WAY, and that is UP, send for particulars to
