### DIED ON THE TRAIN.

An Englishman's Journey Towards Home Ends Pathetically.

Montreal, Nov. 27.—A man who from papers found in the clothing was W. L. Clark, recently of Brandon and a native of Streatham, Eng., whence presumably he was returning, was found dead in a C. P. R. coach shortly after the train left Ottawa for Montreal yesterday morning. The body was brought on to Montreal. An entry in a note book gives the year of birth as 1870. It is evident that Clark had expected a sudden death, for in the same note book were a copy of his will, the address of his wife, 10 Pendle road, Streatham, Eng., a full description of the baggage he had with him as well as instructions as to what disposal should be made of it, and instructions as to life insurance policies held by a man to whom he owed money. In another pocket was \$20, several letters from his wife, and a steamship ticket to Liverpool via St. John. While the cause of death is definitely known, the appearance of the body would indicate that it was due to consumption, and was hastened by collapse after the journey from Brandon. Clark was in good circumstances, and although his body upon arrival in this city was removed to the morgue, his relatives in England will be notified of his death and instructions will be awaited.

### SAFE-BLOWERS AT MIMICO.

Attempted to Rob the Industrial School.

Between 2 and 3 o'clock yesterday morning burglars entered the Mimico Industrial School and made a daring but unsuccessful attempt to blow open and rob the safe. The thieves inserted a fuse between the outer and inner door, but the report which followed aroused the officials, who were sleeping in rooms close by. The men fled without finishing their job. Had they succeeded in opening the door they would have been rewarded to the extent of \$25.

The case was reported to High Constable Ramsden, who detailed Constable Burns on the case. The work does not look like that of amateurs. Telephone communication with the "ty" was cut off. The watchman calls at the office two or three times an hour, and had just left before the explosion occurred.

### THREAT AGAINST BRITAIN.

The Russian View of the Expedition to Tibet.

St. Petersburg, Nov. 27.—The news papers here regard the British expedition to Tibet as an attempt to stir up a movement in China under cover of which the powers will increase their spheres of influence, and they appeal to China not to permit the empire to be deprived of Russian intervention, which saved it on other occasions. The Novoye Vremya, in a recent article, declared that if the British succeeded in carrying out their plans Tibet will be in their hands, as they will always be in a position to threaten Lhasa, and if they gain control of the Holy Land of Tibet, 300,000,000 of Buddhists will regard Great Britain as being the most powerful country in the world. The Novoye Vremya adds: "While it is impossible for the weak Tibetans to prevent the British crossing the Himalayas, it is quite possible for others to compel the British to stop by creating a slight diversion in some direction disagreeable to the British politicians."

### KILLED AT A CROSSING.

T. J. Bateman, a Rawdon Farmer—Horse Torn to Pieces.

Bellefleur, Nov. 27.—While T. J. Bateman, a Rawdon farmer, was driving over Bush's crossing on the Midland Railway, near Stirling Village, last night, his rig was struck by a train. Mr. Bateman was instantly killed and the horse and buggy were literally torn to pieces. Deceased leaves a widow and four children.

### THEY ACTUALLY DO THE WORK

Food Eaten Is Worthless Unless Digested—Some Stomachs Must Have Help.

Food taken into the stomach which from the nature of the food or the condition of the stomach, is not digested, is worse than no food at all. This is a true statement as far as it goes and a great many dyspeptics go only this far with their reasoning. They argue with themselves that because their stomachs do not do the work given them, they must be given less work; in other words they must be starved. It would be just as reasonable for a business man who is unable to do all his own work to cut down his business to his own capacity as it is for a man to starve himself to relieve his stomach. The sensible business man employs help and goes forward with his business. Likewise the sensible dyspeptic will employ help for his stomach and give his body proper nourishment. Stuart's Dyspepsia Tablets actually do the work assigned to them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts are identical with those of the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

On this account Stuart's Dyspepsia Tablets are perfectly natural in their action and effects. They do not cause any unnatural or violent disturbance in the stomach or bowels. They themselves digest the food and supply the system with all the nourishment contained in what is eaten and carry out Nature's plans for the sustenance and maintenance of the body.

How much more sensible is this method than that employed by many sufferers from weak stomachs. By this means body and brain get all the good, nutritious food they need and the man is properly nourished and equipped to carry out his duties and perform his work. A strong man doing strong work must be properly fed and this applies to the brain as well as the body.

Stuart's Dyspepsia Tablets, by relieving the stomach of its work, enable it to recuperate and regain its normal health and strength. Nature repairs the worn and wasted tissues just as she heals and knits the bone of a broken limb, which is of course not used during the process of repair.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box and they are the one article that the druggist does not try to sell something in place of, but that "just as good." Their unqualified merit and success and the universal demand for them has placed them within the reach of every one.

### WHIRLED ROUND SHAFT.

Instant Death of John Tutt in a Goderich Mill.

Goderich, Nov. 27.—John Tutt, a well-known resident, met instant death this morning by coming in contact with a coupling on a piece of shafting at the mill of the Lake Huron & Manitoba Milling Company. Mr. Tutt and about a dozen others were at work at the time on a large pile of grain, shovelling the grain back. Part of his clothing was torn off and the unfortunate man thrown over the shafting. He leaves a widow and two stepchildren.

### Arrested at Norwood.

Norwood, Nov. 26.—Herbert Peters of Havelock was arrested here this morning for stealing a coat, cap and pair of rubbers from William Johnson and a coat from a young man named Fallon at an assembly held by the Coughnawaga football team in the Town Hall here last night. The two coats were recovered, but the Persian lamb cap, collar and rubbers are missing. Peters was taken to Peterboro' jail this morning.

### KILLED BY INDIANS.

Disappearance of Two Japanese Fishermen Explained by a Confession.

Vancouver, Nov. 27.—The mysterious disappearance of two Japanese at Rivers Inlet was cleared up this morning when Rev. Dr. Whittington returned from northern British Columbia. He stated that Indians have confessed to having clubbed the two men to death. The Indians had a grudge against the Asiatics, and being intoxicated they decided to pay off the score. They found the Japanese in their boat, a mile from shore, and despatched them by clubbing them over the heads with paddles. Then the boat with the bodies drifted out to sea. Seized with remorse the Indians have confessed. The Provincial police will arrest them.

### Called Rev. D. A. Moir.

Oakville, Nov. 26.—(Special.)—Rev. David A. Moir, B.D., President of the Hamilton Conference, has received and accepted a unanimous invitation from the Weiland Avenue Methodist Church, St. Catharines, to become their pastor at the close of the present conference year, subject to the action of the Stationing Committee.

### Thomas Fitzpatrick Injured.

London, Nov. 26.—(Special.)—Thomas Fitzpatrick, a well-known ex-baggage man on the G. T. R., fell down stairs at his home, and sustained injuries which are regarded as very serious, owing to his advanced age. He is a patient at St. Joseph's Hospital.
