

CONTENTS.

| | Page |
|---|------|
| Detection of the elements in organic compounds..... | 1 |
| Typical substances in the aliphatic series of organic compounds (straight chain series) | 3 |
| Carbohydrates | 12 |
| Lipins | 18 |
| Typical substances in the benzene series of organic compounds (cyclic or aromatic series) | 22 |
| Colloids | 26 |
| Proteins | 28 |
| The action of enzymes | 36 |
| The chemistry of food-stuffs | 38 |
| The chemistry of digestion | 46 |
| The chemistry of blood | 59 |
| The chemistry of the tissues | 63 |
| The chemistry of normal urine | 70 |
| Special reagents | 78 |
| Index | 80 |
